Thursday, April 16

Biosecurity Research Institute Tour
Enjoy a visit to Kansas State University’s Biosecurity Research Institute (BRI). The BRI is a front line state-of-the-art facility for research and education on pathogens that infect people, livestock, insects and plants that threaten food supplies and health. Participants will be experience a virtual tours and visit the “Hands on” training laboratory.

Garden Tour
From their rich beginnings during the early 1900s to their ambitious goals for the future, the KSU Gardens have proven their ability to withstand the hands of time. Alumni will enjoy a guided tour and discover treasures on their own.

Beach Museum Tour: Thursday
Participants will enjoy a tour of the entire museum and meet and learn from the artist-in-residence, Sean Starowitz. His gallery installation is titled “The Center for Food Perception and Aesthetics” and will function as the artist’s research lab. If weather permits, alumni will tour outdoor projects, including the Meadow adjacent to the museum and Cairns on the Beach in the Stolzer Gallery.

Coffee and Tour of President Schulz’s Residence
Enjoy coffee and networking with other alumni at the President’s residence hosted by First Lady Noel Schulz. Tours of the President’s home will be available.
Friday, April 17
