Title	Department	Contact Person	Contact Information	Description	Purpose	Criteria
ROBERT NUNEMACHER SCHOLARSHIP	College of Agriculture	Don Boggs	WA 117 532-6151	Scholarships	The purpose of this scholarship is to perpetuate the memory of Robert Nunemacher and to provide financial assistance to students properly enrolled in the College of Agriculture at Kansas State University.	The recipient(s) of this scholarship will be a student(s) properly enrolled in the Graduate School at Kansas State University who is pursuing a doctorate level degree in agriculture related to ranching or farming. This scholarship provides for at least one tuition only scholarship to be awarded to a student(s) based on academic standing and financial need. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability.
NORMAN (DAVID W) INTERNATIONAL AGRICULTURAL DEVELOPMENT SCHOLARSHIP	Ag - International Programs	John Crespi	WA 310 532-3357	Scholarships	The purpose of this scholarship is to provide financial assistance to agricultural economics graduate students properly enrolled in the College of Agriculture at Kansas State University who are committed to the agricultural development in low-income countries.	The recipient of this scholarship will be an agricultural economics graduate student properly enrolled in the College of Agriculture at Kansas State University. Preference will be given to a student from a low-income country, particularly Africa, but if no suitable recipient is available, the recipient will be a student interested in the agricultural development of low-income countries, preferably Africa. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability.

MASTERS IN AGRIBUSINESS ALUMNI SCHOLARSHIP	Agricultural Economics	Allen Featherstone	WA 313 532-4441	Scholarships	The purpose of this scholarship is to provide financial assistance to students properly enrolled in the Masters in Agribusiness Program in the Department of Agricultural Economics in the College of Agriculture at Kansas State University.	The recipients of this scholarship will be students properly enrolled in the Masters in Agribusiness Program in the Department of Agricultural Economics in the College of Agriculture at Kansas State University. In all other respects, these funds shall be awarded without restriction to race, gender, national origin, religion, age, sexual orientation, or disability.
AGRICULTURAL ECONOMICS EMERITUS FACULTY AND FRIENDS SCHOLARSHIP	Agricultural Economics	John Crespi	WA 310 532-3357	Scholarships	The purpose of this scholarship is to honor agricultural economics emeritus faculty and friends and to provide financial assistance to graduate students properly enrolled in the Department of Agricultural Economics in the College of Agriculture at Kansas State University.	The recipient of this scholarship will be a graduate student, prospective graduate student or undergraduate student admitted to the graduate program in the Department of Agricultural Economics at Kansas State University. The recipient shall be conducting research or studies relating to the agricultural economy of Kansas. First preference will be given to a domestic student as defined by the Office of Admissions. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability.

LIM (TIM) GRADUATE SCHOLARSHIP IN AGRICULTURE	Agricultural Economics	John Crespi	WA 310 532-3357	Scholarships	The purpose of this endowment is to honor Tim Lim and to provide financial assistance to graduate students property enrolled in the Department of Agricultural Economics in the College of Agriculture at Kansas State University.	The recipient(s) of this scholarship will be a graduate student(s) property enrolled in the Department of Agricultural Economics in the College of Agriculture at Kansas State University. Preference will be given to a graduate of Applied Economics from Chung Hsing University in Taichung, Taiwan. This scholarship is renewable if the recipient(s) meets the criteria for selection. Each recipient may receive the scholarship for a maximum of two years. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability.
KSU PHOSPHORUS MANAGEMENT GRADUATE PROGRAM	Agronomy	Kevin Donnelly	TH 3107 532-5402	Student Awards	The purpose of this award is twofold: to provide financial assistance to support graduate students properly enrolled in the Department of Agronomy in the College of Agriculture at Kansas State University working on an advanced degree in soil fertility and phosphorus management, and to provide resources to support graduate student thesis research in soil fertility and phosphorus management.	The graduate student recipient(s) of this award will be properly enrolled in an advanced degree program in the Department of Agronomy in the College of Agriculture at Kansas State University. In all other respects, this scholarship shall be awarded without restriction to race, gender, national origin, religion, age, sexual orientation, or disability.

