

Funding Bulletin

Funding Opportunities for Research, Instruction, Service, Creative Activities
Fellowships and International Programs

October 31, 2008

Vol. 17, No. 41

Program Information

To receive program information, please contact Beverly Page, Information Specialist, Research and Sponsored Programs, phone: (785)532-5045, e-mail: bbpage@ksu.edu

NOTICE - The Funding Bulletin is available via email. To be added to the electronic mailing list, send an email message to: listserv@listserv.ksu.edu Leave the subject line blank. In the message area, type: *sub fundingbulletin*.

Limited Submissions

Limited submission programs have sponsor restrictions on the number of proposals that may be submitted by a single institution and will require institutional screening to determine which applications will be submitted. Dr. Jim Guikema, Associate Vice Provost for Research, is the internal coordinator for limited submission programs. Please notify him at 785-532-6195, email: guikema@ksu.edu, by the Internal due date listed in the Funding Bulletin or by at least two months prior to the sponsor deadline if you wish to submit to a limited submission program. Currently posted Internal Deadlines: <http://www.k-state.edu/research/funding/bulletins/bul08/limits08/index.htm>

GENERAL

41-1 Roadmap Transformative R01 Program (R01) (NIH)

As part of the NIH Roadmap for Biomedical Research, the National Institutes of Health invites transformative Research Project Grant (R01) applications from institutions/organizations proposing exceptionally innovative, high risk, original and/or unconventional research with the potential to create new or challenge existing scientific paradigms. Projects must clearly demonstrate potential to produce a major impact in a broad area of biomedical or behavioral research. RFA-RM-08-029 (NIHG 9/12/08)

URL: <http://grants.nih.gov/grants/guide/rfa-files/RFA-RM-08-029.html>

Deadline: Letters of Intent 12/9/2008; Applications 1/29/2008

41-2 Chemical and Biological Technologies (DTRA)

The purpose of this Broad Agency Announcement (BAA) is to solicit proposals for the Chemical and Biological Technologies Directorate New Initiatives Fiscal Year (FY) 2010-FY2011. This solicitation

is an extramural endeavor focused on applied research and advanced technology development objectives encompassing a broad spectrum of topics in the chemical and biological sciences to include Physical Science and Technology, Medical Science and Technology, including the Transformational Medical Technologies Initiative, Threat Agent science, and Information Systems Capabilities Development topics. HDTRA1-08-CBDIF-CBT-BAA (FBO 10/17/08)

URL: <http://www.fbo.gov>

Deadline: 9/30/2009

41-3 Individual Advanced Research Opportunities Program (IREX)

The Individual Advanced Research Opportunities (IARO) program seeks to attract, select, and support indepth field research by US students, scholars and experts in policy-relevant subject areas related to Eastern Europe and Eurasia, as well as to disseminate knowledge about these regions to a wide network of constituents in the United States and abroad. Sponsored by the US Department of State's Title VIII Program, IARO provides fellows with the means and support necessary to conduct in-country research on contemporary political, economic, historical, or cultural developments relevant to US foreign policy. (TGA 9/08)

URL: <http://www.irex.org/programs/iaro/index.asp>

Deadline: 11/17/2008

41-4 Summer Institute for Training in Biostatistics II (T15) (NIH)

The National Heart, Lung and Blood Institute (NHLBI) and the National Center for Research Resources (NCRR) invite applications for training grants to develop, conduct, and evaluate summer courses in the basic principles and methods of biostatistics as employed in biomedical research. The courses will introduce advanced undergraduate students and beginning graduate students in the field of biostatistics for the purpose of encouraging them to pursue careers in biostatistics. The courses will cover the fundamental concepts of probability, statistical reasoning and inferential methods motivated, in part, by examples that include data collected in studies of heart, lung, blood, and sleep disorders. The courses will be taught during the summers of 2010, 2011, 2012 with appropriate modifications or refinements following each of the first two summer sessions. RFA-HL-09-009 (NIHG 9/5/08)

URL: <http://grants.nih.gov/grants/guide/rfa-files/RFA-HL-09-009.html>

Deadline: Letters of Intent 12/5/2008; Applications 1/6/2009

AGRICULTURE

41-5 National Pork Board Grants (Pork)

The National Pork Board's Request for Proposals for 2009 is now available. Areas of interest are: Environment; Swine Health; Animal Welfare; Pork Safety pre & post, & Human Nutrition; and Nutritional Efficiency, & Sow Lifetime Productivity.

