

# Funding Bulletin

Funding Opportunities for Research, Instruction, Service, Creative Activities  
Fellowships and International Programs

October 2, 2007

Vol. 16, No. 37

## Program Information

To receive program information, please contact Beverly Page, Information Specialist, Research and Sponsored Programs, phone: (785)532-5045, e-mail: [bbpage@ksu.edu](mailto:bbpage@ksu.edu)

NOTICE - The Funding Bulletin is available via email. To be added to the electronic mailing list, send an email message to: [listserv@listserv.ksu.edu](mailto:listserv@listserv.ksu.edu) Leave the subject line blank. In the message area, type: *sub fundingbulletin*.

## Limited Submissions

Limited submission programs have sponsor restrictions on the number of proposals that may be submitted by a single institution and will require institutional screening to determine which applications will be submitted. Dr. Jim Guikema, Associate Vice Provost for Research, is the internal coordinator for limited submission programs. Please notify him at 785-532-6195, email: [guikema@ksu.edu](mailto:guikema@ksu.edu), by the Internal due date listed in the Funding Bulletin (**FB 37-9, 37-10**) or by at least two months prior to the sponsor deadline if you wish to submit to a limited submission program. Currently posted Internal Deadlines: <http://www.k-state.edu/research/funding/bulletins/bul07/newlimits.htm>

## GENERAL

### 37-1 Long Range Broad Agency Announcement for Navy and Marine Corps Science and Technology (Navy)

The Office of Naval Research (ONR) is interested in receiving proposals for Long-Range Science and Technology (S&T) Projects which offer potential for advancement and improvement of Navy and Marine Corps operations. This is an announcement to declare ONR's broad role in competitive funding of meritorious research across a spectrum of science and engineering disciplines. Prior to preparing proposals, potential offerors are strongly encouraged to contact the ONR point of contact (POC) whose program best matched the offeror's field of interest. BAA08-001 (FBO 9/5/07)  
**URL:** <http://www.onr.navy.mil>  
**Deadline:** 9/30/2008

### 37-2 Postdoctoral Fellowships in Southeast European Studies (ACLS)

The American Council of Learned Societies will offer support for postdoctoral research and writing in Southeast European studies in all disciplines of the humanities and social sciences. In awarding these grants, primary considerations are the scholarly potential and accomplishments of the applicant. Priority will be

given to applicants in the early part of their careers, that is, before tenure. All proposals should be for scholarly work, the product of which is to be disseminated in English.

**URL:** <http://www.acls.org/seguide.htm>  
**Deadline:** 11/14/2007

## AGRICULTURE

### 37-3 Critical Issues: Emerging and New Plant and Animal Pests and Diseases (USDA)

The program is designed to provide one-time seed funding to help initiate work requiring immediate attention until other longer-term resources can be secured to address the issue. CSREES will be soliciting proposals on an as-needed basis during the year to address specific new or emerging issues. For this particular solicitation CSREES is requesting proposals that address specific aspects of the following issues: Honey Bee Colony Collapse Disorder and Uganda (Ug99) Strain of Wheat Stem Rust. USDA-CSREES-OP-001054 (GG 9/25/07)  
**URL:** [http://www.csrees.usda.gov/funding/rfas/critical\\_issues.html](http://www.csrees.usda.gov/funding/rfas/critical_issues.html)  
**Deadline:** 11/7/2007

### 37-4 Woody Biomass Utilization (USDA)

The USDA Forest Service, State and Private Forestry, Technology Marketing Unit, located at the Forest Products Laboratory, requests proposals for forest product projects that increase the use of woody biomass from National Forest System lands. The woody biomass utilization grant program is intended to help improve forest restoration activities by using and creating markets for small-diameter material and low-valued trees removed from forest restoration activities, such as reducing hazardous fuels, handling insect and diseased conditions, or treating forestlands impacted by catastrophic weather events. (FR 9/18/07)  
**URL:** <http://www.fpl.fs.fed.us/tmu>  
**Deadline: Preapplications 11/2/2007; Applications 2/1/2008**

