**FY15 Restorative Transplant Research Program**

- Concept Award
- Idea Discovery Award
- Translational Research Award
- Clinical Trial Award

**FY16 Defense Medical Research and Development Program**

Medical Simulation and Information Systems - Adaptive Tutor Using Methodologies for Neuroplasticity (ATUMN) – Extramural Broad Agency Announcement

Medical Simulation and Information Systems - Adaptive Tutor Using Methodologies for Neuroplasticity (ATUMN) – Intramural Program Announcement

Detailed descriptions of each funding opportunity, evaluation criteria, and submission requirements can be found in the individual funding opportunity documents. The extramural Program Announcements and Broad Agency Announcement are available electronically for downloading from the Grants.gov website (http://www.grants.gov), the CDMRP website (http://cdmrp.army.mil/funding/prgdefault.shtml) and the electronic Biomedical Research Application Portal (eBRAP) (https://eBRAP.org). The intramural Program Announcement is available for downloading from the CDMRP website (http://cdmrp.army.mil/funding/prgdefault.shtml) and CDMRP eReceipt (https://cdmrp.org/Program_Announcements_and_Forms/).

Submission is a two-step process requiring both (1) pre-application and (2) application submission. Refer to the specific funding opportunity for registration and submission requirements for eBRAP and Grants.gov (extramural) or for eReceipt (intramural).

Subsequent notifications will be sent when additional funding opportunities are released. A listing of all open extramural CDMRP funding opportunities can be obtained on the Grants.gov website by performing a basic search using CFDA Number 12.420. All extramural CDMRP funding opportunities, both recently and previously released, are also available on the CDMRP website (http://cdmrp.army.mil).
