

Suggested Resume Text for Involvement in CAT Communities

In consultation with Career and Employment Services, the following text is suggested for including your CAT Community participation on your resume. These are just examples of how to list CAT Communities on your resume. Please change the text (especially the skills section) to reflect the specific activities you have engaged in and skills you have learned.

Under Experience, Additional Experience, or Campus Involvement:

If you have completed the program for at least one academic year:

K-State First: CAT Community Program, Kansas State University, 2015-2016

- Fulfilled seven credit hours of class time for “The Psychology of Prejudice,” a living-learning community
- Gained skills in research, professional etiquette, leadership, networking, effective presentations, and articulating sensitive topics such as race relations and social class disparity
- Attended workshops on discrimination, equality, and financial literacy
- Actively participated in study groups, group meals, and field trips such as visiting the Brown v. Board of Education National Park

If you are participating in the program:

K-State First: CAT Community Program, Kansas State University, Aug. 2015-Present

- Gaining skills in research, professional etiquette, leadership, networking, effective presentations, and articulating sensitive topics such as race relations and social class disparity
