| 13 | Besenyi, Gina | PHPA | X |
| 14 | Mailey, Emily | PHPA | X |
| 15 | Miller, Jennifer | PHPA + Core Instructor + Undergrad Program Director | X |

September 12, 2022 meeting minutes were approved.

The KSU MPH Program was recently awarded the “Ready to Serve: Building a Day-1-Ready Public Health Workforce for Kansas and Beyond” scholarship which covers tuition, fees and more for 73 students living or working in Kansas. We have received 19 completed applications for students who have already been accepted to the KSU MPH Program. Scholarship program interviews are scheduled for 12/19/2022 and will be conducted by 2 teams of 3 faculty. We found out that there are no restrictions for employees: K-State employees, GTAs, GRAs can and did apply. There will be some required events for scholarship recipients but all required events will be offered via zoom or recorded for later as to not exclude distance students. It was discussed if the scholarship will change the MPH 840 project and it will not, the required project will stay the same. At this time, the interview process will be based on an application review and the interview and it will be scored based on criteria designed by the review team.

We currently have

| Degree Type | # complete applicants |
|-----------------------|-----------------------|
| Bachelor/MPH | 3 |
| DVM/MPH current & new | 3 |
| Current MPH | 7 |
| New MPH | 7 |
| Current Cert | 0 |
| New Cert | 2 |
| Total | 22 (3 are incomplete) |

CEPH review of PHPA will go through curriculog. FSB is working on courses and possible new/updated emphasis competency. In the spring 2023 Dr. Mulcahy will work with Dr. R. Larson on MPH 754.

New Public Health Program (PHP) committee structure will be Dr. Mulcahy, Dr. Miller, 1 rep from the MPH FAC, 1 rep from the BSPH FAC, 1 rep from an MPH core course, 1 rep from a BSPH core course. This new PHP Committee will meet once per semester, and as needed. Members can cycle on/off annually or every two years. Dr. Hanson asked about the accreditation cycle, the next one ends in 2026 and we will have our next site visit the end of 2025 or early 2026. Most of the self-study work would be the end of 2024 into 2025. It was suggested that

the service time run the same as the accreditation cycle. Dr. Mulcahy will look and see what makes the most sense for terms and when they start and end. Dr. Kastner volunteered to be on the PHP committee and is willing to serve in whichever capacity would be the most helpful. It was suggested that Dr. Nick Wallace (BIOL 330) would be a good candidate to fill the BSPH faculty representative position.

The next FAC meeting will be Monday, January 23rd at 10:30 am. This will be the annual retreat to review AY 2022 survey data. This Thursday, December 15th, we will have an end of semester celebration that all are invited to.

We have compiled a list of 2022 student engagements. We will be also asking for faculty engagement as we prepare for accreditation. If you would like to periodically send for the MPH Office to keep, email Becky rsj9999@vet.k-state.edu.

| Month & Date | Agency/Organization | Event | Community Engagement | Professional Event | |
|---|---|--|----------------------|--------------------|--------------------|
| September, 2022 | KPHA Annual Conference | Poster Presentation | | X | Sierrah Haas |
