1. Approve to place the following undergraduate curriculum addition on the February Faculty Senate discussion agenda:

   • College of Engineering: Approved November 4, 2010
     
     Department of Mechanical and Nuclear Engineering
     Add: New minor in Nuclear Engineering

   • College of Business Administration: Approved December 8, 2010
     
     Changes to core curriculum and distance education program
     (See approval sheets for detailed information, including changes to catalog language and outlined Thematic Sequences)

   A) Changes to core curriculum for the Bachelor of Science in Business Administration (BSBA) degree for students majoring in Accounting, Entrepreneurship, Finance, Management, Management Information Systems, and Marketing. It does not affect the requirements for the BSBA degree with a major in General Business offered via distance.

   Changes to the curriculum are proposed after careful evaluation of the current curriculum and the College’s objective of better preparing its graduates to enter a rapidly changing business world. We collected benchmarking data from our peer and aspirant schools, performed research on best practices and curricular innovations by other business schools, and gathered data through interviews, focus groups, surveys, and written comments from current students, alumni, employers, faculty, staff, administrators and academic advisors.

   The following are the major highlights of the proposed changes:

   • Replace 6 credit hours of communications electives with Written Communication for the Workplace (ENGL 417, 3 credits).
   • Replace social science, humanities and natural science requirements (22 credits) with K-State 8 requirements (16 credits outside business).
   • Add 9 credit hours of related coursework outside of business as a thematic sequence. Pre-packaged thematic sequences are listed in the attached Appendix.
   • Replace Business Orientation (GENBA 101, 0 credits) with Business Foundations (GENBA 110, 3 credits)
   • Require all business majors to demonstrate Information Technology skills necessary for business professionals by successfully completing GENBA 166 (0 credits). This replaces the current requirement of CIS 101, CIS 102 and CIS 103 (3 credits).
   • Students must earn a minimum grade point average of 2.50 in Business Core courses (30 credit hours) in order to graduate.
   • All BAPP students (i.e., those who have not declared a major/degree plan) must have a 2.5 cumulative GPA in order to remain in good standing in the College of Business Administration. (Changed from 2.3 GPA.)
   • Transfer students must have a 2.5 cumulative GPA on all transfer hours in order to be admitted to the CBA. (Changed from 2.3 GPA.)
   • Only transfer courses with grade of ‘C’ or higher will be reviewed for transfer equivalency. Transfer coursework carrying the grade of ‘D’ will not be used to complete requirements toward a business degree.
B) Changes to the General Business Administration (B.S.) Via Distance Education (See approval sheets for detailed outline to language changes)

**Rationale:** Requirements for our Business Administration Pre-Professions Program (BAPP) curriculum are changing in response to feedback from faculty, staff, students, alumni and employers. However, the changes being made to the BAPP are not changes that could easily be made to our General Business Administration degree online. Neither our college nor others on campus offer the variety of online courses necessary for our new curriculum. Therefore, we have decided to keep the requirements of the General Business Administration (B.S.) degree as they stand currently but change some of the terminology and titles in order to decrease confusion between this degree and our other on-campus degree programs.

**Impact:** The modifications below have no impact on other campus units.
