Fiscal Year 2015 (FY15) funding opportunities for the Department of Defense (DOD) Peer Reviewed Cancer Research Program (PRCRP) and the Multiple Sclerosis Research Program (MSRP) managed by the office of Congressionally Directed Medical Research Programs (CDMRP).

Peer Reviewed Cancer Research Program

Idea Award with Special Focus
Career Development Award
Translational Team Science Award

Multiple Sclerosis Research Program

Investigator-Initiated Research Award
Pilot Clinical Trial Award

Detailed descriptions of the funding opportunity, evaluation criteria, and submission requirements can be found in the Program Announcements. The Program Announcements are available electronically for downloading from the Grants.gov website (http://www.grants.gov <http://www.grants.gov/> ), the CDMRP website (http://cdmrp.army.mil/funding/prgdefault.shtml) and the electronic Biomedical Research Application Portal (eBRAP) (https://eBRAP.org <https://ebrap.org/> ).

All CDMRP funding opportunities, both recently and previously released, are available on the CDMRP website (http://cdmrp.army.mil <http://cdmrp.army.mil/> ).

Subsequent notifications will be sent when additional funding opportunities are released. A listing of all open CDMRP funding opportunities can be obtained on the Grants.gov website by performing a basic search using CFDA Number 12.420.

Submission is a two-step process requiring both (1) pre-application submission through the electronic Biomedical Research Application Portal (eBRAP) (https://eBRAP.org/) and (2) application submission through Grants.gov (http://www.grants.gov/). Refer to the General Application Instructions, Section II.A. for registration and submission requirements for eBRAP and Grants.gov.

eBRAP is a multifunctional web-based system that allows PIs to submit their pre-applications electronically through a secure connection, to view and edit the content of their pre-applications and full applications, to receive communications from the CDMRP, and to submit documentation during award negotiations and period of performance. A key feature of eBRAP is the ability of an organization’s representatives and PIs to view and modify the Grants.gov application submissions associated with them. eBRAP will validate Grants.gov application files against the specific Program Announcement/Funding Opportunity requirements and discrepancies will be noted in an email to the PI and in the Full Application Files tab in eBRAP. It is the applicant’s responsibility to review all application components for accuracy as well as ensure proper ordering as specified in this Program Announcement/Funding Opportunity.
