It was decided that a Parking Garage Committee was not necessary at this time as the garage is still in the preliminary stages.

It was recommended that all committees have meetings before the next council meeting.

14. Gary Leitnaker discussed issues for committees. He recommended that the Finance Committee discuss overselling permits in the garage, lower prices for distant lots (like Bramlage), and sources of additional revenue outside faculty/staff and students, to lower permit increases to pay for the garage.

He also discussed having the Regulations Committee discuss disincentives for parking in the

core of campus and a Park and Ride shuttle during construction.

15. Discussion followed.

16. Next Council meeting is November 17, 2005.

17. Motion to adjourn seconded and passed at 4:15pm.
