

APPENDIX D

MA THESES AND PH.D DISSERTATIONS

MA Theses and PhD Dissertaions

M.A Theses

Year	Student	Professor	Topic
1961	Jack E Harding	Dr. Karl Stacey	Petroleum Production and Population Change in North Central Kansas
1963	Lloyd A. Stjernberg	Dr. H.L. Rau	An Inventory, Evaluation and Projection of Manufacturing in Topeka, KS
1963	Eldor C. Quandt, Jr.	Dr. H.L. Rau	A Geographic-Economic Base Study of Salina, Kansas
1964	James Fredric Hamburg	Dr. William R. Siddall	A Study of Factors Affecting Population Trends in Northwestern Kansas
1965	Charles W. Robertson	Dr. William R. Siddall	The Role of Pipelines in World War II
1965	Risto K Marttinen	Dr. William R. Siddall	Ohio River Transportation - A Geography Case Study
1967	Perry S. Wood	Dr. William R. Siddall	Analysis of Population Fluctuations in Westmoreland, Louisville, and Wamego, Kansas
1967	Stanley Vinge, Jr	Dr. Stephen Stover	A Location Analysis of the Commercial Vegetable Canning Industry in Wisconsin
1967	H.L. Seyler	Dr. William R. Siddall	Functional Changes in the Major United States Great Lakes Ports Since the Opening of the New St. Lawrence Seaway
1969	Mary Lou (Kennon) True	Dr. Stephen Stover	Some Aspects of Environmental Pollution Attributed to the Cattle Feedlot Industry in the Upper Neosho Watershed
1969	David B. Gattorna	Dr. Stephen Stover	Some Land Use Impacts of Tuttle Creek Reservoir, Manhattan, Kansas
1969	Halvard Andreas Berg	Dr. William R. Siddall	Post World War II Trends in Norwegian Coastal Shipping
1969	Mohammad Yaqyb Alizai	Dr. Stephen Stover	The Role of Irrigation in Agriculture in West Pakistan
1970	Kao-Lee Liaw	Dr. Stephen Stover	A Spatial Analysis of Sheep-Raising in Kansas
1970	Charles W. Bradley	Dr. David E. Kromm	Environmental Effects of Petroleum Development Along the Alaskan North Slope
1971	William Ziegler, Jr	Dr. David E. Kromm	Perception and Awareness of Air Pollution in Manhattan, Kansas
1971	Keith Piercy	Dr. David E. Kromm	The Geography of Health and Death and the Quality of the Environment in Manhattan, Kansas
1971	Robert M. Perry, Jr	Dr. Stephen Stover	Pesticides Used in Agriculture: Economic Considerations and Environmental Consequences
1973	Clyde E. Weaver	Dr. Stephen Stover	Rural Depopulation in Kansas: A Conceptual Inquiry into the Nature of Changing Rural Settlement Patterns on the American Plains
1973	William A Porter	Dr. H.L. Seyler	Analysis of the Residential Structure of Underprivileged Black Neighborhoods: A Case Study in Manhattan, Kansas
1973	Christopher Palmer	Dr. H.L. Seyler	The Effects of Newcomer Enculturation Upon Urban Spatial Behavior
1973	Omamurhomu S. Okobiah	Dr. David E. Kromm	The Demographic Implications of Irrigation in Western Kansas
1973	John L. Johnson	Dr. David E. Kromm	Awareness of Soil Erosion in Eastern Kansas
1973	James F. Bock	Dr. H.L. Seyler	The Regional Structure of the Kansas Economy
1974	Marna J. (Lindroth) Lintner	Dr. Charles E. Bussing	Distance as a Farm Management Problem
1974	Tadesse Kidane-Miriam	Dr. David E. Kromm	The Growth Pole Theory in Regional Development: A General Model for Less Developed Areas
1974	John C. Gottschamer	Dr. H.L. Seyler	The Relationship Between Community Attitudes and Economic Growth and Development for Rural Kansas Communities
1974	Jay. W. Bruff	Dr. H.L. Seyler	Perception of Visual Quality in Residential Environments
1976	William E. Lindroth	Dr. H.L. Seyler	The Effects of Perceived Spatial Relationships on Locational Choice: A Case Study of the Hastings, Nebraska, City-County Civic Center
1977	John L. Mettille, Jr	Dr. Stephen E. White	Factors Influencing Bicycle Route Selection
1977	JoAnn Luehring	Dr. David E. Kromm	Regionalizations for Water Planning in Kansas
1977	Brian Logan	Dr. David E. Kromm	Experience as a Factor in Tornado Awareness and Response Levels in Kansas

