BILL 06/07/04

APPROVAL OF ENACTMENT OF HONOR SYSTEM
INVESTIGATION AND ADJUDICATION PROCEDURES
IN PLACE OF HONOR SYSTEM BY-LAWS

BY: Ashley Boldt and Gavin Couvelha

WHEREAS, The Kansas State University Student Governing Association sanctioned the implementation of the Honor System in Bill 96/97/76;

WHEREAS, Bill 96/97/76 states that any changes to the Honor System must be approved by Student Senate, subject to approval by the Student Body President;

WHEREAS, Faculty Senate created the Committee to Examine the Honor System Constitution and By-Laws;

WHEREAS, The committee has presented its report concerning the Honor System By-Laws;

WHEREAS, The report supports the enactment of the Investigation and Adjudication Procedures in place of the By-Laws; and

WHEREAS, Student Senate must approve the recommended changes.

BE IT ENACTED THAT:

SECTION 1. The following Honor System Investigation and Adjudication Procedures is approved by the Kansas State University Student Governing Association:

Honor System
Investigation and Adjudication Procedures
(Formerly Honor System Bylaws)

Kansas State University has an Honor System based on personal integrity, which is presumed to be sufficient assurance in academic matters that one's work is performed honestly and without unauthorized assistance. All full and part-time students enrolled in undergraduate and graduate courses on-campus, off-campus, and via distance learning, by registration in those courses, acknowledge the jurisdiction of the Honor System.

A. Purpose

The Investigation and Adjudication Procedures have been developed for the purpose of administering the Kansas State University Honor System. As set out in Article X of the Honor System Constitution, the Investigation and Adjudication Procedures were approved by the Honor Council, Student Senate, and Faculty Senate in 2006 and are subsequently subject to periodic review by those three governance bodies at 5 year intervals beginning in 2010. Interim revisions to the Investigation and Adjudication Procedures may be made upon approval by a 2/3 vote of the Honor Council and upon approval by the Provost. The Investigation and Adjudication Procedures must be posted at the Honor System website (http://www.k-state.edu/honor) and updated regularly.
B. Reporting Honor Pledge Violations

Faculty and students report violations of the Honor Pledge to the Honor System Director by filling out the Honor System Violation Report form available at http://www.k-state.edu/honor/faculty/reportform.html. When the report is made by a student, the Director will consult with the faculty member who is the instructor of the course about filing an Honor Pledge Violation Report.

Faculty members are urged to report the alleged violation to the Office of the Honor System when:

a. the faculty member alleges a violation and imposes an academic sanction, (An academic sanction is any action that would lower a student’s grade on an assignment.)

or b. the faculty member alleges a violation and requests an investigation. The case investigation concludes once a decision has been made as to whether there is sufficient information to proceed to the adjudication stage.

Faculty members who allege an Honor Pledge violation need not report an alleged violation to the Office of the Honor System when:

a. a faculty member alleges a violation and issues a warning but imposes no academic sanction;

or b. a faculty member alleges a violation, issues a warning, provides the student an opportunity to correct the transgression, but imposes no academic sanction;

or c. a faculty member alleges a violation, issues a warning, provides an opportunity for the student to redo the assignment or take the exam again, but imposes no academic sanction.

Honor Pledge Violation reports shall be submitted to the Honor System Director within twenty (20) class days of the violation or of the discovery of the violation. In certain situations, it is acceptable for a verbal notification to be given within the notification period. This situation might occur when a faculty member is conducting an internal investigation. A written report must follow the verbal report within a reasonable amount of time.

Faculty members have two options for filing an Honor Pledge Violation Report. Option One allows the faculty member to conduct her/his own investigation and identify the specific sanction for the violation. In this situation, Alleged Violators may contest only the allegation. If they do so, the case is turned over to the Honor System for investigation and adjudication. Option Two allows the faculty member to turn the case directly over to the Honor System for investigation and adjudication. The faculty member may recommend a sanction. Alleged Violators may contest the allegation and propose an alternate sanction during the adjudication phase, but the Honor System Hearing Panel makes the final determination of the sanction.

