- F. Changing course components – can any of these be expedited? (see excerpt from 11/02/21 minutes)
 - *There was a question about the change to components, such as in LEAD 212, and whether these can be expedited or should they continue to be standard proposals. When the component definitions changed a couple years ago, in 2019, AAC had wanted to have these remain in the standard routing process. However, since that time, has the opinion of this body changed. What are everyone’s thoughts? There was conversation about this, and it will be a future agenda item. However, for this particular course (LEAD 212) it seemed agreeable to leave it as expedited. No other discussion.*
