MINUTES
Faculty Senate Executive Committee
Monday, January 9, 2006 3:30 pm
K-State Union, Room 213

Present: Adams, Brockway, DeLuccie, Gehrt, Knapp, Moore, North, Ransom, Sachs, Schultz, Spears, Spikes, Trussell
Absent: Herald, Prince, Schumm, Shultis
Proxies: Clark, Cox
Visitors: Al Cochran, Wendy Ornelas, Lynn Ewanow

1. President-elect Roger Adams called the meeting to order at 3:30 p.m.

2. The minutes of the November 28, 2005 minutes were approved as amended.

3. Al Cochran – Core Competencies
Al Cochran discussed the matriculation agreements between the community colleges and the Regents institutions. Several faculty members, including department heads at KSU, have been actively involved in these on-going discussions and agreements. Common ground can be difficult because of the vast differences in courses offered across the universities. He has a large report that is available electronically upon request.

4. Reports from Standing Committees

Motion carried.

2. Proposed change to the University Handbook, Section F110 – Attachment 1

Senator Trussell moved to place the proposed changes to the Graduation Scholastic Honors policy on the Faculty Senate agenda. The change will base honors only on average GPA. The proposed change will increase the number of students graduating with honors. This approach is commonly used at other universities.

Senator Moore expressed concern in keeping the percentage of students receiving honors at about the 14-15% range. President-elect Adams indicated that the proposal is stricter than some other university policies. Senator Rintoul discussed that the policy change may result in students approaching faculty for retroactive grade changes. Senator Knapp stated that the policy change will clarify requirements and the benefits outweigh the negatives.

Motion passed.

3. Proposed change to the University Handbook, Section F12 – Attachment 2
Senator Trussell moved to place the proposed change in the Enrollment Cap policy on the Faculty Senate agenda. This policy has been extensively discussed in CAPP and Academic Affairs. Senator Rintoul suggested included parenthetically that waitlisted courses will count towards the enrollment limit. Senator Ransom disagreed and thought the specificity of including waitlisted courses should not be included in the policy. Senator Knapp agreed. Senator Deluccie questioned the procedure on wait listing and whether or not not waitlisted courses should be counted as enrolled hours. Senator Trussell indicated that the enrollment of students will include waitlisted courses in the new student system. Senator North questioned whether or not 21 hours is a high enough limit. Senator Trussell reported that there will be a procedure that can be used to override enrollment rules only on an exceptional basis by very few people. Senator Spikes indicated that the University Handbook is filled with many policies that are difficult to track. He recommended that University Handbook changes should be carefully constructed. He also thought we should regularly review the University Handbook to see if policies can be eliminated. Past-president Spears indicated that 21 hours was a limit that was previously set as a compromise to meet the needs of all colleges.

Motion passed.

4. Approval, Routing and Notification policy proposal – Attachment 3
Senator Trussell moved to place on the Faculty Senate agenda the proposed change in Approval, Routing and Notification Policy for the Change Process for Courses, Curriculum, Degrees, and Programs. Senator Spikes suggested a friendly amendment to parallel the language in the Graduate Degrees and Programs to match the language in the Undergraduate Degrees, Programs, and Majors.

Motion passed.

B. Faculty Affairs Committee – Frank Spikes
Senator Frank Spikes reported that their committee will have no action items on the Faculty Senate agenda. Faculty Affairs will meet tomorrow with the main topic discussion of Appendix M, Review of Dismissal of Tenured Faculty Member and Appendix G, General Faculty Grievance Procedure of the University Handbook.

C. Faculty Senate Committee on University Planning - Walter Schumm
No report.

D. Faculty Senate Committee on Technology – Michael North
Senator Michael North reported there is a special open meeting of FSCOT this week with Dr. Pat Bosco regarding the domain name change from ksu.edu to k-state.edu.

5. Announcements

A. Faculty Senate Leadership Council - Attachment 4
See Attachment 4.

B. Kansas Board of Regents Meeting - Attachment 4
See Attachment 4

C. Report from Student Senate
Senator Moore reported that they are trying to complete several initiatives before the end of the student leadership term, such as the 5-year tuition strategy plan. Also, they are still looking at more efficiencies in the SafeRide program and determining how to spend bond surplus funds by accepting proposals, emulating the Targeted Excellence procedures.

D. Other
President-elect Adams discussed the Faculty Senate elections. Secretary Jennifer Gehrt distributed the Reapportionment analysis that is required every three years by the Faculty Senate Constitution. The Extension caucus will decrease from eight to seven members because of decrease in total FTE and the College of Education will increase from four to five members. The Faculty Senate Office will send out information to the heads of each caucus on January 23rd. More information will also be sent out electronically.

