Annual Membership Dues

Membership is open to all who are interested in the era of the Second World War. Annual membership dues of $15.00 are payable at the beginning of each calendar year. Students with U.S. addresses may, if their circumstances require it, pay annual dues of $5.00 for up to six years. There is no surcharge for members abroad, but it is requested that dues be remitted directly to the secretary of the WWTSA (not through an agency or subscription service) in U.S. dollars. The Newsletter, which is mailed at bulk rates within the United States, will be sent by surface mail to foreign addresses unless special arrangements are made to cover the cost of airmail postage.

The annual business meeting of the World War Two Studies Association was convened at 5 p.m. on 6 January 1995 in Private Dining Room #7 of the Palmer House Hilton Hotel in Chicago, Illinois, by Mark Parillo of Kansas State University, acting on behalf of association chairman D. S. Detwiler of Southern Illinois University at Carbondale, who could not attend because of illness. The meeting was held in conjunction with the 1995 annual conference of the American Historical Association, with whom the WWTSA is affiliated. Among those in attendance at the business meeting were WWTSA members Gerhard Weinberg, Loyd Lee, Donald Whitnah, and Benis Frank.

Parillo began by extending Professor Detwiler's regrets for his absence, necessitated by an illness that prevented any travel. Detwiler had, however, already set the meeting's agenda and kept Parillo informed of it.

The first order of business was the reminder that the WWTSA-sponsored panel, "Amphibious Warfare in World War II," was scheduled for the following morning in Private Dining Room #17 of the the Palmer House. It was noted that, because the WWTSA is an affiliated society whose panel was not accepted by the AHA Program Committee for the 1995 annual conference, no AHA badge was needed to attend the session.

Discussion then turned to plans for the 1996 AHA convention in Atlanta. Detwiler had written earlier to Professor William G. Rosenberg of the University of Michigan, AHA Vice-President for Research, to ask if a mandate could be given to the annual program committees about accepting panels from affiliated societies. Professor Weinberg, who had seen the letter and Rosenberg's response, was asked to comment on the correspondence. Weinberg briefly recapped the history of the WWTSA-AHA relationship, summarized Detwiler's letter, and noted that Rosenberg had responded that the AHA could not limit the program committees' options in the manner requested, but that he had also reaffirmed the AHA's desire to continue both the formal affiliation with the WWTSA and the practice of holding WWTSA panels in conjunction with the AHA annual conference.

A general discussion ensued about possible alternatives, which ranged from severance of affiliation with the AHA and holding future scholarly and business meetings under the aegis of the Society for Military History, who have extended that courtesy to the WWTSA in the past, to attempting to have another panel accepted for the 1996 meeting in Atlanta through normal procedures. During the discussion, Professor Whitnah
rose to offer his services as organizer of a panel for next year. He proposed a panel on Allied occupation policies for the defeated Axis nations as being particularly timely in light of the upcoming fiftieth anniversary of the end of World War II.

The consensus that emerged favored a maintenance of ties with the AHA and presentation of the panel in Atlanta in January 1996, possibly with its formal acceptance as a panel at the American Historical Association conference. Professor Whitnah's proposal for the panel's theme was endorsed by all.

The next order of business was the Treasurer's Report. Robert Wolfe of the National Archives and Records Administration, who graciously agreed to serve as interim secretary and treasurer for the WWTSA in 1994, was unable to attend the meeting but sent a statement to be read that recapped his activities over the past year, noting that membership has risen steadily and that the reminder about annual membership dues in the Fall 1994 Newsletter had already prompted some members to pay their 1995 dues. The report also pointed out that the secretary's office is in a state of transition now, but that this should be resolved by the results of the current ballot for Secretary and Directors, with a deadline of January 31, 1995.

Parillo then briefly reported on the Newsletter and related matters. He apologized for the delays in getting both of the 1994 issues out to members, noting that the difficulties of working with the Battle of Normandy Foundation, an organization that had its own agenda and that eventually collapsed financially, had been primarily responsible, and that future newsletters should reach the membership in a more timely manner. Frank pointed out that, despite the problems that arose, the Battle of Normandy Foundation had offered its services to the WWTSA free of charge and should be thanked for its efforts, and all present concurred. Parillo also discussed the imminent launching on the Internet of H-WAR, an electronic discussion list and bulletin board devoted to the study of military history, and proposed that the group consider the desirability of formal WWTSA affiliation with the new list. After some discussion, all supported the idea and urged that it be offered to the Board of Directors for their consideration.

A few more announcements followed. Members were reminded of the WWTSA conference entitled "America at War, 1941-1945, Part II: From the 'Beginning of the End' to the End, 1943-1945," to be held at the downtown National Archives building, Washington, D.C., 25-26 May, 1995. The proceedings of the conference will be published, as were those of the
first conference in 1993. Those interested in attending were urged to make hotel reservations at the Harrington Hotel and to remember to ask for the New York Times rate. Dr. Lawrence MacDonald of the National Archives and Record Administration had informed WWTSA officials that the NARA reorganization would send most World War II materials to Archives II. Also, the Military Reference Branch has been discontinued, and Dr. Timothy Nenninger will manage military records under the General Reference Branch. Finally, it was noted that the business and scholarly meetings of the International Committee for the History of the Second World War at the 18th International Congress of Historical Sciences in Montreal will occur on September 1-2, 1995.

The meeting was adjourned at 5:50 p.m.

H-WAR

H-WAR, an electronic discussion list and bulletin board devoted to military history scholarship, was officially launched on March 13, 1995. It is one of the more than fifty lists sponsored by H-Net (Humanities On-Line), which, with over 20,000 members, has become the largest history organization of any kind in the United States.

The list seeks to encourage the development of military historiography by providing a forum for the exchange of ideas and information about the field of military history. Postings thus include announcements of upcoming conferences, discussion of archival and other sources, course syllabi and comments on teaching methodology, calls for papers, book reviews, notices of new publications or products of interest to researchers, as well as
debates over historical and historiographical issues.

To subscribe to H-WAR, send a blank e-mail message to war@ksu.ksu.edu, and write "H-WAR SUBREQ" on the subject line in the header. The list editors will send you a brief questionnaire. You will be added to the list membership when you have returned the completed questionnaire.
