   with Teacher Licensure Track.

   Rationale: The following changes are designed to correct catalogue anomalies, make the catalogue
   descriptions parallel and coherent, and clarify requirements. Nothing is substantially changed from previous
   catalogue. The name change from Teacher Certification to Teacher Licensure aligns the English
   Department’s name for the degree with that of the College of Education’s Teacher Licensure Program.
Geography
Changes to the Geographic Information Systems Certificate. Addition of minimum GPA for courses taken.

Music
Changes to the Bachelor of Music Education (BME). Changes to core requirements as well as electives.

Rationale: This change is part of a curriculum reorganization that will have several benefits: (a) provide music education coursework during a students’ sophomore year made up of one credit hour from MUSIC 511 and one credit hour from MUSIC 512; (b) enhance student perception of content relevance by taking components of secondary general methods that had been split between two courses and focusing on the topic of a course of its own; (c) prepare students; ability to write lesson plans before the mare advanced method’s courses; and (d) further develop the electronic portfolio already in place.
