**RATIONALE:** In a separate action currently before faculty senate, MC 195 Information Gathering is being dropped from our curriculum, and another class, MC 316, is being modified in title and description. The proposed action on this form represents the faculty's desire to substitute MC 195 with MC 316 as a core requirement for Print and Broadcast Journalism majors.

An earlier action in 2006, which creates undergraduate versions of some classes that were once only listed at the 700 level, is forcing a change in the bottom “choose from” option. MC 710 History of Journalism and MC 720 Ethics in Mass Communication were formerly part of that option, and now, those classes are being replaced with MC 564 and MC 573.

**RATIONALE:** In the Bachelor of Music/vocal performance degree we are proposing to decrease the number of credits for Music 455, UD Performance/Voice, from 14 to 13 credits, and add Music 491, Vocal Pedagogy, for 2 credits. This will increase the total number of credits in the curriculum by 1, but the total still falls within the limits stated in the catalog – 129-134 credits for the degree. The addition of Vocal Pedagogy will strengthen our curriculum, making it more consistent with similar curricula at other colleges and universities.