## EDUCATION

### 37-5 Research and Evaluation on Education in Science and Engineering (REESE) (NSF)

The Division of Research on Learning in Formal and Informal Settings in the Directorate for Education and Human Resources (HER) of the National Science Foundation (NSF) supports basic and applied research and evaluation that enhances science, technology, engineering and mathematics (STEM) learning and teaching. The Research and Evalua-

tion on Education in Science and Engineering (REESE) program aims at advancing research at the frontiers of STEM learning, education, and evaluation, and at providing the foundation knowledge necessary to improve STEM teaching and learning at all educational levels and in all settings. This solicitation calls for four types of proposals: Knowledge Diffusion, Empirical Research, Large Empirical Research, and Diffusion and Evaluation. NSF 07-595  
**URL:** <http://www.nsf.gov/pubs/2007/nsf07595/nsf07595.htm>  
**Deadline: Letters of Intent 11/5/2007; Proposals 1/8/2008**

## ENGINEERING, MATHEMATICS & PHYSICAL SCIENCES

### 37-6 Expeditions in Computing (NSF)

The Directorate for Computer and Information Science and Engineering (CISE) has created the Expeditions in Computing (Expeditions) program to provide the CISE research and education community with the opportunity to pursue ambitious, fundamental research agendas that promise to define the future of computing and information. In planning Expeditions, investigators are encouraged to come together within or across departments or institutions to combine their creative talents in the identification of compelling, transformative research agendas that promise disruptive innovations in computing and information for many years to come. An individual may participate in no more than one preliminary or full proposal as PI, co-PI, senior personnel or consultant. NSF 07-592 (GG 9/13/07)  
**URL:** <http://www.nsf.gov/pubs/2007/nsf07592/nsf07592.htm>  
**Deadline: Letters of Intent 11/5/2007; Proposals 12/30/2007**

### 37-7 EDMAP (DOI)

The primary objective of the EDMAP component of the NCGMP is to train the next generation of geologic mappers. To do this NCGMP provides funds for graduate and selected undergraduate students in academic research projects that involve geologic mapping as a major component. Through these cooperative agreements NCGMP hopes to expand the research and educational capacity of academic programs that teach earth science students the techniques of geologic mapping and field data analysis. 08HQPA0004 (GG 9/13/07)  
**URL:** <http://www.grants.gov/search/search.do?mode=VIEW&oppId=15514>  
**Deadline: 11/15/2007**

## HEALTH & LIFE SCIENCES

### 37-8 Improving Health and Educational Outcomes of Young People (NIH)

CDC's Procurement and Grants Office has published a program announcement entitled, "Improving Health and Educational Outcomes of Young People." The purpose of the program is to improve the health and well being of youth and prepare them to be healthy adults. CDC-RFA-DP08-801 (GG 9/21/07)

**URL:** <http://www.grants.gov/search/search.do?mode=VIEW&opId=15565>  
**Deadline:** 11/21/2007

### 37-9 Greenwall Faculty Scholars Program in Bioethics (GF)

The Greenwall Faculty Scholars Program in Bioethics is a careers development award to enable outstanding junior faculty members to carry out original research that will help resolve important policy and clinical dilemmas at the intersection of ethics and the life sciences. This research will also put faculty scholars in a position to help set public policy and standards of clinical practice. Only one applicant from an institution will be considered.

**URL:** <http://www.greenwall.org/guidegfs.htm>

**Deadline: Internal 10/15/2007; Preproposals 12/1/2007**

### 37-10 Outstanding New Environmental Scientist Award (ONES) (NIH)

The Outstanding New Environmental Scientist Award is intended to identify outstanding scientists who are in the early, formative stages of their careers and who intend to make a long term career commitment to research in the mission areas of the NIEHS and assist them in launching an innovative research program focusing on problems of environmental exposures and human biology, human pathophysiology and human disease. Eligible Principal Investigators include individuals with faculty appointments which are tenure track or equivalent and who have fewer than eight years of experience beyond the PhD at the time of application. Only one application per school or college within a university will be accepted. RFA-ES-07-005 (NIHG 9/14/07)

**URL:** <http://grants.nih.gov/grants/guide/rfa-files/RFA-ES-07-005.html>

**Deadline: Internal 10/15/2007; Letters of Intent 11/13/2007; Applications 12/10/2007**

## INTERNATIONAL/MULTICULTURAL

### 37-11 International Collaboration in Chemistry between US Investigators and their Counterparts in Germany, United Kingdom and China (ICC) (NSF)