URL: <http://www.pork.org>

Deadline: 11/18/2008

ENGINEERING, MATHEMATICS & PHYSICAL SCIENCES

41-6 Basic Research for Combating Weapons of Mass Destruction (WMD) (DTRA)

This BAA is focused on soliciting basic research projects that support the DTRA mission to safeguard America and its allies from WMD (e.g., chemical, biological, radiological, nuclear, and high yield explosives) by providing capabilities to reduce, eliminate, and counter the threat and mitigate its effects. To this end, DTRA seeks research across broad strategic thrust areas: 1) Science of WMD Sensing and Recognition; 2) Cognitive and Information Science; 3) Science for Protection; 4) Science to Defeat WMD; 5) Science to Secure WMDs. HDTRA1-08-10-BRCWMD-BAA (GG 10/10/08)

URL: <http://www.grants.gov>

Deadline: White Papers: 11/24/2008, 5/13/2009

41-7 Advanced Detector Research Program (DOE)

The Office of High Energy Physics of the Office of Science (SC), U.S. Department of Energy, hereby announces its interest in receiving grant applications for support under its Advanced Detector Research Program. Applications should be from investigators who are currently involved in experimental high energy physics, and should be submitted through a U.S. academic institution. The purpose of this program is to support the development of the new detector technologies needed to perform future high energy physics experiments. DE-PS02-08ER08-31 (GG 9/17/08)

URL: <http://www.grants.gov>

Deadline: Letters of Intent 11/15/2008; Applications 12/2/2008

HEALTH & LIFE SCIENCE

41-8 Airway Smooth Muscle Function and Targeted Therapeutics in Human Asthma (R01) (NIH)

The purpose of this funding opportunity

announcement (FOA), issued by the NHLBI, NIH, is to solicit Research Project Grant (R01) applications from institutions/organizations that propose to investigate the complex role of airway smooth muscle (ASM) functions in the development of human asthma and identify novel therapeutic targets. RFA-HL-09-007 (NIHG 9/19/08)

URL: <http://grants.nih.gov/grants/guide/rfa-files/RFA-HL-09-007.html>

Deadline: Letters of Intent 12/8/2008; Applications 1/6/2009

41-9 Characterizing the Blood Stem Cell Niche (R01) (NIH)

This FOA issued by the National Heart, Lung, and Blood Institute, National Institutes of Health, solicits Research Project Grant (R01) applications in a specific area of stem cell research, the blood stem cell niche, an area critical to advancing stem cell biology and its applications to cellular therapeutics including hematopoietic stem cell transplantation. This FOA is being initiated to foster collaborative research projects and insightful approaches to dissect the cellular components and factors involved in the hematopoietic stem cell niche. Development of conditional genetic knock-out models to test the role of factors in specific cell lineages and imaging technology to facilitate following stem cell engraftment in the niche in vivo are integral to this initiative. RFA-HL-09-010 (NIHG 10/17/08)

URL: <http://grants.nih.gov/grants/guide/rfa-files/RFA-HL-09-010.html>

Deadline: Letters of Intent 12/8/2008; Applications 1/6/2009

41-10 Concept Award for Breast Cancer Research (Army)

The Concept Award supports the exploration of a highly innovative new concept or untested theory that addresses an important problem relevant to breast cancer. The Concept Award is not intended to support a logical progression of an already established research project, but instead, supports high-risk studies that have the potential to reveal entirely new avenues for investigation. Preliminary data is not allowed. W81XWH-08-BCRP-CA (GG 10/15/08)