<p>BONCZKOWSKI (LARRY) MEMORIAL GRADUATE AGRONOMY SCHOLARSHIP</p>	<p>Agronomy</p>	<p>Kevin Donnelly</p>	<p>TH 3107 532-5402</p>	<p>Scholarships</p>	<p>The purpose of this scholarship is to perpetuate the memory of Larry Bonczkowski and to provide financial assistance to graduate students properly enrolled in Agronomy in the College of Agriculture at Kansas State University.</p>	<p>The recipient of this scholarship will be a graduate student properly enrolled in Agronomy in the College of Agriculture at Kansas State University. First preference will be given to a Kansas resident. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability.</p>
<p>KILGORE (GARY &amp; LORRAINE) DISTANCE MASTERS OF SCIENCE AGRONOMY SCH</p>	<p>Agronomy</p>	<p>Kevin Donnelly</p>	<p>TH 3107 532-5402</p>	<p>Scholarships</p>	<p>The purpose of this scholarship is to honor Gary and Lorraine Kilgore and to provide financial assistance to graduate students properly enrolled in the Distance M.S. of Agronomy in the Department of Agronomy in the College of Agriculture at Kansas State University.</p>	<p>The recipient of this scholarship will be a graduate student properly enrolled in the Distance M.S. of Agronomy in the Department of Agronomy in the College of Agriculture at Kansas State University. First preference will go to Kansas State University extension agents. Second preference will go to industry agronomists which could include seed or feed company agronomists. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability. The annual available earnings from the principal will be the basis for the awards.</p>

LAMOND ( RAY) MEMORIAL GRADUATE SCHOLARSHIP IN AGRONOMY	Agronomy	Kevin Donnelly	TH 3107 532-5402	Scholarships	The purpose of this scholarship is to honor Ray Lamond and to provide financial assistance to students properly enrolled in the Department of Agronomy in the College of Agriculture at Kansas State University.	The recipient of this scholarship will be a graduate student properly enrolled in the Department of Agronomy in the College of Agriculture at Kansas State University. The student must have an undergraduate GPA of 3.2 or higher and have past and current community involvement. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability. The annual available earnings from the principal will be the basis for the awards.
SCHRADER/MASSIER GRADUATE EXCELLENCE FUND IN AGRONOMY	Agronomy	Kevin Donnelly	TH 3107 532-5402	Student Awards	The purpose of this award is to honor Dr. Larry Schrader and Dr. Elfriede Massier and to provide financial assistance to a newly recruited outstanding graduate student in crop science who is properly enrolled in the Department of Agronomy in the College of Agriculture at Kansas State University. The award is intended to assist the Department in recruiting an outstanding student each year, and is not intended to substitute for state or grant funds normally used to provide financial assistance to graduate students.	The recipient of this award will be a new graduate student who is properly enrolled in the Department of Agronomy in the area of crop production or crop physiology in the College of Agriculture at Kansas State University. Preference will be given to 1) a Ph.D. candidate who is a citizen of the United States or 2) a M.S. candidate who is a citizen of the United States. The award will be provided to a selected student only during his/her first year of enrollment. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability.

<p>BUHLER POULTRY RESEARCH FELLOWSHIP</p>	<p>Animal Science and Industry</p>	<p>Dan Moser</p>	<p>WB 132 532-2459</p>	<p>Student Fellowships</p>	<p>The purpose of this fellowship is to provide financial assistance to directly support the salary and benefits for a research assistant within the Department of Animal Sciences and Industry in the College of Agriculture at Kansas State University. This fellowship will be used for the study of alternative feed processing strategies for poultry systems.</p>	<p>The recipient of this fellowship will be a research assistant focusing on the study of alternative feed processing strategies for poultry systems in the Department of Animal Sciences and Industry in the College of Agriculture at Kansas State University. Funds are restricted and are to be used to directly support the salary and benefits for the research assistant. The research assistant will work under the direction and supervision of the Poultry Research Center Director. This position requires a Bachelor of Science degree in Animal Sciences and Industry or related field with preference going to an applicant with a Masters of Science and/or a doctorate degree in Veterinary Medicine. Additionally, preference will be given to an applicant who has experience working with poultry milling systems. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability.</p>
---	------------------------------------	------------------	----------------------------	----------------------------	---	---

