

# Retention Advisory Council Application

**Mission Statement:** The Retention Advisory Council strives to improve the Kansas State Greek Community by improving retention in both sororities and fraternities. We will study, create, and implement retention strategies while working closely with chapters, the Interfraternal Council, the Panhellenic Council, and Greek Affairs. Altogether, the Retention Advisory Council strives to excite everyone in the Greek community about life and being Greek

**Responsibilities:** The Retention Advisory Council was created to help examine current retention rates and practices within the Greek community. This council is responsible for researching practices within our community and communities at other schools and recommending actions to be taken by chapters and the Panhellenic and Interfraternal Council. This council will also be in charge of events to help foster the involvement in the Greek community. Most tasks will be completed during the council's own time, and meetings twice a month with Directors of Retention.

**Please return this completed application along with a resume to Greek Affairs by Tuesday, February 3.**