The National Science Foundation (NSF) seeks to enhance opportunities for collaborative activities between U.S. and foreign investigators. To realize this goal the Chemistry Division at NSF has partnered

with the Deutsche Forschungsgemeinschaft (DFG; German Research Foundation), the Engineering and Physical Sciences Research Council (EPSRC) of the United Kingdom and the National Science Foundation of China (NSFC). NSF Chemistry will accept collaborative research proposals in chemistry that establish new bilateral collaborations between U.S. investigators and investigators from Germany, United Kingdom of China. The proposals will be written in English. The program seeks new and highly innovative 3-year collaborative projects that break new ground and demonstrate high level of synergy between the collaborating investigators. A U.S. Investigator may participate (as PI, Co-PI or other senior research associate) in only one proposal which is submitted in response to this solicitation. NSF 07-593 (Posted 9/19/07)

**URL:** <http://www.nsf.gov/pubs/2007/nsf07593/nsf07593.htm>

**Deadline: Preproposals 11/6/2007; Proposals 1/30/2008**

### 37-12 International Cooperative Biodiversity Groups (ICBG) [U01] (NIH)

The National Institutes of Health, the National Science Foundation, the U.S. Department of Agriculture, and the U.S. Department of Energy invite applications for the establishment or continuation of International Cooperative Biodiversity Groups (ICBG) to address the interdependence of biodiversity exploration for potential applications in health, agriculture and energy, with investments in research capacity that support sustainable use of these resources, the knowledge to conserve them, and equitable partnership frameworks among research and development organizations in the U.S. and low and middle income countries. RFA-TW-08-003 (NIHG 9/7/07)

**URL:** <http://grants.nih.gov/grants/guide/rfa-files/RFA-TW-08-003.html>

**Deadline: Letters of Intent 11/6/2007; Applications 12/4/2007**

## SOCIAL SCIENCES

### 37-13 Eurasia Program - Predoctoral and Postdoctoral Fellowships (SSRC)

The Eurasia Program has announced its fellowship program for research on Russian Empire, the Soviet Union and the New States of Eurasia. Research related to the non-Russian states, regions, and peoples is particularly encouraged. Regions and countries currently supported by the program include Armenia, Azerbaijan, Belarus, Georgia, Kazakhstan, Kyrgyzstan, Moldova, Russian Federation, Tajikistan, Turkmenistan, Ukraine, and Uzbekistan. Funding is not presently available for research on the Baltic States. Fellowships offered include: Predissertation Training Fellowship, Dissertation Write-up Fellowship, and Postdoctoral Research Fellowship.

**URL:** <http://programs.ssrc.org/eurasia/fellowships/>

**Deadline: 11/13/2007**

### 37-14 Edmond J. Safra Foundation Center for Ethics: Faculty Fellowships (HU)

The Edmond J. Safra Foundation Center for Ethics encourages teaching and research about ethical issues in public life and the professions; helps meet the growing need for teachers and scholars who address questions of moral choice in practical ethics and in areas such as architecture, business, education, government, journalism, law, medicine, public health, and public policy; brings together those with competence in philosophical thought and those with experience in professional education; and promotes a perspective on ethics informed by both theory and practice. Fellows enjoy access to a wide range of activities in all of professional schools at Harvard, as well as the Faculty of Arts and Sciences. A significant part of their time is devoted to conducting their own research in ethics.

**URL:** [http://www.ethics.harvard.edu/fellowships\\_faculty.php](http://www.ethics.harvard.edu/fellowships_faculty.php)

**Deadline: 11/15/2007**

## STUDENTS

### 37-15 Fulbright-Hays Doctoral Dissertation Research Abroad (DDRA) Fellowship Program (ED)

The Fulbright-Hays Doctoral Dissertation Research Abroad Fellowship Program provides opportunities to doctoral candidates to engage in full-time dissertation research abroad in modern foreign languages and area studies. A research project must focus on one or more of the following geographic areas: Africa, East Asia, Southeast Asia and the Pacific Islands, South Asia, the Near East, East Central Europe and Eurasia, and the Western Hemisphere (excluding the United States and its territories). Please note that applications that propose projects focused on Western Europe and not eligible.