<p>KEMIRA OY BEEF FEEDLOT RESEARCH FELLOWSHIP</p>	<p>Animal Science and Industry</p>	<p>Dan Moser</p>	<p>WB 132 532-2459</p>	<p>Student Fellowships</p>	<p>The purpose of this award is to provide financial assistance to directly support the salary and benefits for a Research Assistant within the Department of Animal Sciences and Industry in the College of Agriculture at Kansas State University for the study of rumen microbiology and metabolism relating to beef feeding strategies</p>	<p>Funds are restricted and to be used to directly support the salary and benefits for a Research Assistant within the Department of Animal Sciences and Industry in the College of Agriculture at Kansas State University. This research assistant will work under the direction and supervision of the faculty director of the Beef Cattle Research Center. Requirements for recipients of this fellowship include a Bachelor's of Science in Animal Sciences and Industry or related field, and concurrent enrollment in Graduate School for pursuit of a Master's of Science degree or doctoral degree in Animal Sciences and Industry, Veterinary Medicine, or a related field. The Head of the Department of Animal Sciences and Industry will have the authority to dispense said funds to the respective staff member under the conditions of this agreement and with authorization by the Dean of the College of Agriculture at Kansas State University.</p>
---	------------------------------------	------------------	----------------------------	----------------------------	--	---

<p>ZOELLNER (KEITH O) MEMORIAL DISSERTATION AWARD</p>	<p>Animal Science and Industry</p>	<p>Dan Moser</p>	<p>WB 132 532-2459</p>	<p>Student Awards</p>	<p>The purpose of this award is to perpetuate the memory of Keith O. Zoellner and to provide financial assistance to doctoral students properly enrolled in Animal Sciences and Industry in the College of Agriculture at Kansas State University.</p>	<p>The recipient(s) of this award will be a doctoral candidate properly enrolled in Animal Sciences and Industry in the College of Agriculture at Kansas State University, who is working on his or her dissertation research. Although not limited in the area of focus of the research, preference for the award should go to candidates in the area of breeding and genetics broadly defined. These funds are to be used to aid in dissertation-related research expenses. These funds may be awarded based on merit or need. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability.</p>
<p>ALLEN (DR DELL M) GRADUATE SCH IN MEAT SCIENCE PRESENTED BY INTERVET SCHERING-PLOUGH ANIMAL HEALTH</p>	<p>Animal Science and Industry</p>	<p>Dan Moser</p>	<p>WB 132 532-2459</p>	<p>Scholarships</p>	<p>The purpose of this scholarship is to honor Dr. Dell M. Allen and to provide financial assistance to a graduate student properly enrolled in the Department of Animal Sciences and Industry in the College of Agriculture at Kansas State University with a focus in meat research for the benefit of the beef industry.</p>	<p>The amount of this scholarship will be \$2,500 annually awarded to one student, when funds are provided. The recipient of this scholarship will be a graduate student properly enrolled in the Department of Animal Sciences and Industry in the College of Agriculture at Kansas State University with a focus in meat research for the benefit of the beef industry. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability.</p>

CARGILL MEAT SOLUTIONS GRADUATE FELLOWSHIP	Animal Science and Industry	Dan Moser	WB 132 532-2459	Student Fellowships	The purpose of this fellowship is to recognize Cargill, Inc and to provide financial assistance to support graduate students properly enrolled in the Department of Animal Sciences and Industry in the College of Agriculture at Kansas State University.	Recipients of this fellowship will be graduate students properly enrolled in the Department of Animal Sciences and Industry in the College of Agriculture at Kansas State University who are pursuing research in the areas of meat science, muscle development and/or food safety. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability.
JACKSON (LOLA LEE) ANIMAL WELFARE FOUNDATION FUND	Grain Science and Industry	Jon Faubion	SH 209 532-5320	Other Student Assist and Support	The purpose of this award is to perpetuate the memory of Lola Lee Jackson and to support salaries and/or expenses for graduate students pursuing research in animal nutrition and/or feed science within the department of Grain Science and Industry in the College of Agriculture at Kansas State University.	The recipient of this award will be a graduate student properly enrolled in the department of Grain Science and Industry in the College of Agriculture at Kansas State University. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability.