Once a report has been filed by the faculty member, hereafter referred to as the Faculty Reporter, the Director notifies the Alleged Violator(s) of the allegation, of the right to review the Violation report, and of the right to contest the allegation. The Faculty Reporter and the Alleged Violator...
are encouraged to resolve the issue prior to proceeding to the investigation process. If the issue is
resolved, a report of the agreed upon resolution is filed with the Office of the Honor System. If
the matter is not resolved, the Director initiates a case investigation.

C. Investigating Honor Pledge Violations

When the Director initiates a case investigation, the Associate Director appoints a member of the
Honor Council or the Honesty & Integrity Peer Educators (HIPE) to serve as an Advisor to the
Alleged Violator during the investigation and adjudication process, if the violation proceeds to
adjudication. The Alleged Violator may at any time appoint someone else to serve as his/her
Advisor, by notifying the Director.

The Faculty Reporter may, in consultation with the Director, withdraw the allegation at any time
during the investigation process. Such withdrawal will cause the investigation to be terminated.
In the event that a report is withdrawn, the Director shall ensure that all documentation is sealed
and retained in the Office of the Honor System.

The Director appoints two members of the Honor Council (one faculty and one student) to serve
as Case Investigators. If the Alleged Violator is a graduate student, the student Case Investigator
is a graduate student and the faculty Case Investigator is a member of the Graduate Faculty.

The Director arranges for the Case Investigators to meet separately with the Faculty Reporter and
the Alleged Violator to review the Violation Report and other relevant information to determine
if it appears an Honor Pledge violation has occurred. If needed, the Director arranges a meeting
between the Case Investigators and any witness(es) as part of the investigative process.

During the course of the investigation the Alleged Violator is advised not to contact the Faculty
Reporter to discuss aspects of the case. In the same manner, the Faculty Reporter is advised not
to discuss the case with the Alleged Violator. Normal academic contact is permitted, however. In
the event that the Director feels the need to protect the Faculty Reporter, Alleged Violator, or any
witnesses involved in the investigation, the Director may take appropriate steps to protect the
integrity of the process.

The Case Investigators submit a report to the Director that concludes whether there IS or IS NOT
sufficient information to proceed to an adjudication hearing. If the Case Investigators conclude
that there IS NOT sufficient information to proceed to a hearing, the Director notifies the
Alleged Violator and the Faculty Reporter that no further action will be taken. The records are
sealed and retained in the Office of the Honor System. If the Case Investigators conclude that
there IS sufficient information to proceed to a hearing, the Director informs the Alleged Violator
and the Faculty Reporter and appoints an Honor Council Hearing Panel.

D. Adjudicating Honor Pledge Violations

When an Honor Pledge violation has proceeded to the adjudication stage, the Director appoints a
panel of six members drawn from the membership of the Honor Council. Each panel consists of
five voting members and one non-voting chairperson. If the Alleged Violator is a graduate
student, student members of the hearing panel are graduate students and faculty members are
members of the Graduate Faculty. The Director appoints the chair, alternating in successive
cases between a faculty member and a student member of the Honor Council. Voting membership of hearing panels consists of three students and two faculty members.

Hearing panels are normally convened within ten class days of the conclusion of the investigation. During the summer as well as January, May and August Intersessions, the Director may postpone Honor Council hearings until the beginning of the subsequent fall or spring semester. At the request of the Alleged Violator, the Director can convene a Special Hearing Panel whose make-up may deviate from that prescribed in this document in order to facilitate resolution of an alleged violation delayed by either Intersessions or the summer. Those notified of the date, time, and place of the hearing are the Alleged Violator and the HIPE Advisor, the Faculty Reporter, the Case Investigators, and any witnesses.

In preparation for the hearing, the Director prepares copies of all necessary documentation required by the Hearing Panelists, Faculty Reporter, and/or Alleged Violator. A copy of the Case Investigation Report and supporting documentation will be made available to the Alleged Violator and Faculty Reporter at least three (3) class days prior to the hearing date. The Alleged Violator will sign a record of notification acknowledging that he/she received the information and will honor expectations of confidentiality.

