

MINUTES
Faculty Senate Executive Committee
Monday, November 30, 2009 3:30 pm
Union Room 213

Present: Allen, Bontrager, Cauble, Dodd, Eckels, Fairchild, Guzek, Haub, Hoag, Hughey, King, Knopp, LeHew, Nichols, Ross, A. Schultz

Absent: B. Schultz, Turnley, Vontz

Proxies: Gehrt, Holcombe

Guests/Visitors: Al Cochran

1. President LeHew called the meeting to order at 3:37 pm.
2. The October 26, 2009 minutes were approved.
3. Report from Standing Committees and Student Senate
 - A. Academic Affairs Committee – Barney King
 1. Items for Faculty Senate consent agenda – pages 3-13
Items were moved and carried to be placed on the consent agenda. See pages 3-13.
 - B. Faculty Affairs Committee – Judy Hughey/Kaleen Knopp
 1. UH Change, Section A40 – Conflict of Interest – **Attachment 1**
Hughey reported that the reason for the policy change is that the Board of Regents changed their policy in 1991 and Provost Dyer recommended the change with tweaks from the faculty affairs committee. Hughey moved to place the university handbook change to Section A40 Conflict of Interest policy on the discussion agenda. Motion carried.
 - C. Faculty Senate Committee on Technology – Tweed Ross
 1. Resolution regarding Kansas State University Domain Name – **Attachment 2**
Ross moved for the resolution to be added to the discussion agenda. This issue has been a faculty concern for a while and this resolution formalizes those concerns. Guzek asked if more of the issues should be included in the resolution. It was noted that there is cost involved with maintaining the two domains. Motion carried
 - D. Faculty Senate Committee on University Planning – Tom Vontz
Ross reported for Vontz that FSCOU will be meeting on December 17th. Ben Champion, director of Sustainability will attend the meeting for discussion on the report of the sustainability taskforce. The committee will also discuss the status of the Energy Education Inc's proposal and begin discussions on how to evaluate the budget ideas. Vontz will be contacting caucus chairs requesting names for individuals to serve on the marketing planning committee. Eckels asked about the impact of the Governor's recent reductions to higher education. Bontrager replied that all of higher education including community colleges was reduced by \$2 million. The impact to K-State was projected around \$500 to \$600 thousand. At this time there was no expectation to distribute further reductions in FY 2010 to the colleges or departments.
 - E. Student Senate – Amy Schultz
Schultz reported that they have begun the review of the Student Centered Tuition Enhancement funding for FY 2011. They have also begun planning for the higher education legislative day. The city/university recommendation request is going to floor of Senate this week. The privilege fee committee will be submitting recommendations for the Union operating reserve funds and reviewing maintenance of Bosco plaza. The long-term tuition committee is continuing to meet; evaluating the possibilities of different tuition structures. Cauble asked if students have thought about how they will

communicate with the new Vice President of Marketing and Communications. Schultz noted that no formal discussions have begun but students will want to be involved.

4. Announcements

A. President/Faculty Senate Leadership Council

LeHew reported that the Council of Faculty Senate Presidents reported to the Board of Regents that they would like the Board to utilize the faculty expertise more. The Council is asking what message should be sent to Legislators related to the budget reductions and the impact on higher education. What do we want the legislators to know? LeHew will take back our comments to the Council of Faculty Senate Presidents. The committee on governmental issues has also been working on crafting a message to send to Legislators.

LeHew distributed the Board of Regents sustainability policy. Cochran commented that during his tenure as Faculty Senate President, a member of the Legislature and a Board of Regents member was invited to attend a faculty senate meeting. LeHew will pursue the feasibility of inviting a legislator or a Board member to attend a faculty senate meeting. Cauble asked about feedback on the open forums. LeHew thought over 200 people attended the Main Campus forum with the momentum for individuals asking questions building up as the forum went on. Salina also had a good turnout of around 50 in attendance with good questions. LeHew will provide an update on the forums and request feedback from Faculty Senate.

B. Caucus Chair reports

Bontrager reported that the General University caucus will meet with President Schulz on December 1st providing a brief presentation on the role unclassified professionals have at the university.

5. New Business

A. Invitation of Sustainability Task Force to December Faculty Senate meeting.

LeHew reported that the co-chairs of the sustainability taskforce will provide an update on the report at the next faculty senate meeting.

6. For the Good of the University
No comments.

7. The meeting was adjourned at 4:38 pm.

Submitted by Cindy Bontrager, Secretary of Faculty Senate

Next meeting: Monday, January 4, 2009; 3:30 p.m., Union room 213

ACADEMIC AFFAIRS

Course and Curriculum Changes

A. Proposed consent agenda items:

1. King moved to place the following undergraduate and graduate course and curriculum items and graduation list items on the Faculty Senate consent agenda (refer to approval sheets for further details):

COURSE CHANGES AND ADDITIONS:

College of Agriculture –October 19, 2009 approval sheets

Add:

AGRON 503 Emerging Topics in Agronomy

Changes to:

ATM 160 Engineered Systems and Technology in Agriculture

ATM 250 Chemical Application Systems

College of Arts and Sciences November 5, 2009 approval sheets

Add:

COMM 440 Collaborative Communication and Event Planning

HIST 595 French Revolution, 1789-1815

SPAN 572 Mexican Film

College of Engineering November 5, 2009 approval sheets

Add:

ARE 312 Introduction to Revit

CIS 580 Fundamentals of Game Programming

CHE 354 Basic Concepts in Materials Science and Engineering

CHE 355 Fundamentals of Mechanical Properties

CHE 356 Fundamentals of Electrical Properties

ECE 540 Applied Scientific Computing for Engineers

College of Education October 27, 2009 approval sheets

Remove UGE status from EDCEP 311 SHAPE – ((EDCEP 312 was approved earlier this year for UGE status in the place of this course.)