MA Theses and PhD Dissertations

1977 Patricia (Swan) Lambert	Dr. H.L. Seyler	Comparisons of Social Well-Being Components and Perceived Quality of Life Indicators in Rural Kansas Counties
1977 Charlotte Breedlove	Dr. H.L. Seyler	The Effect of Location on the Spatial Behavior of the Residents of Institutions for the Elderly: A Community Analysis
1978 Karl Melton	Dr. Stephen E. White	Determinants of Metropolitan Net-Migration
1978 Stephen Lewis	Dr. Stephen E. White	Relative Location and Industrial Growth
1978 Gail Leithauer	Dr. Stephen E. White	The Effectiveness of Differential Assessment as a Land Use Control
1978 Philipos Kemere	Dr. Stephen E. White	Export and Economic Growth in Africa
1980 Gerald Shanklin	Dr. David E. Kromm	Perception of the Flood Hazard in Manhattan, Kansas
1980 Marilyn S. Myers	Dr. H.L. Seyler	Processes Altering Patterns of Urban Open Space--Wichita and Comotara: A Case Study
1980 David Fleetwood	Dr. Stephen E. White	A Locational Analysis of Non-Metropolitan Secondary Hospitals in Kansas
1980 Peter Dotzauer	Dr. H.L. Seyler	The Impact of Location Relative to Cities on Village Population-Changes in Kansas
1981 Sunandpattira Nilchang	Dr. Stephen E. White	The Diffusion of Grain Sorghum in Kansas
1981 Robin A. Moore	Dr. Stephen E. White	Intra-Urban Migration in the Kansas City Metropolitan Area
1981 John R. Cyr	Dr. Charles E. Bussing	Historic Landscapes of Cloud County, Kansas
1982 Stephen A. Schott	Dr. David E. Kromm	National Park Management Policies and Functions in the United States and West Germany
1982 Mei-Huey Liang	Dr. M. Duane Nellis	Land Use Change in the Area Surrounding Salina, Kansas, 1976-1980
1982 Dean Andrew	Dr. H.L. Seyler	The Influence of Personal Factors on Recent Industrial Location
1983 Pratoom Roengsawad	Dr. M. Duane Nellis	Changing Structure of Rural Land Uses in Northwestern Kansas
1983 Andra L. Juniel	Dr. H.L. Seyler	Nonmetropolitan Fringe and Suburban County Factors
1983 Roxane M. Fridirici	Dr. Stephen E. White	Deterring Fringe Country Metropolitan Inclusion
1983 Jonathan Bascom	Dr. William R. Siddall	Kansas Through the Eyes of Kansans: Perception of Kansas Landscapes
1984 Nyle D. Layton	Dr. M. Duane Nellis	The Nature of Refugee Resettlement Patterns in Africa
1984 Charlene D. Hsu	Dr. David E. Kromm	Plant Redistribution and Desertification due to Subsidence Fissures in the Wilcox Area, Arizona
1984 Alan Frye	Dr. H.L. Seyler	Public Housing, Population Redistribution, and Urban Development in Singapore
1984 Sharon (Parks) Mandel	Dr. Charles E. Bussing	Response of Major Shopping Centers to Transportation Network Improvements in Wichita, Kansas
1985 Cynthia L (Rolph) Dautel	Dr. Stephen E. White	Catchment Analysis of Four Kansas City Hopewell Archeological Sites
1985 Stanley R. Wilds	Dr. Stephen E. White	Selected Patterns of Population Movement in the West Bank Since 1967
1986 Wilma Baruth	Dr. M. Duane Nellis	Analysis of Land Ownership and Range Management Practices in the Northern Kansas Flint Hills
1986 Delmar Eugene Seagle	Dr. William R. Siddall	Straight as the Crow Flies: Historical Geography of the Kansas City Southern Railway Company
1988 Brenda Martin	Dr. M. Duane Nellis	Spatial and Temporal Characteristics of Prescribed Rangeland Burning; The Northern Flint Hills of Kansas
1988 Marion Mackay	Dr. Stephen Stover	The Impact of Mennonite Settlement on the Cultural Landscape of Kansas
1988 Chen Li	Dr. Stephen E. White	The Impact of Mennonite Settlement on the Cultural Landscape of Kansas
1988 James Kilgannon	Dr. Stephen E. White	Factors Influencing Population Change in Northcentral Kansas
1988 Roxanne (Beard) DiLaura	Dr. Stephen Stover	Land Use and Sedimentation in the Basin of Tuttle Creek Reservoir
1989 Donald Harrier	Dr. H.L. Seyler	Ethnic Residential Segregation: The Case of Asian Indians in Chicago, 1980
1990 Robert F. Vetter	Dr. M. Duane Nellis	Factors Influencing the Changing Patterns of Field Windbreaks in Southwestern Kansas
	Dr. M. Duane Nellis	An Analysis of the Spatial Distribution of the Rural Farm Population in Decatur County, Kansas: 1900-1988
	Dr. M. Duane Nellis	Suffolk County's Experience with the Purchase of Development Rights and Farmland Preservation

