In this year-long CAT Community, we will explore and practice what it means to be a global citizen. In the fall, we will examine some of the major concepts that shape cultures and identities. In the spring, we will prepare for and travel during Spring Break on a study tour to Paris, where we will critically engage with the history, culture, society, economy, and environment of one of the world’s most cosmopolitan cities. This CAT Community will help you develop the skills required to navigate our complex world.
