Proposed revisions to Faculty Senate Constitution
Approved by Faculty Senate June 11, 2013

Background:
Over the past several years it has been noted language in the Faculty Senate Constitution has
become outdated and needs to be updated to reflect current practice.

Also, a request from the General University caucus was received at the beginning of April 2013
proposing a change to the FS committee structure.

The General University caucus proposed “the formation of a new standing committee of Faculty
Senate, modeled similarly to the Committee on Technology where all members of the committee
do not have to be senators. The new committee, “Professional Staff Affairs,” will be similar to
Faculty Affairs where most of the issues discussed will be employment-related and there may be
times where the Faculty Affairs Committee and the Professional Staff Affairs Committee will
work together on joint issues. However, there are many employment related issues that are
unique to Professional Staff as well as issues unique to Faculty (such as differentiation of
Promotion to each group.)”

This proposal came to light in view of a comment made during the Spring open forum by the
University President regarding professional staff perhaps not being represented strongly enough
by Faculty Senate. The General University caucus of Faculty Senate “again affirmed that
unclassified staff members are better represented as a whole by Faculty Senate rather than
creating another senate structure as many of the same issues affect both employee groups. As we
discussed, many unclassified staff also have instructional or other academic related duties and of
course research and service responsibilities in concert with faculty members.”

Therefore, the following revisions are being presented to Faculty Senate for consideration.

Process:
1. Faculty Senate must approve changes to the Faculty Senate constitution.
   a. A first reading would be scheduled for the May 14 Faculty Senate meeting.
   b. A second reading and vote, including any revisions, would be held at the June
      Faculty Senate meeting.
2. Upon Faculty Senate approval, a meeting of the general faculty would be called for the
   beginning of the fall 2013 semester for a vote on the changes, as approved by Faculty
   Senate.
3. Upon a vote in favor of the proposal, changes would be effective immediately.
4. Each faculty senate caucus would need to follow the process to elect a member from their
   unit to represent them on the newly created Professional Staff Affairs committee.
5. This newly formed standing committee would begin meeting in Spring 2014.
6. Once changes are approved, portions of Section B in the University Handbook will also
   need updated.

Effective date:
Changes would be effective upon approval of the general faculty of Kansas State University.