MA Theses and PhD Dissertations

1990 Michael G. Murray	Dr. M. Duane Nellis	Landfill Location Analysis: The Big Lakes Region of Kansas
1990 Kara Brown Kuntz	Dr. M. Duane Nellis	Factors that Influence Kansas Farmer's Decision to Adopt or Reject Conservation Tillage
1991 Robert Alan Sinkler	Dr. M. Duane Nellis	A Geographic Information System Model for Determining Vehicle Trafficability
1991 Gary M. Senseman	Dr. M. Duane Nellis	Spatial Analysis of SPOT HRV Digital Data for Locating Prairie Dog Towns in Meade County, Kansas
1991 Erik L Peterson	Dr. M. Duane Nellis	Channelization and Land Use Changes Along the Black Vermillion River
1991 Leslie Aileen Duram	Dr. Stephen E. White	"Aussiedler" and "Vebersiedler: The Migration of Ethnic Germans to the Federal Republic of Germany"
1991 Jocelyn E Denton	Dr. Stephen E. White	The Vietnamese Population in Wichita, Kansas: Patterns of Settlement and Intra-urban Migration 1976-1990
1992 Gregory P. Thompson	Dr. Karen J. De Bres	Locational Variability of Land Values in Topeka, Kansas: A Reanalysis
1992 Mark B. Guizlo	Dr. Charles E. Bussing	Land Use and Wildlife Conservation in Southern Africa: A Comparative Analysis
1992 John Edward Doran	Dr. M. Duane Nellis	Urban Land Use Structure and Change: A Comparison of Manhattan, Kansas and Gaborone, Botswana
1992 Ronald K. Brown	Dr. M. Duane Nellis	Rehabilitation of Limestone Quarries in Northeast Kansas: What's Going on Out There?
1992 Jon David Bathgate	Dr. M. Duane Nellis	American Bison Dispersion: A Geographic Information System Predictive Model
1993 Blake B. Wilson	Dr. David E. Kromm	An Assessment of the Impact of Irrigation on the Quivira National Wildlife Refuge
1993 Christine M. Quader	Dr. David E. Kromm	Adjusting to Water Scarcity: A Case Study of Hays, Ks
1993 John B. Lavin	Dr. M. Duane Nellis	A Comparatative Study of the Urban Structure of Asuncion, Paraguay with Urban Land Use Models Proposed for Cities of Less Developed Countries
1993 Gerald W. Heitschmidt	Dr. M. Duane Nellis	Spatial and temporal Variations of Wildlife Habitat in Cheyenne Bottoms Wildlife Area
1993 Charles F. Frye	Dr. Stephen E. White	Places Rated: Differences and Biases in U.S. Metropolitan Quality of Life Studies
1993 Robert L. Dunaway	Dr. Charles W. Martin	A Geographic Information System Model for Army Tactical Units Below Division Level
1993 Michael E Cline	Dr. Stephen E. White	Small Town Population Change in Northwest Kansas: The Causes and Their Implications for Development Policies
1994 Jeffrey J Weatherly	Dr. Charles W. Martin	Historical Channel Adjustments of the Lower Big Blue River Below Tuttle Creek Reservoir, Manhattan, Kansas, 1857-1991
1994 Asad Ullah	Dr. H.L. Seyler	Use of Geographic Information Systems for Assessment and Collection of Municipal Taxes. Metropolitan Corporation Lahore, Pakistan
1994 Malcolm M Ponte	Dr. H.L. Seyler	Industrial Location in Kansas City: Assessing the Development Potential of the Urban Core
1994 L. Penny Murrieta	Dr. Stephen E. White	Geography of Intercounty Adoption; A Migration Context
1994 Raymond E McDonald, Jr	Dr. H.L. Seyler	A Pesticide Impact Assessment Model for the Delaware Watershed Utilizing a Geographic Information System
1994 Charlie F. Lindauer	Dr. M. Duane Nellis	Virginia's Atlantic Bluefin Tuna Catch Distributions Relative to Oceanic Features Observed from Satellite Imagery
1994 David S. Howard	Dr. Charles E. Bussing	A Geographic Perspective on Rail Abandonment in Kansas
1994 Jason Holcomb	Dr. Stephen E. White	Aging Farmers and Land Ownership Changes in Kansas
1994 Craig P. Hoffman	Dr. Charles E. Bussing	Tourism, the Environment, and Coastal Zone Management on Ambergris Cay, Belize
1994 Barbara J. Gibson	Dr. David E. Kromm	Water Consumption in Phoenix and Las Vegas: Are They Efficient?
1994 Alex Diniz	Dr. Stephen E. White	Step and Chain Migration to Romania State, Brazil
1994 Paul R. Burger	Dr. Karen J. De Bres	Who is the Unaligned Voter? Spatial Variations Among Kansas' Third Party Voters in American Presidential Elections