President-elect Adams reported that John Johnson, a former active member of Faculty Senate passed away last week.
He also reported that the Faculty Senate leadership met with Classified Senate leadership in December and the Classified Senate is continuing possible consideration of removal from the State Classified Service.

6. Old Business – none

7. New Business - none

8. For the Good of the University  
   Senator Moore announced that the students had a big lobbying push over the semester break where they partnered a student with a KSU Alumni member to meet with their local legislators to discuss opposition of the TABOR amendment. The initial reports have been positive.

9. Adjournment— The meeting was adjourned at 4:35 p.m.
Proposed change to the University Handbook, Section F110.

Scholastic honors. Bachelor's degree candidates who have completed a minimum of 60 hours in residence, with at least 50 hours in graded courses, are considered for graduation with scholastic honors as follows: Students with a 3.950 or above K-State academic average are designated as Summa Cum Laude. The remaining students in the upper three percent of their college graduating class are designated Magna Cum Laude. Those remaining in the upper ten percent are graduated Cum Laude. Students with a 3.850-3.949 K-State academic average are designated as Magna Cum Laude. Students with a 3.750-3.849 K-State academic average are designated as Cum Laude. Students with a Doctor of veterinary medicine degree candidates are eligible to receive these honors based on courses completed in the professional program.
Proposed change to the University Handbook, Section F12

Rationale:

With the implementation of the new iSIS system, a review has been needed of the current cutoff for maximum enrollment hours. The new system will count the waitlisted classes as well as the classes in which the student is enrolled. Increasing the hours from 18 to 21 will give students greater flexibility and fewer frustrations at the time of enrollment. Therefore, the Committee on Academic Policies and Procedures and the Faculty Senate Academic Affairs recommend that the cap for enrollment be increased from the current 18 hours to 21 hours effective with enrollment for the fall 2006 semester. Wording in the University Handbook should be updated as follows:

F12 An undergraduate student may not enroll for more than 21 Kansas State University credit hours in a semester unless the student is granted permission to do so by the student's academic dean or the dean's representative.
Attachment 3

Approval Routing and Notification Policy for the Change Process for Courses, Curriculums, Degrees, and Programs (Revised March 4, 1999)

Course and Curriculum policy and procedural changes— (approved by Academic Affairs December 20, 2005)

The Board of Regents Policy and Procedures Manual, Appendix G, revised 03-01 and 01-04, establishes specific requirements of institutions requesting approval of new academic programs. Section 4.f., Program Review, Assessment and Accreditation, states the requirement for the institution to “establish clearly the institution’s plan to monitor, maintain and enhance the quality and effectiveness of the program.” The K-State BOR Performance agreement and the NCA accreditation visit reinforce the need to address assessment as an integral component of the design academic programs.

To be inserted in the procedure at I. D.5., Undergraduate Degrees, Programs, and Majors. Subsequent items currently listed as 5., 6., 7., 8., and 9., shall be renumbered 6., 7., 8., 9., and 10..

For new degree programs, including majors, secondary majors and certificate programs, list student learning outcomes. Attach an Assessment of Student Learning Plan for the first three years of the degree program following the template found as provided by the Office of Assessment.

To be inserted in the procedure at I.E. 5., Graduate Degrees and Programs. Subsequent items currently listed as 5. and 6. shall be renumbered 6. and 7.

In accordance with Board of Regents Policy and Procedures manual for new degrees and certificate programs, list student learning outcomes. Attach an Assessment of Student Learning Plan for the first three years of the degree program following the template found as provided by the Office of Assessment.

1. Targeted Excellence: Twelve pre-proposals were invited to submit full proposals. The authors and titles of the proposals can be viewed at the Provost website: http://www.k-state.edu/provost/planning/targetexc/2006/fullprop.htm

2. President Herald participates on the five year tuition plan committee.

Kansas Board of Regents Meeting

1. Performance Agreement Procedures and Goals. In July 2006, the fourth performance agreements will be submitted to the BOR.

2. A 6.0% increase in Housing rate was recommended for Fiscal Year 2007.

3. Approve allocation of FY 2007 rehabilitation and repair appropriation:
   KSU- Manhattan: $4,198,500
   KSU - Salina: $193,500

4. Retirement Plans
   To fulfill the Board’s fiduciary responsibility for the KBOR Mandatory Retirement Plan, appropriate management and periodic review of the investment options provided under the Plan are required. The Board has delegated responsibility for plan administration and investment oversight to the Retirement Plan Committee (RPC). The RPC, working with Deloitte Consulting who were hired to provide consulting services regarding the oversight of investment options, has developed an Investment Policy Statement which will establish formal benchmarks against which investment performance will be measured. The RPC recommends adoption of the Investment Policy Statement by the Board.

5. President Wefald presented KSU efficiency measures.
