FS Executive Committee, 9-25-18 Course Proposals

Committee	Faculty Senate Executive Committee

Notes	**The following course proposals, if approved, will move forward to the Faculty Senate meeting on October 9 for final approval. They will then be moved forward to the implementation stage.**

Total Proposals	11

COT - 105 - Mastering Academic Conversations

2018-2019 Appendix A: Course Form - New

General Catalog Information (NEW)

Contact person for this proposal*	Patricia Ackerman, Joel Matthews, Kathy Brockway, Deb Marseline, or Bill Genereux

Department*	School of Integrated Studies

Subject*	COT	Catalog Number*	105

Long Course Title*	Mastering Academic Conversations

Short Title*	Mastering Acad Conv

Credit Hours/ Units*	3

Course Description*	

Actively engage students in the process of becoming successful students, scholars, and citizens. Introduction to a successful university experience through participation in interactive seminar classes and co-curricular events. Events and topics include a broad survey of the humanities, examining the impact on culture, society, and the human condition.

Rationale and Impact (NEW)

Rationale*

An interdisciplinary team of faculty developed and successfully taught two sections of COT 299 during Fall 2017 and Spring 2018. The intent was to establish a comprehensive freshman experience course framed within a study of the humanities. This proposal advances the course from a topics course to an official course offered in support of the School of Integrated Studies undergraduate degree programs.

Impact Statement (i.e. if this impacts another unit)*

No impact on programs outside of the Polytechnic campus.

Projected Term*

2192 Spring 2019

Need help? See deadlines http://www.k-state.edu/curriculog/deadlines/index.html

More Catalog Information (NEW)

Note

Repeat for Credit Non-Repeatable

Requisites (Prerequisite, Corequisite, Recommended Prerequisite) Freshman or instructor consent

Cross-listed

K-State 8 Tag 1

Aesthetic Interpretation

K-State 8 Tag 2

None

Rationale for K-State 8 tag

Aesthetic Interpretation encompasses key humanities-aesthetic elements of the course.

This course examines topics such as theater, poetry, literature, sculpture, and other subject areas of the humanities. Students are encouraged to develop an appreciation for, and think critically about the role humanities play in human society.

Typically Offered*

Fall, Spring

Grading Basis* ⦿ Graded

◯ Graded-IH (Exempt)

○ Credit/No Credit

○ Student Option (Graded and APassF)

○ Student Option-IH (Graded and APassF; Exempt)

Note: Choose "Exempt" option only if grade of Incomplete will never convert to F

COT - 450 - Polytechnic International Experience

2018-2019 Appendix A: Course Form - New

General Catalog Information (NEW)

Contact person for this proposal*	Fred Guzek, Don Von Bergen

Department*	School of Integrated Studies

Subject*	COT	**Catalog Number***	450

Long Course Title*	Polytechnic International Experience

Short Title*	Intl Experience

Credit Hours/ Units*	0-6

Course Description*	Seminar and travel course including faculty-led international field experience focused on Polytechnic Campus students' area of interest, with travel followed by a final project. The course is designed to enhance students' global and cultural awareness while adding knowledge and skill in topical issues. In addition, students will be introduced to and immersed in historical components, both disciplinary and cultural.

Rationale and Impact (NEW)

Rationale*	

Several iterations of this course have been offered using problems/topics course numbers. Demand has been strong and student feedback excellent. This course addition will facilitate the establishment of an undergraduate international program for the Polytechnic Campus. This will also create a pathway for the achievement of 2025 goals related to globalization.

Impact Statement (i.e. if this impacts another unit) * No impact on any other departments.

Projected Term *

2192 Spring 2019

COT - 480 - Professional Conduct, Ethics, and Analysis

2018-2019 Appendix A: Course Form - New

General Catalog Information (NEW)

Contact person for this proposal*	Joel E. Matthews
Department*	School of Integrated Studies
Subject*	COT
Catalog Number*	480
Long Course Title*	Professional Conduct, Ethics, and Analysis
Short Title*	Professional Conduct
Credit Hours/ Units*	3
Course Description*	Examines the ethical foundations of professional conduct and decision-making in the workplace. Through reading and discussing ethical works, case studies, and contemporary ethical policies/procedures, students will develop the skills necessary for analysis, discourse, and ethical decision-making in a professional work setting.

Rationale and Impact (NEW)

Rationale*

The need for an upper-level undergraduate Professional Ethics course has been identified at the KSU-Polytechnic campus based on employer feedback and market analysis. A broad-based course on professional aspects of ethics will better prepare graduating students for their careers than a course focusing only on the business aspects of ethics.

Impact Statement (i.e. if this impacts another unit)*

The Philosophy Department was contacted and "does not object to a new COT course with the proposed content." They also indicated "we would prefer the new course not have 'Professional Ethics' in the title" as that is a sub-discipline in philosophy, which is not a concern for COT students.

Projected Term*

2195 Fall 2019

Need help? See deadlines http://www.k-state.edu/curriculog/deadlines/index.html

COT - 490 - Survey of Cryptography Development, Principles and Practice

2018-2019 Appendix A: Course Form - New

General Catalog Information (NEW)

Contact person for this proposal*	Randall Nichols

Department*	School of Integrated Studies

Subject*	COT	**Catalog Number***	490

Long Course Title*	Survey of Cryptography Development, Principles and Practice

Short Title*	Survey of Cryptography

Credit Hours/ Units*	3

Course Description*	A practical survey of the principles and practice of cryptography with respect to business / government / private applications and commercial computer security systems. Benefits of cryptography as a strategic and tactical tool for effective computer security in the commercial theater of operations. Addresses current topics such as personal privacy, cryptocurrency and blockchain. Students interact with selected cryptographic machines, codes, hand-techniques and computer products developed since the beginning of writing.