MA Theses and PhD Dissertations

1994 Philip C. Brink	Dr. M. Duane Nellis	The Influence of Land Use, Stream Flow Volume, and Stream and Watershed Slope Characteristics on Nitrate Concentrations Found in Selected Tributaries of Tuttle Creek Reservoir
1995 Thomas J. Whitehouse	Dr. H.L. Seyler	Locational Impact Assessment of a Spill Hazards in the Greater Topeka Area
1995 Eric S. White	Dr. David E. Kromm	The Success of 1993 Flood Controls in Kansas River Basin Small Communities
1995 Chuck E. Speth	Dr. Douglas G. Goodin	Temperature Trends Through Changing Land Use and Selected Meteorological Variables in and around Kansas City, 1949-1984
1995 Bradley C. Rundquist	Dr. M. Duane Nellis	A Reflection of Its Water: Agricultural Land-Use Change in Finney County, Kansas, 1987-1992
1995 Adrienne M. Oliver	Dr. Stephen E. White	Determinants of Nonmetropolitan Crime in Kansas, 1981-1991
1995 Jennifer J. Noll	Dr. M. Duane Nellis	The Relationship of Total Solids to Surrounding Land Characteristics: A Case Study of Tuttle Creek Reservoir, Kansas
1996 Brian D. Wardlow	Dr. John A. Harrington, Jr	Temporal Monitoring of Suspended Sediment Patterns Using Landsat Thematic Mapper Imagery - A Study of Tuttle Creek Reservoir, Kansas
1996 Brooks C. Pearson	Dr. H.L. Seyler	Dreams Deferred: The Uneven Distribution of Suburban Well-Being in America
1996 Jim Masenthin	Dr. Stephen E. White	Exploring the Cognitive Realms of German and American Geography Students
1996 Brenda Martin	Dr. David E. Kromm	Flooding Impact on Northeast Kansas Wetlands
1996 Jeffrey M. Jacobs	Dr. Bimal K. Paul	Acquired Immunodeficiency Syndrome: Beyond Metropolitan Kansas
1996 Lana Darrow	Dr. Bimal K. Paul	Potential Physical Accessibility to General Practitioners in a Kansas Rural Area
1996 Patricia A. Bennett	Dr. David E. Kromm	Anticipatory Impacts of a Proposed Water Transfer: A Study of Edwards County, Kansas
1996 Michele Barnaby	Dr. Stephen E. White	The Distribution of Feedlots in Southwestern Kansas, 1962-1995
1997 Chi Zhenhuan	Dr. M. Duane Nellis	Analyzing Rangeland Grazing Intensity Using Landsat Thematic Mapper Images and GIS Techniques
1997 Nancy Leathers	Dr. Lisa M.B. Harrington	Conservation Reserves and Protection of Erodible Soils in Southwestern Kansas
1997 J.M. Shawn Hutchinson	Dr. John A. Harrington, Jr	Radar Backscatter - Soil Moisture Relationship over Tallgrass Prairie
1997 Kent Hilbert	Dr. Charles W. Martin	An Analysis of Suspended Sediment Concentration in the Republican River between Harlan County Dam, Nebraska and Clay Center, Kansas
1997 Chris Banner	Dr. Bimal K. Paul	Evaluation and Prediction of Wheat Leaf Rust Severity and Prediction of Yield Components of Rusted Wheat Through Use of Aerial Color Infrared Photography
1998 Jennifer Radcliff	Dr. Lisa M.B. Harrington	Environmental and Human effects on Vegetative Species Richness of Selected National Parks and Monuments
1998 Eric Parr	Dr. David E. Kromm	A Case Study of Mennonite and non-Mennonite Farming Practices in Haskell County, Kansas
1998 Brock Emmert	Dr. Charles W. Martin	Hydrologic Modeling, of Anthropogenic Impacts on Little Kitten Creek Watershed, Manhattan, Kansas
1999 Enru Wang	Dr. Max Lu	Catching Up and Falling Behind: China's Regional Inequalities in the Era of Reform
1999 Ted Payne	Dr. H.L. Seyler	A GIS and GPS Analysis of Tamarix at Quivera National Wildlife Refuge
1999 Chris Henrie	Dr. Stephen E. White	Small Town Viability in the High Plains Ogallala Region of Eastern Colorado and Western Kansas: 1950-1990
1999 John Guinotte	Dr. John A. Harrington, Jr	A Model for Predicting Coral Reef Habits in the Tropical Western Atlantic and Eastern Pacific
1999 James Blocker	Dr. John A. Harrington, Jr	An Examination of Remotely Sensed Derived Vegetation Indexes and Maneuver Damage Assessments at Fort Riley, Kansas

