Describe at least one example of how breadth of learning in any of the K-State areas not central to your major has enhanced your K-State education. Examples may be something you have done or something you might do.

[Students may provide answers of whatever length they wish.]
When solving problems or dealing with issues in my major field of study, I consider related issues in the following K-State 8 areas of knowledge. Check all that apply.

- Aesthetic Experience and Interpretive Understanding
- Empirical and Quantitative Reasoning
- Ethical Reasoning and Responsibility
- Global Issues and Perspectives
- Historical Perspectives
- Human Diversity within the U.S.
- Natural and Physical Sciences
- Social Sciences

The following question could be presented in its entirety, or selected K-State 8 areas could be administered randomly to all seniors assuring equitable representation from all colleges. The list of courses would come from the student’s transcript (iSIS/DARS. When clicked the course number would appear in the appropriate box.

Identify the courses from your transcript that you feel contributed to your learning in each of the K-State 8 areas. (First, select a box next to a K-State 8 area. Then click on the course(s) you feel contributed to that area; the course number(s) will appear in the box next to the K-State 8 area. Then move on to another box. Repeat until you have identified the courses for all eight areas.)
