

Notable Scholarly Graduate Student Achievements

Presented by K-State's Graduate Student Council

vol. 1, issue 1, Fall 2010

K-State's Graduate Student Council would like to recognize several graduate students who have had notable scholarly achievements throughout the Fall 2010 semester. All recommendations were made by K-State faculty who have worked with the students and feel the student should be recognized. This list is by no means meant to be all-inclusive of the graduate student accomplishments across campus, but hopefully is a representative return from the faculty. The students that have been recommended have been grouped based on the type of achievement and by academic unit. The professor submitting the recognition is noted in parenthesis after each student's name and award.