MA Theses and PhD Dissertations

2000 Kristen Ann (Klimstra) Rundquist	Dr. Lisa M.B. Harrington	Modeling Grassland Bird Habitat in Agricultural Areas: A Landscape-Scale Study in Southwestern Kansas
2000 Sergio Camberos	Dr. Lisa M.B. Harrington	Regeneration of Ponderosa Pine Following a Wildfire in Yosemite National Park, California
2000 William Brett Anderson	Dr. Jeffrey S. Smith	Land Use and Landscape Change in a Rocky Mountain Community
2000 Jincheng Gao	Dr. H.L. Seyler	Change Detection of Wetlands in Kansas: A Case Study of Rattlesnake Creek Watershed, 1973-1998
2000 Katrina Frank	Dr. John A. Harrington, Jr	Potential Effects of Warm Season Climate Change on Livestock Production in the United States.
2000 Leigh Foster	Dr. Karen J. De Bres	Veteran Concentration in an Era of Military Institution Closures
2001 Teresa Nusbaum	Dr. David E. Kromm	A Systematic Method for Investigating Cultural Adaption of Space
2001 Luke Marzen	Dr. Lisa M.B. Harrington	Remote Sensing of Change in the Mount St. Helens Blast Zone
2001 W. Lanham Lister	Dr. H.L. Seyler & Dr. Stephen E. White	Proximity and Patterns of Industrial Growth in U.S. Border Counties and Mexican Border Municipios between 1970-1990
2002 James M Wood	Dr. John A. Harrington, Jr	A Test of Palmer's Climatic Stability Index
2002 Jeff Van Looy	Dr. Charles W. Martin	Historical Changes in channel Morphology Along the Cimarron River in Southwest Kansas
2002 David Tuley	Dr. Karen J. De Bres	The Use of Key Settlement Policy in Kansas, Based Upon Municipal Population Change, to Increase the Efficiency of Public Involvement in Rural Development
2002 Ryan Kroemer	Dr. John A. Harrington, Jr	Assessing Aquifer Vulnerability in Phelps County, Nebraska and Finney County, Kansas Using DRASTIC and LPI Indices
2002 Johnny Coomansingh	Dr. Karen J. De Bres	Trinidad Carnival as an Amalgam of Borrowed Cultural Elements
2003 Michael S. Zimney	Dr. John A. Harrington, Jr	Hierarchical Diffusion of Geographic Information Systems in Kansas
2003 Nathan P. Kettle	Dr. Lisa M.B. Harrington	Groundwater Depletion and Agricultural Land Use Change in Wichita County, Kansas
