## AGENDA ITEM  
### CALL TO ORDER
Meeting was called to order by Dr. Cates.

### APPROVAL OF MINUTES FROM LAST MEETING
The members approved the updated minutes from the November 9, 2011 meeting.  
Post approved minutes to website.

### FACULTY ITEMS
Dr. Cates provided the following items of information.  
- Two possible future research collaboration opportunities:  
  - The Manhattan Community Foundation was successful in receiving a grant from the Kansas Health Foundation. Dr. Cates was on the steering committee for the proposal which included the Chamber, local public school districts, Ft. Riley Public Health and the Riley County Health Department. Manhattan’s focus will be Access to Healthy Foods. More details will be coming soon.  
  - A Kansas Health Institute led grant will aim at assisting local health departments get accreditation. The Public Health Systems Group partners will be invited to participate. Drs. Cates and Montelone represent K-State on the Public Health Systems Group.

### Agenda Item: Course Items

Old business. Course and curriculum changes for Public Health Nutrition and Public Health Physical Activity were reviewed. One correction was made to Public Health Physical Activity. The members then approved the courses for Public Health Nutrition and Public Health Physical Activity. Attachment 1 reflects all changes discussed at the meeting and is a copy of the non-expedited proposal that will be voted on by the MPH graduate faculty. If accepted, it will be sent forward to the Graduate Council and ultimately Faculty Senate for approval. Anticipated effective date will be Fall 2012.

#### Recommendation/Action

Prepare Non-Expedited Proposal – Interdisciplinary Graduate Course and Curriculum Changes. Distribute to the MPH graduate faculty for vote and the Graduate School.

### Agenda Item: Program Related Items

The revised MPH Assessment Tool for Supervisory Committees was reviewed and discussed at length. It was decided by the group that the value assigned to each of the assessment areas (0-3) was unnecessary and would only confuse committee members. The student’s supervisory committee would only need to check the appropriate box, and the program office will use the correlating numbers for programmatic assessment. The revised form is Attachment 2 and reflects all the changes approved by the committee. It will be tested for use with Spring 2012 graduates.

There was also some discussion concerning how the committee could judge a student’s competency in the five areas of Public Health since they weren’t experts in each area. It was suggested by the group that the student address all of the competencies in each of the five core areas in their written report with an explanation of how each area was covered in their field experience. Effective Fall 2012.

Members of the Faculty Advisory Council were reviewed and discussed. Dr. Procter suggested there was no need for an Extension Representative. All other names were approved by the group along with a wording change. It was noted that the percent of time for Public Health would need to be recalculated and must be at least 50% (Attachment 3)

#### Recommendation/Action

Update form and prepare assessment form for all emphasis areas.

Update MPH Graduate Handbook with new requirement.

Contact members of Faculty Advisory Council for February 2012 meeting.
### ACCREDITATION ITEMS

Deans Richardson and Shanklin have no new information on the resourcing issue. Central Administration is aware of the issue and they are working on a solution to meet the requirements of CEPH.

### OTHER

- Information items.
  - Fall semester graduates (Attachment 4)
  - Updated Travel Award Form. (Attachment 5)

RATIONALE:  The Master of Public Health is a 42-semester hour professional degree. We are in the process of seeking accreditation from the Council on Education for Public Health (CEPH). Each emphasis area must be distinctively different from the others. CEPH strongly suggested that we review the courses allowed for the emphasis area and map each course to the emphasis area competencies and list highly recommended electives.

EFFECTIVE DATE:  Fall 2012
