

The Seaton Globe

Kansas State University

Department of Geography

February 8, 2010

This newsletter is viewable on the department's website (www.k-state.edu/geography). Past issues are also posted.

Publication

Paul, B.K., and Dutt, S. 2010. Applications of Participatory Research Methods in a Post-disaster Environment: The Case of Cyclone Sidr, Bangladesh. In Ozerdem, A., and Bowd, R. (eds), *Participatory Research Methodologies: Development and Post Disaster/Conflict Reconstruction*, 85-98. Burlington, VT: Ashgate.

Presentation

Feb 11

Dr. James Sherow: "Environmental History of the Chisholm Trail," 12:00 noon, Ackert Hall, Room 324.

Conference Presentations

Presentations at Kansas Natural Resources Conference, 5 February 2010, Wichita, KS

Banner, E., **Daniels, M.D.**, and **Hook, L.** "Documenting the Historical Spatial Extent and Character of Riparian Forests in Kansas Using General Land Office Survey Records."

Daniels, R., Atchison, R., **Martinson, E.**, and **Hutchinson, S.** "A Statewide Forest Resource Assessment and Strategy for Kansas."

Ghimire, K., Dulin, M., Atchison, R., **Daniels, R.**, and **Hutchinson, S.** "Identification and Assessment of Windbreaks in Seven Counties of Kansas Using Remote Sensing and GIS Techniques."

Marston, R., Meade, B., and **Gossard, M.** "Spatial Extent, Timing, and Causes of Channel Incision, Black Vermillion Watershed, Northeastern Kansas."

Events and Things of Note

Horizon Wind Energy Summer Internship: Horizon is taking applications for a summer intern in its Overland Park office. The internship is GIS-based, but also focuses a lot on general wind development. If anyone is interested and has any questions, they can definitely let Rorik Peterson (KSU Geography alum -rorik23@gmail.com) know, but those who are interested in formally applying should go to www.horizonwind.com, click on jobs, and follow the instructions. The direct link to this specific job posting is:

http://careers.peopleclick.com/careerscp/client_horizonwindenergy/external/jobDetails.do?functionName=getJobDetail&jobPostId=636&localeCode=en-us

A new geography website: The following web site has been developed for geography graduate students and faculty as a teaching resource/discussion forum:

<http://geography.sdsu.edu/GFDA/index.html>

"The Geography Faculty Development Alliance (GFDA) has started a digital repository for syllabi and teaching resources. The site also includes instructions to subscribe to a listserv that is devoted to encouraging discussion about pedagogical issues as they pertain to the discipline of Geography. As well, graduate students and faculty are encouraged to build the content of the repository by sharing examples of syllabi and links to electronic teaching resources with Kate Swanson (kswanson@mail.sdsu.edu)."

Kansas City Heartland Roundtable of CSCMP offers Scholarships in Supply Chain and Logistics Management: The Council of Supply Chain Management Professionals (CSCMP) leads the supply chain management (SCM) profession by developing, advancing, and disseminating knowledge on SCM. It exists to: provide opportunities for SCM professionals to interconnect in order to develop and improve their SCM management skills; identify and conduct research that adds to the knowledge base of SCM theory and practice; and create awareness of the significance of SCM to businesses and to the economy. CSCMP has an active student outreach program aimed at developing and supporting the careers of emerging SCM professionals.

The Kansas City Heartland Roundtable is the greater Kansas City CSCMP organization and offers two \$1500 scholarships each year. The scholarships are intended for students attending a college or university in the Kansas City region who have an interest in the areas of supply chain management or logistics. Complete applications should e-mail to the CSCMP at csheu@ksu.edu as an attachment by March 31, 2010.

In addition to scholarships, the Heartland Roundtable CSCMP sends two Kansas City area college or university students to the CSCMP national conference each September. The attendees for the 2010 CSCMP conference will also be chosen from those who apply for the scholarship (see www.cscmp.org for conference information).

Applicants must have a major, minor or focus in supply chain management, logistics or a related area, such as, but not limited to, management, marketing, operations management, industrial engineering, economic geography, military science, etc. A cumulative GPA of 3.0 or higher is required. This scholarship is open to students with at least one additional year of study who are taking at least 6 credit

hours per semester. This includes sophomores, juniors or seniors accepted to graduate studies or first year masters students. Membership and participation in professional organizations related to supply chain management or logistics is preferred. Work experience, including internships in supply chain management or logistics, is preferred. Questions regarding application procedures can be emailed to either Dr. Christine Wright: cwright@ucmo.edu , or Dr. Chwen Sheu: csheu@ksu.edu.

Please contact **Sohini Dutt** (sohini1@ksu.edu) or **Bimal Paul** (bkp@ksu.edu) if you have items for the Globe.