2003 Hong Gao	Dr. Max Lu	Land Use Change in Sichuan Province, China
2003 Mary E Dobbs	Dr. Lisa M.B. Harrington	Water Quality Attitudes and Producer Behavior, Big Creek and Middle Smokey Hill River Hydrologic Units, Kansas
2003 John Archer	Dr. Charles W. Martin	The Future of Tuttle Creek Reservoir
2004 Benjamin N. White	Dr. Jeffrey S. Smith	The Morman Culture Region: Persistence and Change of a Distinct North American Cultural Landscape
2004 Ryan Reker	Dr. John A. Harrington, Jr	Mapping Conservation Reserve Program Trends in Southwest Kansas using Geospatial Techniques
2004 Danielle Peterson	Dr. Jeffrey S. Smith	Attachment to Place: Detachment from the Latter-Day Saints Cultural Area
2004 Biqing (Jessie) Huang	Dr. Bimal K. Paul	Warnings and Public Response to the May 4, 2003 Tornadoes in Kansas, Missouri, and Tennessee
2004 Misty A Gruener	Dr. Karen J. De Bres	An Analysis of the Relationship Between Custer State Park and Other Tourist Destinations in the Black Hills
2004 Matthew J. Gerike	Dr. Kevin S. Blake	Historical Markers and Meaning: Locating Santa Fe Trail Origins in Central Missouri
2004 Tracy L. Brown	Dr. J.M. Shawn Hutchinson	Classification of Potential Surface Water Pollution Sources in Kansas
2004 Erik H. Bowles	Dr. John A. Harrington, Jr	An Applied Climatology of Heat Stress Events in the Central United States: A Spatial and Temporal Assessment Using the Temperature-Humidity Index
2005 Brooke M. Stansberry	Dr. J.M. Shawn Hutchinson	Landscape Factors Influencing the Presence of Migrant Forest Songbirds in the Kansas Flint Hills
2005 Allen Schweitzer	Dr. Charles W. Martin	Cultural Impacts of Dam Construction and Sedimentation of Waconda Reservoir in North Central Kansas
2005 Scott R. Leis	Dr. Bimal K. Paul	Wildfire Risk and Preparedness in South Central Alaska
2005 Sam Hiett	Dr. Karen J. De Bres	Lindsborg and McPherson: An Analysis of Visitor Preferences at Two Ethnic Festivals in Kansas
2005 Lori Emerson	Dr. Kevin S. Blake	Mining for Meaning in Colorado's White Gold: Ski Trail Names at Winter Park, Aspen, and Steamboat

