

Resolution to Open the K-State Sorority Community for Extension

Whereas, The Panhellenic Extension Committee was formed by act of the Panhellenic Council for the exploration of adding a new chapter to the Kansas State University sorority community and so they have done; and

Whereas, The Panhellenic Extension Committee, after careful review, has recommended the PHC Board of Directors bring forward a motion to open the Kansas State University Panhellenic sorority community for extension; and

Whereas, The Panhellenic Council Board of Directors supports this recommendation as a means to grow our sorority community, and affiliate interested, eligible and qualified women;

Let it be resolved, That the Kansas State University Panhellenic Council open for extension and work to seek a new sorority chapter to colonize not prior to the spring 2010 semester; and

Let it be further resolved, That the Kansas State University Panhellenic Council follow suggestions offered by the NPC Extension Committee for a successful and healthy extension process.
