Dr. Mulcahy called the meeting to order at 10:30 AM. There was a quorum present.

Minutes from September 2021 and January 24, 2022 were approved for posting.

Items:

Public Health Physical Activity Curriculum Review. List of courses was review and discussed. One question asked was why there are “Approved Electives” and then an additional approved list “With Permission.” A brief history of how we got to where we are was given, along with the need to find suitable substitutes for required courses if they are not taught the semester the student needs to take the course. Moving forward, we anticipate that we may have a list of “Approved Electives” which means the syllabi have been reviewed and the course is appropriate for MPH students.

The PHPA curriculum was approved as listed below.

Add to required for PHPA: (Approved)

- KIN 890 Graduate Seminar in Kinesiology

Add to electives for PHPA: (Approved)

- KIN 603 Cardiovascular Exercise Physiology
- KIN 609 Environmental Physiology
- KIN 615 Cardiorespiratory/Comparative Physiology
- KIN 657 Integrative Human Pathophysiology
- DMP 710 One Health
- CDPLN 712 Sustainable Communities
- CDPLN 715 Principles and Strategies of Community Change
- SOCIO 880 Social Movements
- HDFS 893 Program Evaluation in Human Services
- HDFS 809 Qualitative Research Methods in Family Science
- HDFS 806 Statistical Methods in HDHS I

FAC Minutes – April 25, 2022

- GERON 773 Physical Health & Nutrition in Aging
- CNRES 751 Conflict Resolution: Core Skills and Strategies

Remove/move from PHPA: (Approved)

- KIN 600 Interpersonal Aspects of Physical Activity (keep on Approved list)
- KIN 614 Physical Activity Behavior Settings: Youth Sport to Senior Centers (remove from electives)
- KIN 635 Nutrition and Exercise (remove from electives)
- KIN 890 Graduate Seminar in Kinesiology (moving to required)
- SOCIO 545 The Sociology of Women (moving to additional list)
- SOCIO 570 Race and Ethnic Relations in the USA (moving to additional list)
- All STAT (moving to additional list)

Additional list with permission (not listed on graduate catalogue, maintained by MPH program for alternatives) (Approved)

- CDPLN 711 Immigrants & Communities
- CDPLN 710 Community Analysis

- HDFS 906 Statistical Methods in HDHS II
- GERON 777 Public Policy: Economic and Social Impacts on Older Adults
- FNDH 700 Global Health and Nutrition
- Move all STAT to additional/extra list
- Add all CNRES to additional/extra list (except CNRES 751)

Add note: Preferred elective substitutes if other KIN courses are taken in undergrad are KIN 600, 616, 625, 655, 797 (already on elective list)

Updated 3/29/22; Besenyi, Mailey, Mulcahy

Note: All Curriculog actions to Add/Remove courses must be initiated at the department level.

Academic Program Review and Revitalization (APRR) Report/Data Review. The dashboard data from Institutional Research Analytics was reviewed and discussed. The reasoning behind the need for and review of APRR data was noted. Going forward it will be added to the discussion held each January where the MPH survey data reviewed.

Question to answer for the Provost survey:

Did the APRR discussion produce any new insights about the program? If so, please provide an example. If not, what information could have helped generate new insights about your programs?"

Is the process you chose reproducible on an annual basis? (Y/N)

- a. (If yes) Is the process suitable for university-wide use?
- b. (If no) What adjustments would make it sustainable?

FAC Minutes – April 25, 2022

How difficult did you find this process?

1. Very difficult
2. Somewhat difficult
3. Neither easy nor difficult
4. Somewhat easy
5. Very easy

How valuable did you find this process?

1. Worthless
2. Somewhat worthless
3. Neither valuable nor worthless
4. Valuable
5. Very valuable

6. Were you provided EMSI data in your APRR data? (Y/N) **No** (If yes) What was useful in the EMSI data?

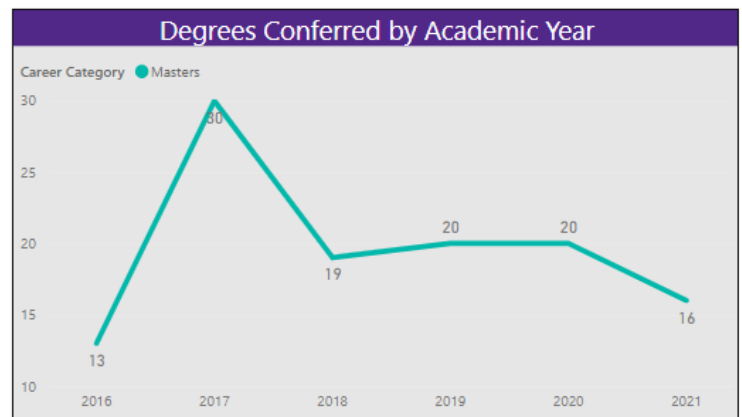

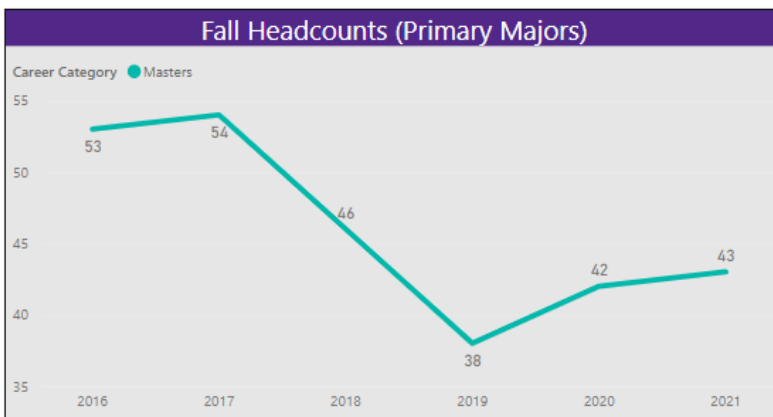

7. What additional information would be useful as you complete future annual APRR processes
