

## **ATTACHMENT 3**

### **SMOKING ON UNIVERSITY PROPERTY POLICY , 02/26/02**

This is the latest version of the proposed policy to replace the current policy at Kansas State University. Further comments and questions should be directed to Steve Galitzer, Director of Public Safety (532-5856; galitz@ksu.edu).

### **SMOKING ON UNIVERSITY PROPERTY POLICY**

July 1, 2002

#### **PURPOSE:**

Because smoking is a public health and fire hazard, it shall be restricted in order to: (A) prevent infringements upon others and (B) create and maintain an environment that is in the best interest of the safety, health, and well-being of all the users of university property.

#### **POLICY:**

Smoking is not permitted in any university building or University Motor Pool vehicle. Other State owned vehicles at the discretion of the department head. The exception to this rule is smoking research being investigated in university laboratories with the authorization granted by the Department of Environmental Health & Safety.

Smoking is prohibited within 30 feet of marked entrances to university buildings. In general, those entrances where smoking is prohibited are main entrances, most ADA accessible entrances, and those entrances near fresh air intakes to the building or that otherwise impact the air quality inside the building. The Department of Environmental Health & Safety and the Department of Facilities Planning will designate which entrances are considered no smoking within 30 feet.

The Building Authority is responsible for compliance with this policy at each building.

#### **ENFORCEMENT:**

Unlawful smoking is a misdemeanor and shall be punished by a fine of \$20.00.

**THIS POLICY IS IN ACCORDANCE WITH K.S.A. 21-4009, et. seq.** This current policy rescinds the KSU Policy on Smoking in University Buildings, dated July 1, 1994.
