

# Arthropod Genomics: New Approaches and Outcomes

FOURTH ANNUAL  
**Arthropod Genomics**  
SYMPOSIUM

**June 10 – 13, 2010**  
**Kansas City**

## **PRE-REGISTERED ATTENDEES (5/15/10)**

Note: It may take a few days for your name to be listed below after you have registered.

Jenica Abrudan, University of Notre Dame  
Zach Adelman, Virginia Tech  
Seung-Joon Ahn, Max Planck Institute for Chemical Ecology, Germany  
Michael Akam, University of Cambridge, UK  
Clint Allen, USDA-ARS, Stoneville, MS  
Margaret Allen, USDA-ARS  
Francisca Almeida, Universitat de Barcelona  
Boran Altincicek, Emory University  
David Arcoleo, Univ of Illinois at Urbana-Champaign  
Abu Faiz Md. Aslam, Natural Science and Technol, Kanazawa University  
Brian Avery, Westminster College  
Ismael Badillo-Vargas, Kansas State University  
Xiaodong Bai, The Ohio State University – OARDC  
David Bailey, University of Greenwich  
Simon Baxter, University of Cambridge  
Dick Beeman, USDA ARS Grain Marketing & Prod. Res. Ctr.  
Nora Besansky, University of Notre Dame  
Renata Bolognesi, Monsanto Company  
Jeffrey Boore, Genome Project Solutions, Inc  
Jorunn Bos, John Innes Center  
Kimberly Box, University of Kansas  
Jenn Brisson, University of Nebraska  
Judith Brown, The University of Arizona  
Sue Brown, Kansas State University Division of Biology  
Thomas Brown, Genectar Com LLC  
Gaelen Burke, The University of Arizona  
Doina Caragea, Kansas State University  
Jodie Carlberg, Indiana University  
Elizabeth Cash, Arizona State University  
Dean Castillo, University of Kansas  
Chun-che Chang, National Taiwan University  
Sujata Chaudhari, Kansas State University  
Sanjay Chellapilla, Kansas State University Bioinformatics Center

Alan Christensen, National Science Foundation  
Chen-Yo Chung, National Taiwan University  
Sandra Clifton, Washington University  
Brad Coates, USDA-ARS  
Stefano Colella, INRA, France  
Adriana Costero, NIH NIAID National Inst of Allergy and Infectious Diseases  
Iliano Coutinho-Abreu, Kansas State University Dept. of Entomology  
Jeff Demuth, The University of Texas at Arlington  
Rob Denell, Kansas State University  
Neal Dittmer, KSU Dept. of Biochemistry  
Rebecca Duncan, University of Miami  
Augustine Dunn, University of California, Irvine  
Owain Edwards, CSIRO  
Scott Emrich, University of Notre Dame  
Howard Fescemyer, Penn State  
Linda Field, Rothamsted Research, UK  
Philippe Fournier, INRA, France  
Susan Fuerstenberg, Genome Project Solutions  
Juergen Gadau, Arizona State University  
Aurore Gallot, INRA, Le Rheu, France  
William Gelbart, Harvard University  
Chaoxian Geng, Dow AgroSciences  
Nicole Gerardo, Emory University  
Don Gilbert, Indiana University  
Sarjeet Gill, University of California, Riverside  
Marian Goldsmith, University of Rhode Island  
Ludvik Gomulski, University of Pavia  
Dirk de Graaf, Ghent University  
Kirk Grubbs, University of Wisconsin-Madison  
Ramesh Gunaratna, Oklahoma State University  
Allison Hansen, Yale University  
Marion Harris, North Dakota State University  
Saskia Hogenhout, The John Innes Centre  
Carson Holt, University of Utah  
Yingxia Hu, Oklahoma State University  
Yongping Huang, Shanghai, China  
Matthew Hudson, University of Illinois, Urbana-Champaign  
Brendan Hunt, Georgia Institute of Technology  
Greg Hunt, Purdue University  
Henry Hunter, San Francisco State University  
Anthony James, University of California  
Sinu Jasrapuria, Kansas State University  
Deborah Jaworski, Oklahoma State University  
Haobo Jiang, Oklahoma State University  
Michael Johanson, Texas A&M University  
Karl Joplin, East Tennessee State University  
Michael Kanost, Kansas State University Dept. of Biochemistry  
Radhika Khetani, University of Illinois  
Kathleen Kilcullen, Virginia Tech  
Yonggyun Kim, Andong National University  
Lisa Knolhoff, Max Planck Institute-COE  
Juraj Koci, Kansas State University  
Maragathavally Kommineni, TAMU IBT  
David Kristensen, Stowers Institute for Medical Research

