

Withdrawal, Dismissal, Termination, Cancellation

Should I choose to withdraw from my program, I will provide written confirmation to my Education Abroad Advisor (email or handwritten) of my intent. I understand that should I choose to withdraw from my program, an email to my Education Abroad Advisor is sufficient written consent for them to begin the withdrawal process. I have read the [Payment and Refund Policy](#), and I understand that dismissal, termination or withdrawal from my program abroad and corresponding courses of action will be at my expense and may include loss of program fees, costs, and/or university credit. I understand that Kansas State University or the host institution or third-party program provider has the right to dismiss me from the program at any time for behavior, which, in the judgment of the applicable entity, disrupts the program or brings the program into disrepute. My electronic signature demonstrates my understanding of the withdrawal policy as well as the payment and refund policy.
