

First-Year Seminar Course List: Fall 2009

New freshmen starting in the Fall 2009 semester have the opportunity to enroll in First-Year Seminar (FYS) courses. The academic content of the FYS course is be the same as the other sections of the course. The seminars are unique in that enrollment will be 22 or fewer students and limited to freshmen only. An emphasis is placed on communication, critical thinking, and community building. Students benefit from a learning environment that is conducive to interactive learning and application of concepts. We encourage you to recommend these courses to the students you advise. Please help us offer this opportunity to as many students as possible by recommending only one course for each new student.
