Discussion/Questions:
King asked whether or not Geography 201 had been submitted as a UGE course. Geography 201 is honors section of Geography 200 (already approved UGE). The proposal seeks to allow honors students to receive UGE credit for course. Carroll will check with Becker between now and Thursday Faculty Senate Executive for clarification.

Motion carried.

RATIONALE: A kinesiology minor would allow students who are not kinesiology majors to gain a general understanding of the necessity of movement activities for physical and psychological health.

IMPACT: None

EFFECTIVE DATE: Fall 2009

Department of Mathematics

• Changes to the BS/BA:
  Remove CIS 105 Introduction to Computer Programming from the curriculum.
  Rationale: CIS 105 was not taught in Fall 2007 or Spring 2008
  EFFECTIVE DATE: Fall 2009

Discussion/Questions:
Is the university was moving away from minors in general? What is the interest level in an African Studies minor and certificate? There is only a slight credit hour difference between the minor and the certificate (3 cr. hours). Are the minor and certificate redundant? Perhaps the minor and the certificate serve two different populations who are interested in the program?

Typo on the spelling of p. 33 of “Kinesiology” in heading in Arts & Sciences supporting documentation

There is a correction on Attachment 1, p. 3 under Impact (change to College of Veterinary Medicine instead of College of Veterinarian Medicine).

Motion carried.

3. A motion was made by Chengappa and seconded by King to approve the following course and curriculum changes as approved by the College of Engineering on April 9, 2009 (see approval sheets for further detail):

COURSE ADDITIONS:
Department of Computing and Information Sciences
Add:
CURRICULUM CHANGES
Department of Architectural Engineering and Construction Science
Drop:
Art 100 2D Design OR
Art 200 3D Design

Add:
Art 190 Drawing 1 OR
Art 100 2D Design OR
Art 200 3D Design

Free Elective

Total

No change in hours required for graduation

Rationale: Through the assessment process, it was determined that the topical area of statistics should be added to the program since it is covered in the Fundamentals of Engineering examination. Drawing I is another option that will provide more opportunities to complete the necessary requirement that fits the needs of the program in addition to Design 2D or Design 3D.

Impact: The Art Department and the Statistics Department have been contacted, are aware of the proposals, and have approved the impacts upon their courses.

Discussion/Questions: None

Motion carried

B. Graduate Education – A motion was made by Turvey-Welch and seconded by Chengappa to approve the following course and curriculum changes as approved by the Graduate Council on April 7, 2009 (see GC agenda for further details, page number in parentheses) (the veterinary medicine courses listed on the GC agenda were already approved by FS Academic Affairs at a March meeting):

COURSE ADDITIONS:
ACCTG 890 Seminars in Professional Accounting (43)
AGED 786 Topics in Agricultural Education (43)
ECE 715 Electroacoustics (44)
ECE 722 Audio Engineering (45)
ECE 724 Analog Electronics (45)
ECE 760 Wireless Communications (45)
HORT 710 Plant Cell, Tissue and Organ Culture (45)
HORT 910 Advances in Plant Cell Culture (45)
MANGT 897 Topics in Management: Managing Animal Health Organizations (46)

CURRICULUM CHANGES:
Changes:
• Changes to the Agricultural Economics PhD program, College of Agriculture (47-51)
• Changes to the Master of Accountancy, College of Business Administration (52-53)

Additions:
• College of Agriculture, Horticultural Therapy Graduate Certificate (65-77) (Attachment 3)
• College of Business Administration, Management of Animal Health Related Organizations Graduate Certificate Program (58-64) (Attachment 4)
• College of Engineering, Biobased Products and Bioenergy Graduate Certificate (78-107) (Attachment 5)

Discussion/Questions:
The Horticultural Therapy certificate would be unique (only graduate program of its kind). Shoemaker noted there is an international demand for the program. One course would have two 5 day on-site experiences, not
necessarily held in Manhattan. Are there enough existing resources for the certificate? Three faculty will have teaching responsibilities in the area, but there is hope additional revenue would allow for more instructor lines in the future. Will enrollment be capped? No, but they may need extra sections for on-site experience due to logistics. This will be the first time these courses will be offered distance. The Horticultural Therapy certificate will be a mostly an online program.

What sorts of persons or groups are looking for certificate for Animal Health Related Organizations? Andrus stated surveys have been conducted. A number of companies are interested in enrolling employees.

Motion carried.

Motion carried.

5. New business
A. Clarifying semester honors (from CAPP), University Handbook, Section F110-Scholastic Honors.

Existing language: “Students with 12 graded hours whose semester grade point average places them in the upper 10 percent academically of their classification and college will be awarded semester scholastic honors.”

Proposed language: “Students with at least 12 graded hours whose semester grade point average for a given semester is 3.75 or above will be awarded semester scholastic honors.”
Rationale: To make the semester and cumulative honors guidelines in accord with one another and to recognize appropriately student achievement.

Effective Fall 2009

The proposed change originates from the catalog, but is a University Handbook policy as found in section F110. Nielsen stated iSIS denotes “semester” by new word, “term” instead. Should we consider replacing “semester” with “term” in the proposal?

Motion to approve language change as proposed by CAPP carried.

6. Committee Reports
   A. Committee on Academic Policy and Procedures (CAPP) – Doris Carroll
      No report

   B. iSIS Steering Committee – Dave Rintoul

      iSIS version 9.0 upgrade is being studied this summer. If all goes well in fall 2010, we will upgrade over Thanksgiving. The upgrade will allow us to use new bundled upgrades. All special programming will need to reviewed before the upgrade

      Can iSIS terms be made more user friendly? No, not easily or simply. Can a mouse over feature or pop-up glossary be added? Rintoul will ask. Can things be made less mouse/click intensive?

   C. Student Senate

      A new speaker pro tem (formerly student senate chair) has been elected. Amy Schultz (speaker) and Annie Oliver (speaker pro tem) have appointed cabinet members and various committee heads. The first cabinet meeting of the new term will be tonight.

   D. University Library Committee

      No report

7. For the good of the University

   There were more questions regarding the K-State 8 proposal. Will course tagging be done by instructors? Department heads would assign this task and will be in contact with instructors. After all tagging is done, we will need to review what gets tagged to see if there are enough K-State 8 courses available to take. We may need to add courses. How long will the course tagging process take? Assessment can occur parallel to the tagging process. We will need some approval or disapproval mechanism in order to gain some oversight. When will we know how others across university are tagging their courses? How are transfer students to be handled in the K-State 8 proposal? Assuming K-State 8 passes, Academic Affairs next fall will need some linkage to the groups coordinating K-State 8 (be it a representative to new group, subcommittee, etc.). A parallel set up to the current UGE could be used. Once tagging is complete, it will take some time to get things into iSIS, possibly in fall 2011.

   The Annual Faculty and Unclassified Professionals Retiree Ceremony will begin at 4:00 p.m. today.

   Carroll asked if everyone had seen Bruce Schubert’s budget update email. President Schulz will be on campus April 24th and have breakfast with Faculty Senate leadership that morning. Faculty Senate Executive Committee will be sharing key priorities.

8. The meeting was adjourned at 3:39 p.m.

Next meeting: May 5, 2009, 3:30 p.m., Union 204
