MINUTES
Faculty Senate Executive Committee
Monday, February 24, 2003  3:30 pm
K-State Union, Room 205

Present: Bradshaw, Cochran, Cox, Dandu, Gehrt, Haddock, Jurich, Maatta, McCulloh, Prince, Schumm, Smith, Spears, Thompson, Zabel

Absent: Krstic, Mathews, Montelone, O’Hara, Ross, Verschelden

I. President Al Cochran called the meeting to order at 3:30 p.m.

II. Senator McCulloh moved to approve the minutes of the January 27, 2003 meeting. Motion was seconded and carried.

III. Announcements

A. Faculty Senate Leadership Council
   President Cochran announced that the Leadership Council will meet with President’s staff later this week. At the weekly legislative update with Sue Peterson it was discussed that we may be faced with additional FY 2003 budget cuts.

B. Kansas Board of Regents meeting
   President Cochran reported that significant time was spent on discussion of the Performance Agreement Task Force. A group of two or three common agreements will likely emerge for all colleges and universities and each university will develop a set of specific agreements.

C. Report from Student Senate - none

D. Report of FSLC meeting with Gary Hellebust and Bob Krause
   President Cochran announced that FSLC met with Gary Hellebust and Bob Krause on the Foundation investment results and expenses and shared with the Executive Committee handouts that the Foundation and VP Krause provided to FSLC. Investment returns overall have been negative for the past two fiscal years. Kansas law requires that the Foundation not spend below book value for each investment, rather than an overall pooled value. They have met with each Dean to discuss the ramifications of these negative returns. Senator Maatta moved to invite Gary Hellebust to the next Faculty Senate meeting. Senator Schumm seconded the motion and it was then passed.

E. Other
   President Cochran announced that Jane Rowlett would like to demonstrate the K-State Portal sometime soon. He will let the Executive Committee know when it is scheduled. He distributed a Policy and Procedure for Discrimination and Harassment Complaints from Clyde Howard. There appear to be no substantive changes, just a clean-up of the policy. Provide any feedback to President Cochran. He announced that Pat Bosco, John Struve, Zac Cook, Ruth Dyer, Mary Ellen Sutton, Mo Hosni, and Mickey Ransom were appointed to the seven person committee as outlined in Appendix B, Part III of the University Handbook. He also announced that the university administration is supportive of Faculty Senate’s desire to not participate in the Kansas
Board of Regents faculty awards program. Cochran also distributed copies of the February 2003 “Update,” the monthly newsletter of the Council of Faculty Senate Presidents, which was distributed to Kansas legislators and members of the Board of Regents. This issue of the newsletter dealt with how the budget situation has impacted the Regents’ universities. He also shared a memo from the KSU Budget Office that lists promotion increments for those advancing to Associate Professor ($2980) and Professor ($4440); he also said that the Appendix M hearing is progressing according to the timeline stipulated in the University Handbook.

IV. Selection of deans for short presentation on budget issues
It was discussed to invite Dean Hobrock, Dean Kellett and either Dean Ebadi or Dean Law to the next meeting.

V. Reports from Standing Committees

A. Academic Affairs Committee - Jackie Spears

1. Course and Curriculum Changes

   a. Undergraduate Education

      1. Senator Spears moved to place on the Faculty Senate agenda approval of the Undergraduate Course and Curriculum Changes approved by the College of Technology and Aviation January 14, 2003.

      Department of Art, Science, and Business

      CURRICULUM CHANGE:
      Bachelor of science in technology management (TCMG)
      Change hours of upper division courses from 40 to 45
      Rationale: This is in accordance with recent BOR requirements for all four-year degrees.

      COURSE DELETIONS:
      BUS 253      Accounting Using Microcomputers
      COT 200      Utilization of Media
      GEOG 242   Physical Geography
      MATH 120  Logic
      MATH 125  Elementary Functions
      MATH 214 Advanced Topics in Mathematics
      PSYCH 120 Dealing with Difficult People

      COURSE CHANGE:
      HIST 231  History of Technology to: HIST 320 History of Technology

      Department of Aviation

      CURRICULUM CHANGE:

