*School of Integrated Studies*

AVT 560. Airport ~~Master Planning and Design~~

**CURRICULUM CHANGES**

*School of Integrated Studies*

Changes to the Bachelor of Science in Aeronautical Technology, Airport Management option (BATN-AP).

RATIONALE: Members of the Airport Management Program Industry Advisory Council have suggested these changes to strengthen the pedagogy, insure students are enmeshed within the major curriculum by fall sophomore year, and offer an even stronger curriculum to prepare students for industry challenges. By removing AVT 498, the revision of AVT 560 will satisfy the senior capstone requirement without duplication.

2. Approve the following curriculum addition as approved by the College of Business Administration on November 8, 2016 (sent out to the listserv by Alice Niedfeldt on 11-14-16):

**CURRICULUM ADDITION**

*Department of Management*

Add:

Undergraduate Certificate in Data Analytics

RATIONALE: The purpose of the Certificate in Data Analytics is to provide an opportunity for K-State students to develop strong talent in such areas as data-driven problem understanding and solving, data collection and management, information visualization, and storytelling. The proposed certificate will help K-State students to distinguish themselves as “data savvy” in their professional fields.

**CURRICULUM CHANGES**

*Music, Theatre, and Dance*

Changes to the Music Education (B.M.E.)

RATIONALE: A course addressing beginning band techniques is being created to address a gap in knowledge of current music education students. Currently, the content is being covered during MUSIC 511; however, the use of that time is infringing on general music methods and not enough time to adequately prepare them to do both. Creating MUSIC 513 and putting it into the curriculum will address both needs while making no impact on total hours required for graduation or on faculty loads.
