MINUTES
Faculty Senate Executive Committee
Monday, April 24, 2006 3:30 pm
K-State Union, Room 213

Present: Adams, Boldt, Clark, Cox, DeLuccie, Gehrt, Herald, Knapp, Prince, Ransom, Sachs, Schultz, Schumm, Spears, Spikes, and Trussell
Absent: Brockway, North, and Shultis
Visitors: Stephen Kiefer, Al Cochran

1. President Tom Herald called the meeting to order at 3:30 p.m.

2. The minutes of the March 27, 2006 meeting were approved.

3. University Honors Program – Stephen Kiefer
President Tom Herald introduced Stephen Kiefer, director of the new University Honors Program as of January 1, 2006. He has been working to develop the skeleton of the program, using the Honors Program Task Force report as a guide. Director Kiefer believes the proposed program is not a radical deviation from current honors programs within each college, but rather makes the program more consistent throughout the university. Colleges will be intimately involved in what they want their Honor students to achieve. He is currently working on the nuts and bolts of implementing the program. President Herald inquired about the minority report to the task force recommendations. Dr. Keifer has met with each college and has addressed the majority of the issues and continues to have conversations to fully address each issue. Dr. Keifer indicated the college honors programs may run in tandem with the University Honors Program for the first year. He is still working on fully defining course requirements for the program. He has been working with the International Study Abroad program to ratchet up the requirements to allow for study abroad as an honors course by additional requirements. He said that getting good faculty involved is critical to the success of the Honors Program. He plans to propose the new curriculum requirements this fall. Senator Ransom said that the process being followed does not provide for dialogue with the faculty on developing this new program. Dr. Kiefer indicated that each college already has a coordinator that he is working with.

Professional Pilot – College of Technology & Aviation

December 2005
Marla J. Koehne, Bachelor of Science in Family Studies and Human Services – Human Ecology

Motion carried.

3. KSU Certificate Program Proposal – Attachment 1
Senator Trussell moved for approval to place the KSU Certificate Program Proposal on the May 9, 2006 Faculty Senate agenda. This proposal had been approved by Academic Affairs last year but was advised to submit the proposal to the Graduate Council for review. The Graduate Council has now approved the proposal with no changes. Minor editorial changes were agreed on by striking “seek” in #6 and replacing it with “evidence of” and removing the quotation marks from #1-#4.

Motion carried.

B. Faculty Affairs Committee – Frank Spikes
Senator Frank Spikes reported the committee has finished meeting with various individuals regarding the grievance process. They plan to put together a report in the next few months. The Provost has requested the identification of a new category of faculty called “ancillary faculty.” This term would identify faculty who are collaborating in interdisciplinary activities. The next item they will be dealing with is the Kansas Open Meetings act. Some of the meetings that we hold are governed by this act and others may not be. Depending on the University Attorney opinion, Faculty Affairs may need to change various procedures in the University Handbook. He announced that Betsy Cauble will chair the Faculty Affairs committee next week.

C. Faculty Senate Committee on University Planning - Walter Schumm
Senator Walter Schumm reported the committee met with Gary Leitnaker to discuss the proposed Parking Garage and proposed changes in the Parking Services fee schedule. The Parking Council will hold their annual open forum regarding the proposed fee structure changes on April 27 at 3 p.m. in the K-State Student Union, Big-12 Room. Senator Spikes commented that the Parking Council has been responsive in making changes to their proposal. Senator Ransom expressed concern on the high cost of parking state vehicles, particularly since not all departments must pay the fee. Senator Prince suggested there could be a customer satisfaction study of Parking Services in comparison with other universities.

D. Faculty Senate Committee on Technology – Michael North
No report.

5. Announcements

A. Faculty Senate Leadership Council
President Herald discussed the study abroad compensation for faculty. There is a new model being developed to run all study abroad courses through the Division of Continuing Education to allow more flexibility in compensation. Senator Sachs observed that the university seems to be making decisions based on economics rather than what is best for the student. Senator DeLuccie commented on a need for discussion on whether study abroad should be part of the core university rather than coordinated through the Division of Continuing Education. She said it appears that the provost is using an established model perhaps inappropriately to meet our needs.
President Herald discussed that there is a need to ensure that the University Handbook Section C41.4 policy on review of department heads is consistently followed across all units.

He has been discussing the new Kansas concealed carry law and how that might affect the university.

B. Kansas Board of Regents Meeting
Performance agreements should be expected to remain the same over the next three years.

The Board of Regents is looking at an interim policy because SB 345 requirements end this next year.

President Herald announced that the new Board of Regents language on stopping the tenure clock for birth and adoption has been approved and handbook language will soon be reviewed by the Faculty Affairs committee.

C. Report from Student Senate
President Tom Herald introduced Ashley Boldt the new Student Senate representative to the Executive Committee. She announced that the last Student Senate meeting is this week and they are wrapping up last minute business. She reported that Student Senate is jointly funding an architectural study for a new Child Development Center.

D. Other
Al Cochran reported the Targeted Excellence panel has met and made recommendations for the awarding of the funds for next fiscal year. The Provost has agreed with the recommendations and is working on final funding allocations before the announcement.

President-elect Roger Adams reported that he is looking for a Faculty Senate parliamentarian. He also reported that ombudsperson applications are coming in. He requested that new standing committee members be named by the caucuses this week.

6. Old Business - none

7. New Business - none

8. For the Good of the University
Senator Ransom expressed concern with the new University Honors program as it is a new curriculum that must go through the normal Academic Affairs process before students are allowed to enroll in the program. Students are now enrolling in the program with no curriculum yet set. He does not know how to advise his students on the College of Agriculture Honors Program versus the new University Honors Program. President Herald said he will discuss this with the provost again. President-elect Adams said that he served on the search committee for this position and their intent was to begin this new program in the Fall of 2007, not Fall 2006.

9. The meeting was adjourned at 5:30 p.m.
A KSU “Certificate” program emphasizes a focused specialty area of study as a part of or beyond the requirements for bachelors, masters, and doctoral degrees.

It must increase the knowledge and skills of individuals.

It must be validated by a specified assessment process.

The department and college that provide a certificate program must provide for approval the:

1) Purpose,
2) Requirements,
3) Desired outcomes,
4) Assessment procedures,
5) Estimated budget and staff required, and
6) Evidence of approval of their certificate program through internal academic channels.