      Aeronautical Technology (airway science) - aviation maintenance (AWS-AM)
      Bachelor of Science in Aeronautical Technology - Aviation Maintenance (AVMB)
      CHANGE: CIP CODE 490101
      TO:           CIP CODE 470607
      Rationale: These curriculum changes are part of a comprehensive revision of the Aviation Maintenance curricula, in anticipation of applying for accreditation by the Council on Aviation Accreditation. On a recommendation from the Office of Planning and Analysis, we are changing the curriculum code from a sub-curriculum (AWS-AM) to it’s own curriculum code (AVMB). We are also changing the CIP CODE to better reflect the degree and to give it the same CIP Code as the Associate degree. At this college, all of
the Associate & Bachelor degrees use the same CIP code. This will make it easier to report enrollment information to the Board of Regents.
*See pages AV 2 - AV 4 of white sheets for details.

CURRICULUM CHANGE:
Associate of Applied Science - Aviation Maintenance (AVM)
Delete MATH 151 (Applied Plane Trigonometry) from required list of courses
Rationale: This change decreases the required total number of academic credit hours for the degree by three hours while maintaining the Kansas Board of Regents requirements.
*See pages AV 5 - AV 6 of white sheets for details.

PROGRAM DELETION:
Associate of Applied Science - Avionics Technology
Rationale: The degree never realized the anticipated industry support or student enrollment.
*See AV 7 of white sheets for further details.

Department of Engineering Technology
COURSE DELETIONS:
CMIS 100  Introduction to MS-DOS and Windows
CMIS 101  Computer Fundamentals

CMST 332  Web Development Project  
CMST 345  Networking III to: CMST 445 Network Security  
CMST 350  UNIX Administration  

CURRICULUM MODIFICATION:  
(CWDT):  
Associate of Technology in Web Development Technology  
Rationale: Changes are part of a comprehensive revision of CMST and CWDT associate degree courses and curricula. Use of the Java language in Web development necessitates the addition of the course. Curriculum provides a choice of a Java or Visual Basic programming emphasis.  
*See pages ET 11 - ET 12 of white sheets for further details.  

PROGRAM NAME CHANGE:  
FROM: Computer Science Technology (CMST), Associate of Technology degree  
TO: Computer Systems Technology (CMST), Associate of Technology degree  
Rationale: This name change will minimize the identity, confusion between the computer-oriented degree programs offered by the Engineering Technology (ET) Department on the Salina campus and the Computer Science degree offered in the Computing and Information Sciences (CIS) Department on the Manhattan campus.  
*See pages ET 13 of white sheets for further details.  

CURRICULUM MODIFICATION:  
(CMST): from: Associate of Technology in Computer Science Technology to: Computer Systems Technology  
Rationale: These changes are part of a comprehensive revision CMST associate degree courses and curricula. Some of the changes reflect the anticipated addition of a CMST bachelor’s degree in Computer Science Technology.  
*See pages ET 14 -15 of white sheets for further details.  

NEW PROGRAM:  
Bachelor of Science in Computer Systems Technology  
*See page ET 16 of white sheets for further details.  

Motion carried.

      Motion carried.

4. Announcement - Changes to University Handbook - Appendix F (Incorporation of Honor Pledge)  ATTACHMENT 3  - see Faculty Senate agenda

   Senator Spears briefly discussed the Appendix F changes due to the Honor Pledge.

5. Senator Spears announced that the committee is reviewing the cancellation of classes for
All-University Open House and may propose a change at the April meeting. She announced that Certificate programs will be reviewed by CAPP. The Provost has shared possible program discontinuance with each Dean. Efforts to begin the assessment program for accreditation have been escalated.

B. Faculty Affairs Committee - Eric Maatta
Senator Maatta announced that the committee is reviewing the interim policy on mediation with plans to have a permanent policy. Beck O’Donnell, Director of Mediation Services, provided detailed information to the committee on the mediation process. The committee will invite Ruth Dyer and Dick Seaton to continue the discussion. Also, the committee is discussing the revised definition of General Faculty as proposed by the General University caucus.

C. Faculty Senate Committee on University Planning - Walter Schumm
Senator Schumm announced that it appears the University has been able to deal with budget cuts so far without loss of tenured faculty.

D. Faculty Senate Committee on Technology - Beth Montelone
Senator Haddock announced that the committee was given a presentation of the online academic advising system.

VI. Old Business - none

VII. New Business - none

VIII. For the Good of the University - none

IX. The meeting adjourned at 5:05 p.m.
