

The UMKC Professional Development Center
with support from Kansas City Audio-Visual presents . . .

**Technology Tools for the Classroom:
Using the SMART Board and Airliner
for Effective Instruction**

with
Joy Munsen

Does your school have a SMART Board or Airliner but you are not sure how to use it? This hands-on course is for teachers who want to learn how to effectively integrate the SMART Board and/or Airliner into their instruction to promote student learning. Participants will learn and practice the basics of

- setting up a SMART Board and/or Airliner;
- fundamentals of operation;
- essentials of SMART Notebook, Number Cruncher, and Speller software;
- designing lessons and activities using SMART tool; and
- an introduction of SMART Ideas concept-mapping software and Senteo student response system.

Teachers will also have opportunities to explore SMART Board resources and learn how to integrate SMART tools into lessons, activities, and the curriculum. Each participant will receive a flash drive with ideas and lesson templates to use in the classroom.

Joy Munsen is an Instructional Technology Specialist with the Lee's Summit School District. She does extensive training on technology integration and curriculum design for all content and grade levels. She is a past middle school, high school and gifted education teacher.

Please register by February 15 to insure your spot.

This course is available for an optional 1 hour of graduate credit from UMKC for additional \$75.00. You may register for the graduate credit on the first day of the workshop.

Where: Lee's Summit School District
