

Graduate Scholarships in Solid Waste Research from the Environmental Research & Education Foundation

Applications for the 2017-18 Academic Year Now Accepted

[Click here](#) to access the application for the 2017-2018 academic year. The application deadline is May 3, 2017 at 5:00 pm (eastern). [Click here](#) to view a list of information/materials required for the application.

Applications will be considered from those who:

- will be this year or are now a full-time master's or doctoral student
- have a clearly demonstrated interest in solid waste management research. EREF defines solid waste management to pertain to municipal solid waste, construction & demolition waste, industrial waste (e.g. coal ash), WTE ash, etc. Note: this definition does not include agricultural wastes or wastewater treatment plant sludge

Submissions must be made online. Scholarship awards will begin in September 2017. As a result, students graduating in December 2017 are ineligible to apply.

What makes an EREF Scholarship Unique»

- EREF is one of the largest sources of solid waste research funding in North America
- Thus far, over 60 students have been EREF scholars, many of whom are now in key academic and professional positions across the U.S.

EREF is a 501(c)3 class charity that funds and directs scientific research and educational initiatives for waste management practices to benefit industry participants and the communities they serve.
