

RESOLUTION: 3/14/17

K-12 Teachers

The Kansas State University faculty commends the Kansas legislature's reconsideration of the removal of the due process policy for termination of K-12 teachers. We are confident that the previous tenure policy is crucial for the hiring, morale, and retention of the best teachers, as we encourage our students to enter the profession, just as tenure as been similarly crucial for making K-State a world class institution of learning.

Andrew Bennett
Faculty Senate President, 2016-2017
