

K-State Campus Application Instructions for the Fulbright U.S. Student Grant

Applicable Deadline

Current K-State students must apply through Kansas State University. Thus, applicants must meet the campus deadline and interview with a Fulbright campus committee. That interview informs a “Campus Committee Evaluation” which the university must submit on behalf of each applicant.

Alumni can either apply through K-State or apply “at large” if they are not currently attending another university. “At large” applicants do not participate in the campus process. Consult with me about which option to choose.

Campus Deadline – September 15th

For current students, and for alumni applying through K-State

National Deadline – October 14th

All materials submitted to IIE through Embark

Campus Submission Procedure

Submit the campus application to **Jim Hohenbary**. You may submit as a PDF – jimlth@ksu.edu – or deliver a hard copy – **215 Fairchild Hall**.

You access the application itself at: <https://apply.embark.com/student/fulbright/usa/27/>.

All parts of the national application, listed below, are due by the campus deadline:

National Submission Procedure

K-State applicants will have a 15-20 minute interview between the campus and national deadlines, and then, all materials are ultimately submitted electronically through Embark. You may continue to revise between the campus and national deadlines; my office is happy to give you input, and answer questions, both before and after the campus deadline.
