

Bilingual Education Student Organization

# B . E . S . O .

We are a nationally recognized organization in many universities throughout the United States. We were founded in the early 1980's by bilingual education students who wanted to form a club/organization that has both community service oriented as well as supportive of the professional growth of it's members.

## Bilingual Education Student Organization

We personally invite you to be part of our organization. We are all future educators and are working together to advocate Bilingual/Bicultural Education.

### Bienvenidos Welcome

Stop by sometime and check out our meetings every Thursday from 6 to 7 p.m. in Bluemont Hall 225. We hope you will join us and become apart of our family. If you cant stop by check us out at our website and learn about events coming up, scholarship opportunities, and much much more!!! Contact us for any further information or questions you may have.

Webpage Committee works hard to keep our website up to date. Check us out at

### Activities & Community Service Committee

comes up with fun activities for us to do as a group, and volunteer opportunities to gain our required volunteer hours for the College of Education at Kansas State University.

**Fundraising Committee** works hard to come up with ways to raise money for our organization through collaborative work and critical thinking. A big part of our organization is raising money for NABE (National Association for Bilingual Education) every year to help our members become better educated and grow professionally.

**Posters Committee** collaborates with all the committees as an advertising team when it comes to finding ways to get recognition around campus, the community, and national level.

**Membership Committee** works hard to recruit new members into our organization and keep in contact with potential and interested individuals as yourself to make you feel apart of our family.

**Historian Committee** does the lights, camera, and action within our organization. We use creativity when it comes to documenting the memories of our events throughout the school year.
