<sup>a</sup> In Fall 2010, the Federal government mandated changes in the way Race/Ethnicity was collected and reported. The new two-question format required that individuals first be asked whether they were Hispanic or not, followed by the option to choose one or more racial identities. This change also affected reporting results, since persons selecting the ethnicity "Hispanic" are reported as such, regardless of the racial identities selected. Caution is recommended when considering any race/ethnicity trends that include data both prior to and after this change.

<sup>b</sup> these 2002, 2007 and 2008 University totals include 515, 1115 and 888 non-degree graduate students, respectively, in continuing education that are not included in the individual college totals