BRABENDER BAKERY SCIENCE FELLOWSHIP	Grain Science and Industry	Jon Faubion	SH 209 532-5320	Student Fellowships	The purpose of this fellowship is to recognize C W Brabender Inc. and to provide financial assistance to graduate students obtaining a Masters or Doctoral degree in the department of Grain Science and Industry in the College of Agriculture at Kansas State University.	2 recipients of this fellowship will be awarded \$20,000 each. They must be graduate students obtaining Masters or Doctoral degree in Grain Science and Industry. Masters - 1 year commitments to full time students in good standing. Doctoral - up to 2 year commitments to full time students in good standing; receipt of the second year of the award will be dependent on maintaining good standing and acceptable progress on research topic. Graduate students in 1st year of their degree programs not eligible for fellowships. Only students who have selected a research topic are eligible. Eligible research topics; physical dough properties, physical properties testing/measurements/analysis, physical properties instrumentation/methods, physical properties and their relation to functionality or quality, and physical properties of grain based or derived materials (non-dough). Students eligible for only one fellowship per degree. Masters fellows may apply and be awarded Doctoral fellowships.
-------------------------------------	----------------------------	-------------	--------------------	---------------------	---	---

SEIB (PAUL) GRAIN SCIENCE GRADUATE SCHOLARSHIP FUND	Grain Science and Industry	Jon Faubion	SH 209 532-5320	Scholarships	The purpose of this scholarship is to honor Paul Seib and to provide financial assistance to graduate students conducting research in grain carbohydrates in the Department of Grain Science and Industry in the College of Agriculture at Kansas State University.	The scholarship will be awarded as \$1,000 annually to one student when funds are provided. The recipient of this scholarship will be a graduate student conducting research in grain carbohydrates in the Department of Grain Science and Industry in the College of Agriculture at Kansas State University. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability.
DR. C.E. WALKER INTERNATIONAL GRADUATE STUDENT FELLOWSHIP	Grain Science and Industry	Jon Faubion	SH 209 532-5320	Fellowship	The purpose of this fund is to honor Dr. C.E. Walker and to provide financial assistance to international graduate students at the M.S. or PhD level properly enrolled in the Department of Grain Science and Industry in the College of Agriculture at Kansas State University.	The funds will be used at the discretion of the Department Head of Grain Science and Industry to provide financial assistance to international graduate students at the MS or PhD level properly enrolled in the Department of Grain Science and Industry in the College of Agriculture. The funds may be awarded as a Graduate Research Assistantship in baking science and technology, rheology applied to cereal grains or their products, or to cereal chemistry related to baking. Support is renewable annually providing the student shows evidence of continued satisfactory progress; MS to be limited to 24 months; PhD limited to 36 months.

SCHENDEL-MAGES ENTOMOLOGY SCHOLARSHIP	Entomology	Thomas Phillips	WA 123 532-4720	Scholarships	The purpose of this scholarship is to celebrate the 60th Anniversary of Schendel Pest Services and to provide financial assistance to students pursuing one of the approved academic programs in Entomology, such as the undergraduate minor, the M.S., the Ph.D. or the Graduate Certificate in Entomology, in the College of Agriculture at Kansas State University.	The recipient(s) must have a cumulative GPA of 3.0 or higher, based on a 4.0 scale, and be a resident of Kansas or Missouri. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability.
TILLMAN FAMILY AGRICULTURE GRADUATE STUDENT AWARD	Plant Pathology	John Leslie	TH 4024 532-6176	Student Awards	The purpose of this fund is to perpetuate the memory of Marcia Edythe Tillman and immediate family members to include her father, Benjamin W. Tillman, her mother, Marcia Ella Goddard Tillman, and brother, Benjamin A. Tillman, and to provide financial assistance to graduate students properly enrolled in the College of Agriculture at Kansas State University.	The annual available earning from this fund may be used at the discretion of the Department Head of Plant Pathology in the College of Agriculture, to provide financial assistance to a graduate student (or students) with an emphasis in plant pathology and/or plant disease, as deemed necessary and appropriate. Funds are to be used to support Graduate Research Assistantships, which may include stipends, health insurance, and related benefits, and resident tuition. In all other respects, these funds will be awarded without restriction to race, gender, national origin, religion, age, sexual orientation or disability.