Jeremy Kroemer, USDA-ARS  
Meera Kumari, Kansas State University  
Hyung-Wook Kwon, Vanderbilt University  
Fabrice Legeai, INRIA/Irisa Campus de Beaulieu  
Huarong Li, Dow AgroSciences LLC.  
Xiangrui Li, Kentucky  
Sijun Liu, Iowa State University  
Marcé Lorenzen, NC-State University  
Hsiao-Ling Lu, National Taiwan University  
Anna Malacrida, University of Pavia  
Murugan Marimuthu, Kansas State University  
Marco Mariotti, Centre for Genomic Regulation  
Sarah Marsh, UW-Madison  
Andrew McShan, University of Kansas  
Doris Merrill, Kansas State University Arthropod Genomics Center  
Andy Michel, OARDC, The Ohio State University  
Kristin Michel, Kansas State University Division of Biology  
Omprakash Mittapalli, The Ohio State University  
Terence Murphy, National Institutes of Health  
Subbaratnam Muthukrishnan, Kansas State University  
Yumiko Nakajima, University of Ryukyus, Japan  
Scott Nicholson, USDA-ARS  
Tyasning Nusawardani, Iowa State University  
Jonghee Oh, KSU Dept. of Plant Pathology  
Marcelo Ortigao, Kansas State University Dept of Entomology  
Yoonseong Park, Kansas State University  
Omaththage Perera, USDA-ARS  
Leslie Pick, University of Maryland  
Barry Pittendrigh, University of Illinois at Urbana-Champaign  
Daniel Price, Miami University  
Mary Purcell-Miramontes, USDA, NIFA  
Gary Puterka, ARS  
John Reese, Kansas State University  
Allison Regier, University of Notre Dame  
Stephen Richards, Baylor College of Medicine  
Dorith Rotenberg, Kansas State University  
Susan Russo, Harvard University  
Manoj Samanta, Systemix Institute  
Panagiotis Sapountzis, INRA  
Michael Scharf, University of Florida  
Bruce Schatz, University of Illinois  
Patrick Schloss, University of Michigan  
Christian Schlötterer, Institut für Populationsgenetik  
Derek Schneweis, Kansas State University  
Susan Seal, Chatham Maritime  
Mark Seeger, Ohio State University  
Igor Sharakhov, Virginia Tech  
Kent Shelby, Agricultural Research Service  
Shuji Shigenobu, Okazaki Institute for Integrative Bioscience, Japan  
Ladislav Simo, Kansas State University  
Zach Stewart, Iowa  
Jeff Stuart, Purdue University  
Garret Suen, University of Wisconsin  
Allen Szalanski, University of Arkansas

Denis Tagu, INRA Rennes  
Matt Tarver, USDA / Southern Regional Rsrch Ctr  
Scott Thomson, University of Wisconsin-Parkside  
Jake Tu, Virginia Tech  
Aarti Venkat, University of Illinois  
Alfried Vogler, Imperial College, London  
James Walters, University of Cambridge  
Baiqing Wang, Stanford University  
Guirong Wang, Vanderbilt University  
Robert Waterhouse, University of Geneva  
Ward Watt, Stanford University  
Ju Lin Weng Huang, Kansas State University  
Jack Werren, University of Rochester  
Frank White, Kansas State University  
Anna Whitfield, Kansas State University  
Martin Williamson, Rothamsted Research, UK  
Judy Willis, University of Georgia  
Alex Wilson, University of Miami  
Robert Wirtz, Centers for Disease Control  
Jiannong Xu, New Mexico State University  
Fan Yang, Oklahoma State University  
Xiao-Qiang Yu, University of Missouri-Kansas City  
Evgeny Zdobnov, Univ of Geneva Medical School  
Shuguang Zhang, Oklahoma State University  
Xin Zhang, Kansas State University  
Xiufeng Zhang, Oklahoma State University  
Picheng Zhao, Oklahoma State University  
Xuguo Zhou, University of Kentucky  
Kun Yan Zhu, Kansas State University Dept of Entomology

***Symposium funded by the Center for Genomic Studies on Arthropods Affecting Human, Animal and Plant Health  
Kansas State University, [www.k-state.edu/agc](http://www.k-state.edu/agc)***
