APOSTILLE FOR DIPLOMA

The first step is for you to send a copy of your diploma to the Registrar’s Office at KState. (If you want you can include the payment to the Secretary of State along with an unsealed stamped envelope and the Registrar's Office will forward this onto the Secretary of State after including the notarized diploma copy).

If you do not have your diploma, please go to the link below to request a duplicate diploma. Please note it takes 8-10 weeks to receive a duplicate diploma. If you need to order a replacement diploma be sure you include a letter of explanation at that time about needing the diploma authenticated. Otherwise the replacement diploma will be sent to you without being notarized or having the Apostille. Costs for replacement diplomas are explained on the request form:

A photo copy of the original diploma is made. The stamp is applied to the front of the copy and notarized. If the original document is required, the stamp is applied to the back of the original and notarized.

If the notarized diploma copy or original is returned directly to you, send $7.50 per official document with each notarized copy or original of your diploma to the address below for the completion of the Apostille.
