Subject: JUST RELEASED! FY18 DMRDP Program Announcements

This e-mail is to notify the research community of the recently released Fiscal Year 2018 (FY18) funding opportunity for the Department of Defense (DOD) Defense Medical Research and Development Program (DMRDP) being managed by the office of Congressionally Directed Medical Research Programs (CDMRP).

Defense Medical Research and Development Program

FY18 JPC-6/CCCRP Precision Trauma Care Research Award-Extramural and Intramural

Detailed descriptions of the funding opportunity, evaluation criteria, and submission requirements can be found in the Program Announcements.

The Extramural Program Announcement is available electronically for downloading from the Grants.gov website (<http://www.grants.gov>), the CDMRP website (<http://cdmrp.army.mil/funding/prgdefault.shtml>) and the electronic Biomedical Research Application Portal (eBRAP) (<https://eBRAP.org>).

[Grants.gov - Home](http://www.grants.gov)

[www.grants.gov](http://www.grants.gov)

Grants.gov is your source to FIND and APPLY for federal grants. Grants.gov does not provide personal financial assistance.

---

The Intramural Program Announcement is electronically available from the CDMRP website (<http://cdmrp.army.mil/funding/prgdefault.shtml>) and the electronic Biomedical Research Application Portal (eBRAP) (<https://eBRAP.org>).

All CDMRP funding opportunities, both recently and previously released, are available on the CDMRP website (<http://cdmrp.army.mil>).

A listing of all open CDMRP funding opportunities can be obtained on the Grants.gov website by performing a basic search using CFDA Number 12.420.

Submission is a two-step process requiring both (1) pre-application submission through the electronic Biomedical Research Application Portal (eBRAP) (<https://eBRAP.org/>) and (2)

application submission through Grants.gov (<http://www.grants.gov/>). Refer to the General Application Instructions, Section II.A. for registration and submission requirements for eBRAP and Grants.gov.

eBRAP is a multifunctional web-based system that allows PIs to submit their pre-applications electronically through a secure connection, to view and edit the content of their pre-applications and full applications, to receive communications from the CDMRP, and to submit documentation during award negotiations and period of performance. A key feature of eBRAP is the ability of an organization's representatives and PIs to view and modify the Grants.gov application submissions associated with them. eBRAP will validate Grants.gov application files against the specific Program Announcement/Funding Opportunity requirements and discrepancies will be noted in an email to the PI and in the Full Application Files tab in eBRAP. It is the applicant's responsibility to review all application components for accuracy as well as ensure proper ordering as specified in this Program Announcement/Funding Opportunity.