MA Theses and PhD Dissertaions

2005 Tony L. Davis	Dr. J.M. Shawn Hutchinson	Estimating Soil Erosion Risk at Fort Riley, Kansas using the Revised Universal Soil Loss Equation (RUSLE) with a Military Training Intensity Factor
2005 Shane J.C. Csiki	Dr. Charles W. Martin	The Distribution of Heavy Metals in the Floodplain of the Alamosa River, Colorado
2006 Thomas Vought	Dr. J.M. Shawn Hutchinson	Assessing the Threat of Biological Terrorism to U.S. Agriculture
2006 Jason Sweet	Dr. Douglas G. Goodin	Kansas Plant Species Richness: collections, Predictions, and Landscape Relationships
2006 Mitch Stimers	Dr. Bimal K. Paul	A Relative Severity Index for Tornado Events: An Index to Describe the Effects of Tornadoes on Individual Communities
2006 Charlene Rice	Dr. John A. Harrington, Jr	Analysis of Growth and Land Use Changes in Topeka, Ks
2006 Darci Paull	Dr. Karen J. De Bres	Free Land for People: A Study of a New Program for Saving Small Towns in Kansas
2006 Rhett Mohler	Dr. Charles W. Martin	Historical Channel Change of Vermillion Creek, Kansas, 1857-2002
2006 Kabita Ghimire	Dr. Douglas G. Goodin	Relationships of Roden Habitats Vegetation Structure with Prevelance of Hantavirus Infection in Paraguay
2006 Jessica Burnum	Dr. Bimal K. Paul	Spatial Analysis of Seized Methamphetamine Labs in Colorado Springs, CO, 1999-2005
2006 Will Breitreutz	Dr. J.M. Shawn Hutchinson	Mapping Hantavirus Risk: A Reservoir Species Perspective

MA Theses and PhD Dissertations

PhD Dissertations

Year	Student	Professor	Topic
2000	Bradley C. Rundquist	Dr. Douglas G. Goodin	Fine-Scale Spatial and Temporal Variation in the Relationship between Spectral Reflectance and a Prairie Vegetation Canopy
2000	Thomas C. Schafer	Dr. David E. Kromm	The Relationship Between the Expansion of Irrigation and Crop Diversification in the North-Central Ogallala High Plains, 1950-1997
2000	J.M. Shawn Hutchinson	Dr. John A. Harrington, Jr	Estimating Tallgrass Prairie Soil Moisture Using Active Satellite Microwave Imagery and Optical Sensor Inputs
2001	Holly Barcus	Dr. Max Lu	Composition, Motivations and Residential Consequences of Urban to Rural Migration in the United States
2001	James Davis	Dr. Karen J. De Bres	The Bevier Homecoming: An Anatomy of a Successful Grassroots Festival
2001	Jason Holcomb	Dr. Stephen E. White	Counterurbanization in the Great Plains? Analysis of County-to-county Migration in Three Texas Sub-Regions, 1985-1990
2001	Luke J. Marzen	Dr. Lisa M.B. Harrington	Remote Sensing of Change in the Mount St. Helens Blast Zone.
2001	Nancy J. Leathers	Dr. John A. Harrington, Jr	A Furnance Wind Climatology for the Central United States
2001	Sujata De	Dr. Bimal K. Paul	Labor Market Participation of Asian Indian Women in Greater Kansas City Metropolitan Area
2005	Gregory S. Vandenberg	Dr. Charles W. Martin	The Distribution of Heavy Metals in Floodplain Soils and Sediments of the Upper Blackfoot River, Montana
2005	John C. Jacobs	Dr. Max Lu	Ad hoc Regions: Applying Regional Concepts to Solve Local Problems
2005	Johnny Coomansingh	Dr. Karen J. De Bres	The Commodification and Diffusion of the Steelpan as a Conflicted Tourism Resource
2006	Jincheng Gao	Dr. Douglas G. Goodin	Canopy Chlorophyll Estimation with Hyperspectral Remote Sensing
2006	Mary Dobbs	Dr. Lisa M.B. Harrington	Doctoral degree awarded posthumously.