CURRICULUM CHANGES:

College of Agriculture October 19, 2009 approval sheets

Agricultural Economics

Changes to: B.S. Degree in Agribusiness – International Option

- Add FINAN 450 Principles of Finance to the Finance Requirement section
- Change the Agricultural Economics restricted elections from 6 to 9 credits.

RATIONALE: The proposed change will make the finance requirement in the International Option consistent with the finance requirement of the other two options in the agribusiness curriculum. In making the change, AGECE 513 is moved from being listed as a required course to being listed as being another course in the list of choices of restricted agricultural economics courses. A footnote will be added, just as it is on the other two options in the agribusiness curriculum, indicating that either AGECE 513 or FINAN 450 is required in the curriculum. To keep the total number of AGECE credits unchanged, the required total AGECE restricted electives is increased from 6 to 9 credits.

IMPACT: The Finance Department has been contacted and has indicated this is not a problem.

General Agriculture

Discontinue the Contemporary Citizenship in Agriculture Minor

RATIONALE: There is currently only one student enrolled in this minor program, and the program has never had strong student interest as exhibited by enrollment. The GENAG 450 course no longer has an instructor.

IMPACT: None.

Horticulture, Forestry and Recreation Resources

Changes to: Park Management and Conservation Major – Park Management Option

- Add BIOL 198 Principles of Biology to the list of Natural Sciences and allow students to take either BIOL 198 or BIOL 210.
- Delete BIOL 320 from the specialization section

RATIONALE: Biology Department has not taught BIOL 210 or BIOL 320 for several recent semesters. These changes do not result in a change in the total number of hours required for the degree nor in free electives.

IMPACT: No impact on other departments.

Changes to: Park Management and Conservation Major – Interpretation Option

- Add BIOL 198 Principles of Biology to the list of Natural Sciences and allow students to take either BIOL 198 or BIOL 210.
- Delete BIOL 320 from the specialization section

RATIONALE: Biology Department has not taught BIOL 210 or BIOL 320 for several recent semesters. These changes do not result in a change in the total number of hours required for the degree nor in free electives.

IMPACT: No impact on other departments.

Changes to: Park Management and Conservation Major – Law Enforcement and Recreation Business Options

- Add BIOL 198 Principles of Biology to the list of Natural Sciences and allow students to take either BIOL 198 or BIOL 210.

RATIONALE: Biology Department has not offered BIOL 210 for several recent semesters. These changes do not result in a change in the total number of hours required for the degree nor in free electives.

IMPACT: No impact on other departments.

College of Education October 27, 2009 approval sheets
Secondary Education

Changes to Journalism (EDJOR) Teacher Licensure Program

- Remove MC 211 and MC 276 from Required courses
- Add MC 251 and MC 406 to Required courses
- Add MC 180, 471, and 580 to recommended courses
- Update course numbers and titles within listings

Rationale: These changes are initiated at the request of the Department of Journalism and Mass Communications. As this department has made programmatic changes to bolster their emphasis on electronic journalism, their faculty recommend two courses currently required in the EDJOR sequence be replaced with two other courses that better align with the needs of secondary school journalism teachers. Additionally, the current course numbers for two of the “recommended” courses are corrected to reflect changes in course numbering in the Department of Journalism and Mass Communications, one course title is updated, and three courses have been added to the list of recommend courses.

Changes to English and Journalism (EDENJ) Teacher Licensure Program

- Remove MC 211 and 276 from required courses
- Add MC 251 and 406 to required courses

Rationale: These changes are initiated at the request of the Department of Journalism and Mass Communications. As this department has made programmatic changes to bolster their emphasis on electronic journalism, their faculty recommend two courses currently required in the EDENJ sequence be replaced with two other courses that better align with the needs of secondary school journalism teachers.

College of Engineering November 5, 2009 approval sheets
Department of Biological and Agricultural Engineering

Changes to Bachelor of Science: Biological Systems Engineering – Biological Option, Environmental Option, and Machinery Systems Option

- Change in total credit hours required for graduation from 128 to 127.
- Remove DEN 325 from all three options.
- Also change BAE 636 and 651 from main course list, in the Machinery Systems Option, to be listed as technical electives and change credit hours of Technical Electives from 3 to 6.

Rationale: DEN 325 topics of personal and professional development, including communication, leadership, teamwork, and ethics, are currently covered iteratively in the recently redesigned courses of BAE 101, 131, 231, and 331. Thus, DEN 325 is no longer needed to meet these student learning outcomes.

Currently this option only has 3 hours of technical electives. We believe that more technical electives are necessary. The dropped BAE courses will be added to the technical electives list and at least one technical elective must be in BAE 500+.

General Engineering

Drop: Nuclear Reactor Technology Program

Rationale: Nuclear Reactor Technology Program has not been offered for years.

2. Graduate course and curriculum changes approved by the Graduate Council on November 3, 2009 (parentheses indicate page number the change can be located on in the grad council agenda):

COURSE CHANGES

Changes to:
