I. President Spears called the meeting to order at 3:30 p.m.

II. The minutes of the September 27, 2004 meeting were approved.

III. Phil Anderson - Honor System  
Phil Anderson, Director of the Honor System, reported that the Honor System Constitution and By Laws need to be revised. See Attachment 1. The Constitution should be modified to eliminate the words “are urged to” report violations so that it strengthens the admonition to report Honor Pledge violations. The recommended changes to the By-Laws reflect the procedural changes that have evolved since the Honor System was created and legal changes required by FERPA. Dr. Jane Rowlett has requested that Faculty Senate approve the changes to the By-Laws as an interim policy, which will allow the University Handbook printing to move forward. Permanent changes to the Constitution and By-Laws would then occur in December or January through a vote of Faculty Senate. Senator Smith moved to approve the proposed changes to the By-Law as an interim policy to be made permanent at a future date, after more thorough review by the Honor Council and Faculty Senate. The motion was seconded. Motion carried.
