In Fall 2010, the Federal government mandated changes in the way Race/Ethnicity was collected and reported. The new two-question format required that individuals first be asked whether they were Hispanic or not, followed by the option to choose one or more racial identities. This change also affected reporting results, since persons selecting the ethnicity "Hispanic" are reported as such, regardless of the racial identities selected. Caution is recommended when considering any race/ethnicity trends that include data both prior to and after this change.

* This category included Hawaiian/Pacific Islander for enrollment unit Fall 2008 and for degrees conferred until FY2011

**Example: Fiscal Year 2003 includes Summer and Fall 2002, and Spring 2003.

In Fall 2010, the Federal government mandated changes in the way Race/Ethnicity was collected and reported. The new two-question format required that individuals first be asked whether they were Hispanic or not, followed by the option to choose one or more racial identities. This change also affected reporting results, since persons selecting the ethnicity "Hispanic" are reported as such, regardless of the racial identities selected. Caution is recommended when considering any race/ethnicity trends that include data both prior to and after this change.

* This category included Hawaiian/Pacific Islander for enrollment until Fall 2008 and for degrees conferred until FY2011

**Example: Fiscal Year 2003 includes Summer and Fall 2002, and Spring 2003.
