DISCUSSION AGENDA
ACADEMIC AFFAIRS

Undergraduate curriculum changes (see attachment 2 for supplemental information):

1. **College of Arts and Sciences (approved by college on October 4, 2012):**

   Add:
   Minor in South Asian Studies

2. **College of Technology and Aviation (approved by college on October 26, 2012):**

   **DROP:**
   CURRICULUM CHANGES:
   Department of Aviation
   DROP: Avionics Installation Certificate (CAVIC)

   RATIONALE: This certificate has never been active. It was originally created to work in conjunction with an agreement with a community college.

   IMPACT: No impact on any other department.

   EFFECTIVE DATE: Fall 2013

   -------------------------------------------------------------------------
   DROP: Associate of Technology: Professional Pilot (PPIL)

   RATIONAL: With the addition of a master’s degree on our campus, we need to reduce the scope of our coursework. Recent FAA legislation will require our graduates to have a bachelor degree in aviation in order to obtain a Restricted Privileges Airline Transport Pilot certificate so an associate degree is no longer sufficient for entry level positions.

   IMPACT: There may be a reduction in students requiring developmental English and Intermediate Algebra from the Arts, Sciences and Business Department.

   EFFECTIVE DATE: Fall 2013

   -------------------------------------------------------------------------
   DROP: Associate of Applied Science: Aviation Maintenance (AAVM)

   RATIONALE: In transition to a new Aviation Maintenance Management bachelor’s degree program and shifting away from associate’s degree offerings, the Aviation Department faculty voted to delete the AAVM program and maintain the Airframe and PowerPlant Certificate and the Bachelor of Science in Aeronautical Technology, Aviation Maintenance Management option.

   IMPACT: No impact on any other department.

   EFFECTIVE DATE: Fall 2013

   ADD:
   NEW OPTION:
   Bachelor of Science in Aeronautical Technology, Helicopter Pilot Option
   (See supplemental information for further details)