Alleged violations filed under this policy are confidential and should not be disclosed to anyone who does not have a need to know. The University cannot guarantee absolute confidentiality because the University is obligated to investigate complaints. Supervisors and administrators are obligated to keep complaints confidential and protect the privacy of all parties to the extent possible consistent with preventing future acts of academic dishonesty, providing a remedy to persons injured and allowing Alleged Violators to reply to a complaint if any disciplinary action is anticipated. Alleged Violators as well as student witnesses are similarly bound by this expectation of confidentiality. Complaint information may be disclosed to state or federal anti-discrimination agencies for investigations and during litigation.

At the hearing, the Alleged Violator represents himself/herself. During the hearing, the Alleged Violator may consult as necessary with his/her Advisor. Voluntary failure by the Alleged Violator to appear before the Hearing Panel neither halts nor interrupts the proceedings.

The Director prepares the hearing panel script to be followed during the hearing. The script includes a specific sequence for introducing information by each of the involved parties. The Faculty Reporter, Alleged Violator, and Case Investigators are to inform the Director of any witnesses to be introduced during the hearing at least 3 class days prior to the scheduled hearing. The script is read by the Hearing Panel Chair.

The Hearing Panel Chair accepts for consideration all information that reasonable persons would accept as having evidentiary value during hearing panel proceedings. Character witnesses and personal references are not permitted. Formal rules of evidence are not applied. Whether an Honor Pledge Violation occurred is determined by a simple majority of the five voting members on the Hearing Panel.

The decision of the Honor Council Hearing Panel is reported to the Director, who then notifies in writing the Alleged Violator, Faculty Reporter, the Faculty Reporter’s Department Chair or Head, and (in the event there is a sanction of XF) the Dean of the Faculty Reporter’s and Violator’s College of the Hearing Panel’s decision. In a case involving a graduate student the
The Director will notify the above individuals as well as the Dean of the Graduate School and the student’s Graduate Program Coordinator. If the hearing Panel determines that a violation of the Honor Pledge occurred, it imposes or upholds the appropriate sanction.

All hearings are recorded and kept as part of the permanent record of the adjudication procedures. Records are confidential and subject to applicable privacy laws. Records are made available to authorized parties upon the determination of the Director.

E. Sanctions

The standard sanction for an Honor Pledge violation shall be the assignment of an XF on the student’s transcript. The XF denotes failure in the course due to academic dishonesty – an Honor Pledge violation. If a sanction includes an XF, the Director shall contact the Registrar’s office and authorize the grade of XF when:

- the Violator does not contest the allegation, or
- the case has been adjudicated, the hearing panel has issued a sanction, and the Violator chooses not to appeal the Hearing Panel’s decision, or
- the time period for contesting the violation has expired and the Violator has failed to contact the Director.

When the appeals process is initiated immediately following the hearing, the Director shall postpone the grade change until such time as the appeals process is resolved.

If a sanction includes the requirement that the Violator complete the Development and Integrity course, described at the Honor System web site <ksu.edu/honor>, the Faculty Reporter records an Incomplete for the course grade. If the Violator fails to successfully complete the Development and Integrity course in two semesters, then the Associate Director authorizes the Registrar to change the Incomplete to an XF. If the Violator successfully completes the Development and Integrity course, then the Associate Director contacts the Faculty Reporter who then replaces the Incomplete with the final grade earned in the course.

The Hearing Panel may deviate from the XF grade sanction and consider any of the following sanctions for violations of the Honor Pledge:

- A failing grade for the assignment in connection with which the violation of the Honor Pledge occurred
- A requirement to complete the Development and Integrity course prior to receiving a final grade in the class in which the Honor Pledge violation occurred
- Recommendation to the Provost that the student be suspended from the University
- Recommendation to the Provost that the student be expelled from the University
- Other appropriate educational sanction such as community service

In the event that an Honor Pledge Violation report cannot be resolved prior to the end of a semester, the Faculty Reporter records an Incomplete until such time as the alleged violation is resolved. The Honor System Director will make every effort to resolve these conflicts prior to the end of the semester but does have the right to postpone the Investigation and Adjudication process during Intersessions and summer semesters.
F. Appeal of a Hearing Panel Decision