URL: <http://cdmnp.army.mil/funding/bcrp.htm>

Deadline: Preapplications 11/6/2008; Applications 11/20/2008

41-11 Circadian-Coupled Cellular Function in Heart, Lung, and Blood Tissue (R01) (NIH)

The National Heart, Lung, and Blood Institute (NHLBI) solicits grant applications under this Funding Opportunity Announcement (FOA) that are aimed at Phase I translation (T1) of recent advanced in understanding the molecular basis of endogenous, self-sustaining daily cycles (circadian) in cellular function and gene expression to improve our understanding of heart, lung, and blood disease pathogenesis. RFA-HL-09-012 (NIHG

10/10/08)

URL: <http://grants.nih.gov/grants/guide/rfa-files/RFA-HL-09-012.html>

Deadline: Letters of Intent 12/8/2008; Applications 1/6/2009

INTERNATIONAL/MULTICULTURAL

41-12 Fulbright-Hays Faculty Research Abroad (FRA) Fellowship (DOE)

The Fulbright-Hays Faculty Research Abroad Fellowship Program offers opportunities to faculty of Institutions of Higher Education (IHEs) to engage in research abroad in modern foreign languages and area studies. The priority is: A research project that focuses on one or more of the following geographic areas: Africa, East Asia, Southeast Asia, the Near East, East Central Europe and Eurasia, and the Western Hemisphere (excluding the United States and its territories). Please note that applications that propose projects focused on Western Europe are not eligible. ED-GRANTS-1002208-001

URL: <http://www.ed.gov/news/fedregister/>

Deadline: 12/3/2008"

SOCIAL SCIENCES

41-13 Research Grants for Preventing Violence and Violence-Related Injury (R01) (CDC)

NCIPC is soliciting investigator-initiated research that will help expand and advance our understanding of violence, its causes, and prevention strategies. The following research objectives are the focus of this solicitation: 1) Dissemination/Implementation Research; 2) Efficacy/Effectiveness Research; and 3) Etiologic Research. RFA-CE-09-007 (GG 10/22/08)

URL: <http://www.cdc.gov/od/pgo/funding/CE09-007.htm>

Deadline: Letters of Intent 12/22/2008; Applications 1/21/2008

41-14 Campus Suicide Prevention Grants (SAMHSA)

The Substance Abuse and Mental Health Services Administration, Center for Mental Health Services is accepting applications for fiscal year (FY) 2009 for Campus Suicide Prevention Grants. The purpose of this program is to facilitate a comprehensive approach to preventing suicide in institutions of higher education. This program is designed to assist colleges and universities in their efforts to prevent suicide attempts and completions and to enhance services for students with mental and behavioral health problems, such as depression and substance abuse, which put them at risk for suicide and suicide attempts. RFA SM-09-001 (GG 7/29/08)

URL: http://www.samhsa.gov/grants/2009/sm_09_001.aspx

Deadline: 11/25/2008

STUDENTS

41-15 NIJ FY09 Graduate Research Fellowship (DOJ)

The National Institute of Justice (NIJ) is the research, development, and evaluation agency of the U.S. Department of Justice (DOJ) and a component of the Office of Justice Programs (OJP). NIJ provides objective, independent, evidence-based knowledge and tools to enhance the administration of justice and public safety. NIJ solicits applications to inform its search for the knowledge and tools to guide policy and practice. NIJ's Graduate Research Fellowship Program is an annual program that provides assistance to universities for dissertation research support to outstanding doctoral students undertaking independent research on issues related to crime and justice. Students from any academic discipline may propose original research that has direct implications for criminal justice in the United States. NIJ encourages a variety of approaches and perspectives in its research programs. NIJ awards these fellowships in an effort to encourage promising doctoral students in the application of critical and innovative thinking to pressing criminal justice problems. 2008-NIJ-1883 (GG 6/24/08)