Rationale and Impact (NEW)

Rationale*	This course will expand electives for Polytechnic students in a current topic that is relevant for students. Cryptography is a maturing science that has broad-ranging applications in business, government and personal activities. Every commercial establishment that either markets its products internationally or uses computer networks for global communications and customer services must be concerned with protecting its assets and customers' information from a variety of attacks. This concern increases when the internet is the primary communications medium. The most cost-

effective protection for information transmitted by or stored in computers is cryptography.

The well-informed company (or individual concerned with personal privacy) recognizes the value that cryptography adds to the security of its computer information assets. Facebook privacy, cryptocurrency, blockchain, and the Internet of Things (IoT) are all current issues that have cryptography at their core and are covered in this course.

Impact Statement (i.e. if this impacts another unit)* No other colleges or K-State academic units will be affected by this request. Confirmed by conference call on 16 April 2018 with Dr. George Amariucai. Dr Amariucai teaches CIS 753 & CIS 553, which are both heavily math oriented and the only cryptography courses presently taught at KSU. He had no objection to KSUP offering COT 490 as an undergraduate elective. He understood / agreed that COT 490 was a practical hands-on course with different mission objectives and deployment techniques.

Projected Term*

2192 Spring 2019

COT - 780 - UAS and High Altitude Platforms (HAPS) for Wireless Communications

2018-2019 Appendix A: Course Form - New

General Catalog Information (NEW)

Contact person for this proposal*	Don Von Bergen, dvb@k-state.edu, 6-2696

Department*	School of Integrated Studies

Subject*	COT	**Catalog Number***	780

Long Course Title*	UAS and High Altitude Platforms (HAPS) for Wireless Communications

Short Title*	HAPS for Wireless Comm

Credit Hours/ Units*	3

Course Description*	An introductory course to HAPS technology applied in the civilian UAS sector. Covers technologies, communications, and protection of those computer communications from hostile intent. HAPS technology provides wireless narrowband and broadband telecommunications and broadcasting services to users using either aircraft (unmanned (UAS/UAV) or manned) or lighter-than-airships (LTA). Research indicates UAS to be the best alternative. These platforms are reusable and positioned at stratospheric altitudes, from approximately 12.4 miles to 31 miles (20 to 50 km).

Rationale and Impact (NEW)

Rationale*	

COT 780 will be an elective for students pursuing the Professional Master of Technology offered by Kansas State University Polytechnic Campus. It can be combined with other already approved UAS courses to meet elective requirements for the PMT degree.

Impact Statement (i.e. if this impacts another unit)*

No impact on any other department.

Projected Term*

2192 Spring 2019

Go to "Rationale and Impact" section next

Department*	Food, Nutrition, Dietetics, and Health

Subject*	FNDH	Catalog Number*	620

Long Course Title*   Nutrient Metabolism

Short Title (provide if title changed above)

Credit Hours/ Units*   3

Course Description*   Basic concepts of the mechanisms of actions, interactions, and the processes of cellular assimilation and utilization of nutrients in humans. Emphasis on the coordinated control of nutrient utilization among the major organs.

Rationale and Impact (CHANGE)

Rationale*   Due to BIOL 340 being removed and replaced with two courses, BIOL 341 & 342, we had to change prereqs for this course.

IMPORTANT: Run impact report

Click the Impact icon above

Copy and paste the results in the field below

Impact Report*

Impact Report for FNDH 620

Source: 2017-2018 Undergraduate Catalog

Requisites	FNDH 632 - Clinical Nutrition II
	FNDH 735 - Advanced Energy Balance
Programs	Dietetics (B.S.)
	Dual Degree: B.S. in Human Nutrition and B.S. in Kines
	Food Science and Industry (B.S.)
	Human Nutrition (B.S.)-Nutrition and Health
	Human Nutrition (B.S.)-Nutritional Sciences

Impact Statement (i.e. if this impacts another unit)*

The impact on BIOL should not change as we are implementing changes they have already made by making the one class into 2 courses. The College of Human Ecology and the Dept. of Biology discussed the changes prior to the Faculty Senate AAC approval. Adequate changes were made by Biology that would allow these courses still be suitable for this course.

Projected Term*

2192 Spring 2019

KIN - 616 - Obesity and Physical Activity: Behavioral, Environment, and Policy Influences

2018-2019 Appendix A: Course Form - New

General Catalog Information (NEW)

Contact person for this proposal*	Katie Heinrich, kmhphd@ksu.edu, 785-532-7771

Department*	Kinesiology

Subject*	KIN	**Catalog Number***	616

Long Course Title*	Obesity and Physical Activity: Behavioral, Environment, and Policy Influences

Short Title*	Obesity and Activity

Credit Hours/ Units*	3

Course Description*	Examines the contributing factors to obesity, especially through the lens of physical activity/inactivity. Attention is paid to the environment and policy influences on behaviors that contribute to weight gain.

Rationale and Impact (NEW)

Rationale*	

This course has been taught for the past four years (2014-2017) as a topics course (KIN 797) and we would like to give it a course number.

Impact Statement (i.e. if this impacts another unit) *

This course has been previously taught under KIN 797 topics number and has no impact outside of kinesiology.

Projected Term *

2195 Fall 2019

Need help? See deadlines http://www.k-state.edu/curriculog/deadlines/index.html