Appeals are to be based on procedural irregularities or substantial new information. Appeals based on procedural irregularities must be presented in writing to the Director within 15 days of an Honor Council Hearing Panel decision. Appeals based on substantial new information must be presented in writing to the Director within one year from the date of an Honor Council Hearing Panel decision. The Director determines whether an appeal based on substantial new information or procedural irregularities might have impacted the investigation or adjudication procedure. Following this determination, the Director may:

1. reconvene the Hearing Panel to hear new information, or
2. appoint a new Hearing Panel and conduct a new hearing, or
3. appoint new Case Investigators and a new Hearing Panel, or
4. take such other action as the Director feels appropriate.

The Director then notifies the Faculty Reporter and Alleged Violator in writing of the decision and the process to be followed.

G. Conflict of Interest

Members of the Honor Council involved in the investigation or adjudication procedures of a case will immediately notify the Director of any conflicts of interest. The Director may remove an Honor Council member from the investigation and adjudication process if sufficient information exists to support a conflict of interest.

SECTION 2. The Kansas State University Student Governing Association approves the enactment of the Honor System Investigation and Adjudication Procedures in place of the Honor System By-Laws.

SECTION 3. Upon passage by the Student Senate and signature of the Student Body President, a copy of this bill shall be sent to President Jon Wefald, Provost Duane Nellis, Faculty Senate President Roger Adams, Faculty Senate Academic Affairs Committee Chair Fred Fairchild, and Committee to Examine the Honor System Constitution and By-Laws Chair Jackie Spears.

These monies must be spent on expenses related to DEPARTMENT repair and replacement. The BUDGET will be reviewed prior to academic year 2007-2008.

2. DEFINITIONS:

a.) Repair shall be defined as major building repairs including repairs of fixed building property and the repairs of building equipment and building furnishings that are not part of normal maintenance and ordinary repairs (as defined below) of the facility. The cost of the repair must not exceed $30,000.

b.) Replacement involves the removal of a major part or component of structure or equipment and the substitution of a new part or component essentially of the same type and performance capabilities. Examples of replacement are building roofs and flooring. Replacing a revenue generator with a different one is not considered a replacement. The cost of the replacement must not exceed $30,000.

c.) Normal maintenance and ordinary repairs shall be defined as costs such as cleaning, adjustment, and painting which are incurred on a continuous basis to keep operational assets in usable condition. Ordinary repairs are...
outlays for parts, labor and related supplies which are necessary to keep
the asset in operational condition, but neither (a) add materially to the
value of the asset, nor (b) prolong its life appreciably.

d.) Any repair or replacement that exceeds $30,000 must first be approved by
the Privilege Fee Committee.

3. This agreement supercedes any previous agreement made by SGA with
DEPARTMENT regarding funding of budgets and use of such funding.

4. Any breach of this agreement by the DEPARTMENT will result in automatic
review by SGA and such review could result in decrease or termination of
funding of the BUDGET. The failure of SGA to exercise any of its rights in any
instance shall not constitute a waiver of such rights in that instance or in any other
instance.

5. Within 60 days of the end of the fiscal year, the Director of the DEPARTMENT
shall submit a written summary of BUDGET expenditures to the Privilege Fee
Chair for review by SGA.

6. No construction or renovation of a building or facility at K-State is permitted
with privilege fees unless the fee was established by a binding referendum vote of
the student body. (SGA Constitution Article V Section 510 Letter D and Article
XI Section 1105)

a.) Construction shall be defined as capital outlay costs to construct new or
make additions onto an existing building or facility.

modifications to existing building or facilities. Examples of uses of these
funds include major replacements (over $30,000), building additions,
facility betterments, and improvements which occur infrequently.

7. The agreement shall be governed by and subject to the laws of the State of

WHEREAS, Senate Operations Committee has reviewed the elections regulations and found sections that are out of date;

WHEREAS, Senate Operations Committee gathered input from the elections commissioner that these changes to the regulations are necessary;

WHEREAS, Section 41-0138.b. places a size restriction on signs in the Student Union that is no longer a part of Union policy.

BE IT ENACTED THAT:

AMENDMENT TO
SGA ELECTIONS REGULATIONS
ESTABLISHING REQUIREMENTS FOR
STUDENT BODY PRESIDENT CANDIDATES

BY: Senate Operations Committee

WHEREAS, The KSU SGA By-Laws makes it the responsibility of the Senate Operations Committee to oversee the KSU SGA Elections;

WHEREAS, Senate Operations Committee has carefully reviewed the process for students to declare their candidacy for student body president and vice president;

WHEREAS, The committee believes that is in the best interest of SGA to instigate some measure to preserve the importance of the position of student body president;

WHEREAS, The committee believes that requiring candidates for student body president and vice president to gather a minimal number of signatures from students supporting them to be a candidate would eliminate candidates who have no serious intent in running for the position but would not restrict any candidates with serious intent.

WHEREAS, The committee believes that the number of signatures needed to run should be based on the previous primary election because that is the election the candidates will be participating in;

WHEREAS, The average turnout of the primary election over the six years it has been in existence is 3514 voters;

WHEREAS, The committee believes setting a minimum requirement based on this average would ensure the required number never drops too low;

WHEREAS, The committee believes that a number of 2% of the voters in the previous primary election, or a minimum of 2% of the average of the first six years, which ever is the greatest is not a prohibitive number that is easily obtainable by any candidate looking to put forth effort; and

WHEREAS, A requirement such as this is common in other elections and is much less than prohibitive than other requirements such as a filing fee.

BE IT ENACTED THAT:

SECTION 1. Section 41-0119.b. is amended to read as follows:

b. Declaration of Candidacy. The elections commissioner shall determine the form of the declaration of candidacy. The declaration of candidacy shall include the name of the student, the student’s Kansas State student...
identification number, the college the student is enrolled in, and the office
being sought by the student. Any person seeking to have their name placed
on the ballot as a candidate for Student Body President, Student Body
Vice President, Student Senator, member of the Board of Student
Publications, and/or member of the Union Governing Board shall file a
declaration of candidacy with the professional staff of the Office of
Student Activities and Services three weeks prior to the General Election.

1. Any pair of candidates seeking to have their names placed on the
ballot as candidates for Student Body President and Vice President,
shall include with their declaration the signatures of students who
support their candidacy. The minimum number of signatures required
for student body president and vice president candidates to file shall be
the greater of the following:

a. Two percent (2%) of the number of votes cast in the previous
   year’s primary election
b. Seventy (70)

REGARDING THE PERSONAL
CONTRIBUTION OF LABOR BY CANDIDATES

BY: Senate Operations Committee and Elections Commissioner Nick Levondofsky

WHEREAS, The KSU SGA By-Laws makes it the responsibility of the Senate Operations Committee and the Elections Commissioner to oversee the KSU SGA Elections;

WHEREAS, Senate Operations Committee has reviewed issues and concerns with the expensing of labor by the candidate;

WHEREAS, The committee identified a difference between the value of material donated by a candidate to their campaign and the value of their labor donated to their campaign;

WHEREAS, The committee recognizes that every candidate brings a unique set of skills and abilities to their campaign that it would be impossible to place a value on;

WHEREAS, Requiring candidates to expense their personal labor contributions would be impossible due to the difficulty of placing a value on it;

WHEREAS, The committee does not believe that labor by a candidate performing professional tasks for their campaigns such as web design or graphic design should be treated any differently than the labor for driving, speaking or chalking; and

WHEREAS, The current elections regulations do not clearly define how personal labor by a candidate should be handled.

BE IT ENACTED THAT:

SECTION 1. KSU SGA Statute 41-0142.b. is amended to read as follows:

b. Personal Contributions Limited. The value of labor by a candidate, professional or otherwise, is not to be expensed or included as personal contributions. The maximum amount any candidate may contribute toward his or her campaign shall be as follows:
