APPROVAL OF ARCHITECTURE AND DESIGN COUNCIL CONSTITUTION

BY: Barrett Kays

(check Proposed Legislation for contents)

NOT INTRODUCED
BY: Steve Doering, Barrett Kays, Max McClanahan, John Ronnau

WHEREAS it has become increasingly evident that there exists the necessity for guidelines or priorities to be accepted and adhered to if S.G.A. is to do an effective job of representing the student body and

WHEREAS it is essential that any organization which desires to be affective must have a coherent idea accepted by its members as to what its actual purpose and/or function is

BE IT ENACTED THAT:

SECTION 1. The following purpose statement and priorities be adopted by Student Senate to provide a framework for Finance Committee and Student Senate in which to allocate the resources of the Student Governing Association at K.S.U.

There is presently a trend in higher education of giving the students a greater voice in what type of education they are to experience at the University. Accompanying this increased level of participation is a responsibility, multiplicative in nature, which the students have to continually question their own actions and their importance in the University as a whole and realize that they are only one significant part of the University community, and that maintaining communicative relations with the rest of the community is essential. S.G.A. is:

1. The Students’ Representative Body for Decisions and Actions in all of the Operations of the University.

2. A “Court of Last Resort” in Itself Meeting Those Student Needs and Providing Those Educational Programs That it is Unable to Cause to be Set-up Under the Normal Structure of the University.

4. At Such Times as Outside Events (and/or Realities) Endanger the A foregoing Functions, S.G.A. may comment and/or act on Events (and/or Realities) Beyond the Boundaries of the University.

BY: Phil Neal, Lauren Libby

WHEREAS Student Senate’s top priorities include making college councils a more viable force in student government and working for academic improvement and extra-curricular education (see Priorities section I, p. 1, III, and IV. B.) and

WHEREAS there is a growing demand across the country, on this Campus and in this Senate for more student benefits from student fees and more students input into the type and quality of education received and

WHEREAS college councils provide the actual and/or potential logical solutions to instituting academic improvement and developing extra-curricular education in each of the special fields of endeavor within the University and also allow more student involvement within each of the colleges and

WHEREAS much of this work cannot properly be accomplished without funds

BE IT ENACTED THAT:

SECTION 1. Twenty percent (20%) of unallocated student activity fees paid by each student be made available to the council of that student’s college. Unallocated fees as stated herein are taken to mean that portion of the student activity fee after specific line item have been subtracted.

SECTION 2. Such funds are to be turned over to each council only upon submission of a list of priorities and/or budget for that college to be approved by Finance Committee. To further the concept of Senate’s responsibility for the action of College Councils, each college’s student senators will be held responsible for being involved in formulating these priorities, budgets, etc., and presenting them to the Finance Committee.

SECTION 3. Actual amount of council funds to be computed on actual number of full-time students in each college as determined according to the previous semester’s enrollment.

SECTION 4. If any portion of said funds have not been spent at the end of each semester, that portion shall be returned to general S.G.A. funds. In the event that a college council doesn’t wish to request all or part of it’s available funds that council will present a release of funds to the Student Senate Finance Committee Chairman for those funds authorizing Student Senate to allocate said funds as it sees fit. In the event that a functioning council does not exist in a particular college those funds will be automatically released to Student Senate until such time as a council is established in that college.
SECTION 5. All funds received as per above are to be used by the various college councils for the benefit of the students of their colleges in those areas, curricular or extra-curricular, which directly enhance the value of said students’ education.

SECTION 6. All funds received as per above will be subject to any S.G.A. regulations regarding spending.

SECTION 7. If at any time, in the opinion of the College Council Coordinator or the signed consensus of 10 Senators, any College Council is considered to be misusing their funds that council can be brought before Student Senate for consideration of continued funding of that council. Those requesting the consideration must present valid justification prior to such consideration.

SECTION 8. To facilitate enactment of this bill, these amounts will be held in reserve until Fall 1971 to allow college councils to formulate their proposals. Finance Committee Chairman shall set a reasonable deadline for college council hearings. If any council wishes before the end of Spring Semester 1971 to release all or part of its available funds to Student Senate, it can do so by notification of Finance Committee.

SECTION 9. This policy shall be subject to review by Student Senate at a time approximately one year from its inception.

RESOLUTION 71/72/22  INTERIM JUDICIAL REPORT

BY: Rick Miller, Judy Ochs, P. J. White, Lon Ackerman, George Moxley

BE IT RESOLVED THAT:

SECTION 1. Student Senate approve the report of Judicial Reform Committee regarding the interim judicial system and procedures:

The following provisions reflect: 1) the recommendations contained in the report of the American Bar Association’s Commission on Campus Government and Student Dissent; and 2) the 1969 statement of the Kansas Attorney General’s Office on student disciplinary proceedings, submitted in reply to a request from the Board of Regents in a resolution dated July 14, 1969, setting forth the judicial standards of procedural due process in cases of “serious” academic penalties, specifically, suspension and expulsion, and 3) in the absence of any such direction, a determination that under the present circumstances at K.S.U., justice is best served.

I. Disciplinary cases in which suspension or expulsion from the University may be imposed as punishment for alleged misconduct by a student shall be heard by a special hearing board, in accordance with the following provisions, until a permanent revision of the judicial system shall be made in the manner prescribed by University rules and regulations.

II. Summary suspension of a student pending a full hearing by the board is permissible only if: 1) his “continued presence on campus constitutes an immediate threat or injury” to the security of person or property in the University community, or will “materially and substantially interfere” with the “orderly functioning of the University”; and 2) he is given an administrative hearing to review the grounds for the decision to impose summary suspension within three days.

III. In cases where the student has been charged with violations of the general laws as well as University regulations for the same conduct, disciplinary proceedings shall not begin until after he has been tried in the criminal courts; and, the University shall consider the justice of multiple sanctions for the same conduct in the case of conviction, or the desirability of proceeding in the case of acquittal, by the criminal court.

IV. In the absence of a “finding of immediate peril,” the status of the student shall not be altered until his case has been decided; he shall be entitled to a full hearing before the board and shall be granted the right to:
A. University rules of conduct which are sufficiently clear and definite and published in a form adequately available to inform the student what actions or omissions constitute violations punishable by suspension or expulsion;

B. Written notification of the hearing in sufficient time to prepare his defense, which should not be less than one (1) full week nor more than ten (10) days unless postponement is requested;

C. Be informed of his rights, hearing procedures and disciplinary action;

D. A statement of the specific charges against him in language sufficiently precise to enable him to understand the grounds upon which the University seeks to justify its’ disciplinary action and adequately prepare whatever defense is available to him;

E. Examine any affidavits or other written evidence or exhibits which the University intends to introduce to be informed to the nature of the evidence which will support the charge(s);

F. Fair and impartially constituted tribunal, including fellow students;

G. Opportunity to confront his accusers, to cross-examine adverse witnesses

1. Rights granted to the accused in questioning and cross-examining witnesses shall also be granted to the person bringing charges.

H. Counsel of competence equal to that of the representative of the University or those filing charges

I. Present his own case, through the introduction of evidence and the presentation of witnesses in his behalf;

J. Presumption of innocence; the burden of proving the charges by clear and convincing evidence shall rest on the University or the person bringing charges

K. Nothing he says shall be used against him unless he testifies at his own will and submits to cross-examination;

L. Speedy notification of the results of the board’s deliberations.

M. Some sort of incontestable record of the proceedings.
N. Appellate review, pending which the imposition of the penalty shall be postponed;

O. Immunity from tried twice by appeals taken by the University or persons bringing charges after a decision in his favor by the board;

P. A public hearing, unless he requests a closed hearing, in the Senate chambers; provided the chairman of the board may close the chamber in the event of a disturbance;

Q. Have a decision made solely on evidence pertinent to the charges under consideration;

R. Decision upon penalty must require an affirmative vote of five (5) of the seven (7) members of the board.

V. Composition of the Hearing Board: Trial by his Peers

A. An ex-officio, non-voting chairman, the University Attorney, whose function it shall be to serve as an impartial presiding officer, enforce the rules of procedure, rule on motions and questions, preserve order and insure fundamental fairness or “due process of law”, He shall not be present at the deliberation of the board;

B. Seven (7) members, three (3) of whom shall be faculty and four (4) of whom shall be students, to be selected by lot from among full-time faculty and full-time students in the following manner, under the supervision of the Chancellor, who may appoint one student and one faculty from among the members of Tribunal to assist him:

1. The names of all eligible faculty and students as they appear in the current campus directory or other official source, on separate slips of paper shall be placed in two boxes, one faculty and one for students.

2. At a designated time and place, at least one week prior to the hearing, the contents of both boxes shall be thoroughly mixed and ten (10) students and eight (8) faculty shall be drawn by the President of Faculty Senate and Chairman of Student Senate, respectively the order of drawings to be indicated by name and number on two separate lists of the slips are drawn.

3. The President of Faculty Senate shall communicate with the persons on the list of faculty members to determine their eligibility for service; the Chairman of Student Senate shall do the same for the persons on the list of students.
4. Faculty and students so selected shall consider service mandatory; however, to grant requests to be excused and in such event, shall report their reasons in writing, along with the list of qualified persons, to the Chancellor.

5. The first three (3) names on the faculty list and the first four (4) on the student list shall be communicated by the Chancellor to the appointed representative of the University and the students involved in the case, who each shall be afforded the right to have any of the seven (7) dismissed for prejudice, after inquiry and determination by the University Attorney, who shall be responsible for the impartiality of the board and may, on his own initiative, take this or any other action appropriate to that end; he shall report any such dismissals, together with the reasons, to the Chancellor, who shall supply replacements, as necessary, from among the names remaining on the lists, in order of their drawing.

6. As soon as three (3) faculty and four (4) students are qualified, the hearing board shall be considered complete; however, if the lists are exhausted before completion, the process shall be repeated.

7. The entire process shall be completed within 3-4 days.

8. When final selection of the seven (7) members of the board is made, formal notification confirming their appointment will be received by them from the Office of the President.

VI. Within the limitations of the students’ rights outlined in IV, the University Attorney shall lay down a simple set of rules of procedure for the conduct of the hearing, indicating the order of business, treatment of evidence, conduct of counsel, etc., in accordance with the understanding that such rules of procedure are intended to assure a “fair and impartial hearing and atmosphere”, rather than meet the legalistic requirements for a criminal trial. Recognizing that a disciplinary proceeding has some of the characteristics of a “trial”, only those features of the adversary system as are useful to fundamental fairness shall be considered necessary.

PASSED 4/15/71
BE IT RESOLVED THAT:

SECTION 1. Student Senate feels that an extension of the draft system would be a gross error and that the Student Senate shall be looking to our U.S. Senators for a defeat of the upcoming legislation concerning an extension of the draft system.

APPROVAL OF ORGANIZATION OF
STUDENT HEALTH COMMITTEE

BY: Carol Russ, Phil Neal

WHEREAS there has been a need for clarification of decision-making procedures, and
WHEREAS there has also been a need to set up a Student Health Selection Committee

BE IT RESOLVED THAT:

SECTION 1. The following organization and procedures by tentatively approved:

STUDENT HEALTH SERVICES COMMITTEE

PURPOSE:

We as students at KSU, feel that adequate health care should be provided students of KSU during their enrollment at the University. Part of our health services is to evaluate the health care service we are presently receiving for our health fee, to evaluate the cost for adequate health coverage for students, to advise the staff of the health center as to our felt health care needs, and to assist the staff in setting priorities, policies and future budgets that have both the interests of the students and the staff in mind. Our mission is to provide student support to the staff in developing adequate health services to the student body.

ORGANIZATION OF THE STUDENT HEALTH SERVICES COMMITTEE:

A. The Committee is to work closely with the Director of the Student Health Service in determining the budget of the health center, man power requirements of the center, policies affecting the services offered to the student body, and other matters pertaining to the operation of the Student Health Center.

STRUCTURE OF THE COMMITTEE:

A. The Committee is to consist of at least 4 members. It is the intention of the committee to include as many students as the demands and needs of the committee require. Members of the Central committee may organize sub-committees with other interested students outside of the committee.

For example:

Sub-committees could be established to research further aspects of Student Health. General areas that might suggest sub-committees of interested students are:
1. Formulation of the budget

2. Involvement of Student Personnel in the Center

3. Allocation of man power; hiring of new personnel

4. Complaint board for student health to handle student gripes

5. Public Relations committee to evaluate public image of the Student Health Center

6. Student Committee on Innovations for the Center

7. Mental health sub-committees

8. Birth Control policies and information

9. Evaluating and recommending the health insurance to be offered for the upcoming year.

B. Committee members for the Central Committee are to be selected from the student body including both graduate and undergraduate students:

Appointment to the committee consists of:

1. Filing an application

2. Obtaining recommendations from students and faculty on campus

3. Personal interview with the Student Health Selection Committee, to consist of: two (2) members of the present student health committee and two (2) Student Senators appointed by the Student Senate Chairman. In the case of a tie, a vote to be cast by the Chairman of the Student Health Committee.

The primary determiner of acceptance to the committee is a high level of commitment to the purpose of the committee. Since the committee is responsible for a facility which operates on a budget of over $600,000 it is extremely important that only students who are concerned about their fellow students receiving adequate health care services should be involved with this committee.

Above all, the committee and sub-committees are to be flexible.

It is recommended that students who are early in their collegiate career be involved in the committee so that a smooth transition can be made between academic years.
C. Attendance at the committee meetings is of extreme importance to the functioning of the committee. Consequently, it is recommended that ineffective members, as determined by the committee, will be requested to resign if they are not fulfilling their responsibilities. If a member is to be absent, the chairman should be notified prior to the meeting.

D. Any large budget item (over $1,000) is to be presented to Student Senate, with committee recommendations, for a vote. If the Student Health Committee and Student Senate disagree (i.e., majority of Senate present and voting do not take Health Committee’s recommendation), a student opinion poll will be taken to determine the will of the students.

CONDUCT OF MEETINGS

A. Meetings are to be held at least once a week, or as often as required the committee.

B. The format of the meeting shall be

1. Agenda for the meeting
2. Old Business
3. New Business
   a. Committee reports (sub-committee projects)

C. The chairman shall maintain an orderly flow of business to insure effective group meetings.

RESPONSIBILITIES OF THE COMMITTEE

A. Essentially the committee is responsible for providing student support to the health center. This involves giving student feedback to the Director of the Service about student’s perceptions of the service. Complaints should be relayed to the Director so modifications, if need be, could be made.

The committee is to work with the Director closely.

This may involve:

1. Development of the budget for the next year.
2. Hiring new personnel.
3. Determining type of coverage for health insurance.
4. Determining need for evaluation of health fees paid by students.

ACCEPTANCE OF REPORT OF COMMITTEE
ON JUDICIAL REFORM

BY: Ike Parsons

BE IT RESOLVED THAT:

SECTION 1. Student Senate accept the Report of the Committee on Judicial Reform

REPORT OF THE COMMITTEE ON JUDICIAL REFORM

The Committee recommends that the following rules governing notice and hearing in serious disciplinary cases be adopted by the University.

Although these recommendations are limited to procedure, the committee believes very strongly that there is also an urgent need for adoption of a statement of rights and responsibilities and a code of conduct for students. Kansas State University lags behind most of the colleges and universities in this regard; and it is our belief that their adoption would have the dual advantages of (1) guaranteeing all students that they will be governed by written rules, and (2) guaranteeing to the University that its action in enforcing those rules will be upheld if challenged.

The Committee recognizes that the question of who serves on a disciplinary board is open to serious debate. However, the enclosed selection method is submitted for consideration. The Committee believes that representation by students, faculty and the administration is desirable, but that student and faculty representation should out-weigh that of the administration. We recognize the advantages of random selection in guaranteeing objectivity. We have recommended selection by lot from a selected panel of student and faculty members who by their training or prior consent, will be likely to do a conscientious job. The panel members themselves are selected by their peers. The committee believes that a give member panel is the largest group that can act efficiently in holding hearings.

RULES GOVERNING DISCIPLINARY PROCEDURE

In all cases where a student is liable to be suspended or expelled from the University for any cause other than his academic record, he shall be entitled to notice and hearing pursuant to the following rules

NOTICE I.

(1) Notice shall be given to the student, in writing, of the time and place of a hearing on the charges against him, not less than fifteen days prior to the hearing.
(2) The notice shall include a description of the misconduct with which the student is charged and a list of those rules of the University or the Board of Regents which such misconduct is alleged to violate.

(3) The notice shall be accompanied by a copy of the rules relating to procedure at disciplinary hearings. It shall state that the student shall be permitted to inspect, at the Office of the Dean of Students or some other designated place, any affidavits, exhibits, or written evidence which the University intends to submit at the hearing.

(4) If the student has been temporarily suspended from the University, the notice shall so state.

(5) If it is relevant, the notice shall state that the student is subject to possible withdrawal of financial aide pursuant to federal law.

HEARINGS II.

(1) All hearings shall be open to members of the University, except that the Board may restrict the number of observers to that which the hearing room will comfortably accommodate, and except that the Board may restrict the hearing to parties, their advisors, and witnesses upon request of a student appearing before the Board or to protect the student’s right to a fair trial on criminal charges pending which arise out of the same occurrence alleged in the notice of hearing. The Chairman may exclude from the hearing any person, other than student charged or his advisor, whose conduct disrupts, disturbs, or delays the proceedings. If the student charged should engage in conduct which makes a fair hearing impossible, the Board may complete the hearing without his presence.

(2) A student may be represented at the hearing by an advisor, who is not an attorney at law. The Board may request the University Attorney to advise it at the hearing.

(3) The evidence against the student shall be presented at the hearing. The person presenting the case for the University shall have the opportunity to question the witnesses and to present witnesses and evidence in support of the charges specified in the notice of hearing.

(4) The student charged or his advisor shall have the opportunity to question all witnesses, to present witnesses in his own behalf, and to present any other evidence. Formal rules of evidence shall not apply, and any evidence relevant to a fair determination of the charges may be admitted by the Board, except that a previous statement shall be admissible only if the person who made the statement is present.
(5) The student charged shall be presumed innocent, and the University shall have the burden of proving the charges alleged in the notice of hearing by a preponderance of the evidence. The student charges shall not be required to testify before the Board, and his failure or refusal to testify shall not be considered as evidence against him.

(6) All members of the University shall be obligated to cooperate with the Board and failure to appear pursuant to a reasonable request of the Board, or intimidation or improper influencing of witnesses, shall be grounds for disciplinary action by the Board.

(7) At the request of either party, the Board shall exclude witnesses except when they are testifying.

(8) A full and complete record of the proceedings before the Board shall be made, by use of an adequate recorder or other suitable device. A copy of this record shall be supplied to the student. All rulings by the Board on matters of evidence, procedure, and conduct of the hearing shall be binding upon all parties.

(9) If the student charged willfully fails to appear for a hearing or willfully leaves a hearing before its conclusion without permission of the Board, the hearing may be completed without his presence.

(10) The Board shall make its finding of fact which shall be reported in writing to the President within five days after the close of the hearing.

A. If no charges against the student are sustained by the finding of fact, all charges shall be dismissed by the Board.

B. Further, in such cases, if the student has temporarily been suspended from the University, he shall be reinstated.

C. If any of the charges against the student are sustained, the Board shall report, to the President, in writing, with its findings, its recommendations considering discipline and financial aid.

D. In considering what recommendations it shall make regarding discipline, the Board may consider any prior disciplinary action taken against the student charged, but such prior disciplinary action shall not be considered by the Board until after it has made its findings based upon the evidence presented at the hearing.

(11) A copy of the Board’s report shall be furnished to the student at the time the report is made to the President.
(12) Either party may appeal to the President at any time after the hearing if he believes it was unfairly conducted. Upon request of the President, the Board shall reconsider any matter.

THE HEARING BOARD III.

(1) All hearings pursuant to these rules shall be conducted by a board of seven members, which shall consist of four representatives of the student body, two representatives of the faculty, and one representative of the general administration.

(2) The members of the board shall be selected at the beginning of each academic year to serve until the beginning of the next academic year and until a successor board is chosen.

(3) The student members of the board shall be chosen by lot from a panel consisting of all members of existing judicial boards who have consented to serve on the panel, and those who have had prior experience in such matter and who request that their names be placed on the panel.

(4) The two members of the faculty shall be chosen by lot from a panel of members of the faculty submitted by the Faculty Senate. The panel shall contain not less than twenty names, and no faculty members shall be named to the panel who has not consented thereto.

(5) The representative of the general administration shall be named to the panel by the President of the University.

(6) The Center for Student Development shall be responsible for maintaining the lists of panel members and for conducting the selections by lot.

INFORMAL DISCUSSION
Earl Allen moved to adjourn at 9:15. PASSED.
Jenny Johnston
The March 4, Senate meeting was called to order by Chairman John Ronnau. There were 42 Senators present. Julie Burch was excused late. Joyt Givens and Steve Jarrett were excused absent. Bev Oliver and Prakash Shastry were absent.

ANNOUNCEMENTS
John Ronnau - The ruling by Tribunal on the Jane Bacon case is that the vacancy left by Jane Bacon is to be filled by the A & S College Council. The Excused Policy written by John is to take affect immediately. Concerning the list of committee positions, see John or leave your name with Jenny.

COMMITTEE REPORTS
RESEARCH STUDIES CENTER ON MINORITY GROUPS - Frank Cleveland - Got reports back from Harmon and Shockley. Would like to broaden the research.
ACADEMIC AFFAIRS - Rowan Conrad - Recommended official resolution to be considered by Faculty Senate. It would make courses taken on a credit - no credit basis, grades of “D” and above will be given credit, since a “D” counts towards graduation credit in a graded course. Will be hard to get it passed.

LIAISON REPORTS
UNION GOVERNING BOARD - Paula Miller - Met Tuesday night. One part of the cafeteria will not be reserved over the noon hour in order to give more space. Food can be taken into the Catskellar. Hope to add a few more tables. Faculty members do get a 10% discount on books. At Varney’s they get a discount on books and supplies. Two positions are open on U.G.B. Interviews are set for March 15. A lot of applicants. Will offer hot meals on Saturdays and Sundays again.

DIRECTORS REPORTS
STUDENT BODY PRESIDENT - R. D. Harmon - R. D. is in Washington, D. C. this weekend attending a continuation session of the President to Presidents Conference. Most of his time has been spent organizing and defining roles of positions and committees and directorships as well as other functions of S.G.A. There are openings in every area that S.G.A. deals with. If you or anyone you know are interested let R. D. or John Ronnau know. From reports that I have received, it sounds as though Senate is already more conscientious and objective about present day problems than the old Senate. Just remember that the bills you pass have to be implemented. Follow through is the key phrase. R. D.’s best times are Tuesday and Thursday but his door is always open. They have redecoration in mind for the S.G.A. office; if you have any ideas please air them. Two people are needed for the Intramural Commission. The first meeting is at 7:00 p.m., Tuesday, March 9, 1971, in Room 204 of the Union. There will be an A.S.G. Regional Conference held April 23, 24, and 25, at the University of Oklahoma at Norman. The main emphasis of this convention will be placed in the area of student legal
rights. We should probably be represented there. If interested or need more information, contact me.

PURPOSE:

WE, as students of KSU, feel that adequate health care should be provided for students of KSU during their enrollment at the university. Part of our health services is to evaluate the health care service we are presently receiving for our health fee, to evaluate the cost for adequate health coverage for students, to advise the staff of the health center as to our felt health care needs, and to assist the staff in setting priorities, policies, and future budgets that have both the interests of the students and the staff in mind. Our mission is to provide student support to the staff in developing adequate health services to the student body.

ORGANIZATION OF THE STUDENT HEALTH SERVICES COMMITTEE:

A. The Committee is to work closely with the Director of the Student Health Service in determining the budget of the health center, allocation of resources within the center, manpower requirements of the center, policies affecting the services
offered to the student body, and other matters pertaining to the operation of the Student Health Center.

THE STRUCTURE OF THE COMMITTEE:

A. The Committee is to consist of at least 4 members and not more than 7. It is the intention of this Committee to include as many students as the demands and needs of the Committee require. Members of the Central Committee may organize subcommittees with other interested students outside the committee.

For Example:
Subcommittees could be established to research further aspects of Student Health. General areas that might suggest subcommittees of interested students are:

a. Formulation of the budget
b. Involvement of student personnel in the center
c. allocation of manpower; hiring of new personnel
d. complaint board for student health to handle student gripes
e. public relations committee to evaluate public image of the student health center
f. study committee on innovations for the center
g. mental health subcommittee
h. birth control policies and information
i. evaluating and recommending the health insurance to be offered for the upcoming year.

B. Committee members for the Central Committee are to be selected from the student body including both graduate and undergraduate students, males and females. Appointment to the committee consists of:

a. filing an application
b. obtaining recommendations from students and faculty on campus
c. personal interview with current committee

The primary determiner of acceptance to this committee is a high level of commitment to the purpose of the committee. Since the committee is responsible for a facility which operates on a budget of over $600,000 it is extremely important that only students who are concerned about their fellow students receiving adequate health care services should be involved with this Committee.

Above all, the Committee and subcommittees are to be flexible. It is recommended that students who are early in their collegiate career be involved in the Committee so that a smooth transition can be made between academic years.

C. Attendance at the Committee meetings is of extreme importance to the functioning of the Committee. Consequently, it is recommended that ineffective members, as determined by the committee, will be requested to resign if they are not fulfilling their responsibilities. If a member is to be absent, the chairman should be notified prior to the meeting.

CONDUCT OF MEETINGS:

A. Meetings are to be held at least once a week or as often as required by the committee.

B. The format of the meeting shall be:

a. Agenda for the Meeting
b. Old Business
c. New Business
   1. committee reports (subcommittee projects)

C. The chairman shall maintain an orderly flow of business to insure effective group meetings.

RESPONSIBILITIES OF THE COMMITTEE:
A. Essentially the Committee is responsible for providing student support to the health center. This involves giving student feedback to the Director of the Service about student’s perceptions of the service. Complaints should be relayed to the Director so modifications, if need be, could be made. The Committee is to work with the Director closely. This may involve:
   a. development of the budget for the next year
   b. hiring new personnel
   c. determining type of coverage for health insurance
   d. determining need for evaluation of health fees paid by students.

(end of report)

Nick - if you are interested in being on the Committee and are willing to work on it, then try to get on. Need people who are actually concerned and willing to work on it, not be on it for the glory. Will be a table in the Union Wed. on the Student Health Center which will be manned by the Student Health Committee to give info and hear grievances, etc.

Question and Answer Session

M. Crosby - What were the motives of Student Health Center when it first opened up?
Nick - We have a community to help. There are need to be met and looked closely at.
Dr. Sinclair - There were 50,000 visits to the out-patient clinic last year.
G. Moxley - Any ideas of having the Committee approve the budget for next year?
Dr. Sinclair - The Committee should have something to say on the budget. Should have student feedback on many things.
Nick - We have been very pleased with the cooperation that Dr. Sinclair has given to the Committee.
E. Allen - What services are offered in an accredited hospital that could not be offered in a non-accredited hospital?
Dr. Sinclair - The facilities are inspected by many groups and if they do not pass tests we are no longer accredited. In an accredited hospital, any insurance that you have will pay hospitalization in that hospital.
K. Iyengar - Does the student health committee have a say in fixing up the premiums?
Connie - Yes, Hope to write our own policies this year.
P. J. White - Are you going to continue having a hospital service or are you going to become a clinic service and what is the difference?
Dr. Sinclair - Hospital is what we have over there now. A clinic is for outpatients with no beds. X-Ray Process - Using Wet-Tank Method of developing X-rays now. Takes 9 min. approx. An automatic processor would take 90 sec. - Students are in and out quicker. Have to hire Registered Technicians in order to stay accredited. All there training is done on automatic developers with maybe three days of training of Wet-Tank Process. If we can’t support the Center we would lose accreditation.
L. Libby - Do you have any plans of expansion of the building or equipment?
Dr. Sinclair - Are going to add second levels to each side. No specific program has been gotten into.
C. Russ - Have you thought of using the Center as a teaching facility?
Dr. Sinclair - Yes. Have been trying to think of ways to fill this financial gap we may run into again. Need to think of ways to get money into the Service.
J. Divine - Could we give out vitamin pills and flu shots to all students, maybe open the pharmacy a little more?
Dr. Sinclair - Flu Shots would have to have a doctor’s prescription. Vitamin pills, yes.
R. Conrad - Would opening up services to wives and children bring in interns?
Dr. Sinclair - It could.
B. Kays - Who ok’s the entire budget?
Dr. Sinclair - Dr. Peters.
B. Kays - Is it proper for Peters to ok the budget as opposed to Student Senate?
Dr. Sinclair - I would ask what your credentials are.
I. Parsons - Is there a mandatory retirement age for staff?
Dr. Sinclair - Yes, 65 years of age.

Policy on Birth Control:
1. Any married student
2. Any girl over 21
3. Any girl under 21 with the consent of her parents
L. Nicholson - What is your stand on the Well-Baby Clinic in Manhattan?
Dr. Sinclair - Never heard of it before tonight.
D. Noll - Why not evaluate the staff at the Center as we do the teachers?
Dr. Sinclair - No objections.
M. Hodge - How can the County Health Office give B. C. Pills to girls under 21?
Dr. Sinclair - They are paid by the State and cannot be sued.
H. McClanahan - If a girl comes in for a pregnancy test, are her parents notified?
Dr. Sinclair - No (by law)
B. Oliver - Can a single girl who has children get Birth Control if she is under 21?
Dr. Sinclair - No.
E. Allen - Could ambulance services be written into a student health policy?
Dr. Sinclair - Not necessarily written in. Should be in the policy from the start.
J. Miller - How does the Center take care of drug problems?
Dr. Sinclair - They are admitted and given medications (in different cases). Some are admitted to the mental health clinic.
B. Kays - Who controls the Center.
Connie - Bob Prochaska told me that the Committee is under V. P. Peters. She feels they are under S.G.A.
R. Conrad - Jeff Spears stated in his bill that the committee would be under S.G.A.
D. Noll - How do you plan to pay for the automatic X-ray developer?
Dr. Sinclair - We have the money, the question is do we want to spend it on the automatic X-ray developer or on something else. The X-ray machine is a benefit to the students.
B. Schaefer - Do you require any proof of marriage?
Dr. Sinclair - No.
Pat Schafer - The Student Health Committee meets every Wed, at 4:30 in the Conference Room in the basement of the Center. Anyone is welcome to attend the meetings.

Greg Bowers moved to adjourn at 9:36. Passed.

   regarding the interim judicial system and procedures.
Section 2. Special session for final approval, April 13, 1971, 7:00 p.m.
Judicial Reform Committee report by members Rick Miller, Judy Ochs, P.J. White,
Lonnie Ackerman, George Moxley
Criteria for removing student disciplinary cases from the regular channels (i.e., Living
   group boards, Student Review Board, Tribunal): This interim judicial system shall be
   used in cases involving potential suspension or dismissal from the University -
specifically including cases which are being prosecuted in civil or criminal court and
   cases which involve alleged academic dishonesty.
   Composition of Interim Hearing Board:
1. Three faculty members appointed by Faculty Senate Chairman and subject to
   approval of Faculty Senate.
2. Four students, appointed by a selection committee composed of the S.G.A.
   President, Student Senate Chairman and a member of the Judicial Reform
   Committee and subject to approval of Student Senate.
3. Non-voting chairman by joint appointment of Faculty Senate Chairman and the
   selection board mentioned in (2) and subject to approval of Student Senate.

   defined channels which ensure procedural fair play, including the rights of the student
   charged with misconduct:
1. to be informed of the specific charges against him, the party charging, the
   particular documents and evidence to be used against him, the names and
   testimony of witnesses, the time, date and place of hearing, in sufficient time
   to prepare a defense. Generally this time shall be five days.
2. to receive a hearing before a regularly constituted board with the privilege of
   appeal to the President of the University. The student may waive the hearing
   and accept penalty or punishment without contest if he signs a written waiver
   in which he states that he is aware of his rights and that he does indeed waive
   those rights.
3. to be informed of the nature of the judicial system; that is, the procedures under which he will be heard and the rights to which he is entitled.

Postponement of the full hearing may be granted by the hearing board upon request of the student charged.
10. to hear from the board the results, findings, and sanctions within twenty-four hours after the closure of the hearing.

Procedures for the board:
1. The student may have another student from K.S.U. for counsel.
2. Failure of the student to appear shall not be construed as evidence of guilt. If the student willfully leaves during the hearing or willfully fails to appear at the hearing, the board may proceed with the hearings at that time.
3. The board shall not hear cases while charges are pending or while cases are being tried in civil or criminal court until the decision has been rendered by the civil or criminal court.
4. The board shall base findings on clear and convincing proof. All matters upon which the decision may be based must be introduced into evidence at the hearing. Findings shall require affirmative vote of a majority of the board.
5. The board shall report to the President of the University:
   a. the facts surrounding the alleged misconduct.
   b. whether the facts do or do not amount to a violation of University policy and/or campus regulations.
   c. recommendations as to:
      1. disposition
      2. elimination or revision of University policy and/or campus regulations
6. The board shall include any other provisions necessary to ensure procedural fair play, such as, but not limited to, the right to legal counsel, the right against self-incrimination, the board requesting the President of the University to summon student, faculty, or staff witnesses if they will not testify willingly, etc.
7. The Chairman shall maintain a fair and impartial attitude and shall be charged with ensuring due process and fair procedures and maintaining order at the hearing.
8. No person shall sit upon the board in hearing who is connected directly with bringing of charges or defense against them or who has a personal interest in the case.
9. Records shall be kept verbatim by stenographer or by tape recorder.
10. The decision of the board shall be final, subject to appeal to the President of the University and the Board of Regents.
11. The hearing board shall not violate or infringe upon any of the aforementioned rights of the student charged.
12. Burden of proof shall rest upon the person or persons bringing the charge of misconduct.
13. The board shall provide a public hearing except on request of the person charged that the hearing be closed. The chairman may limit the number of spectators in accordance with space available.
14. The person or persons bringing the charge shall present the case.
15. Written testimony shall not be admitted except for litigated and complete court records and official documents such as residence hall incident reports. The hearing board shall determine other rules of evidence.
16. The person charged with misconduct shall be presumed innocent until proven guilty.

The April 13 special session of Student Senate was called to order by Chairman John Ronnau. There were 33 senators present. E. Allen, J. Burch and V. Kanellakis were excused late. D. Coltrain, M. Crosby, S. Doering, K. Iyengar, L. Libby, M. McClanahan, D. Sebelius, D. Wilcoxon, and R. Conrad were excused absent. R. Johnson, P. Miller, B. Price, were absent.

The first order of business in the special session was to move into informal small group discussion with different members of the Interim Judicial Committee. After the small group discussion, we moved into the whole group and discussed the proposals further. Frank Cleveland presented an alternative plan to the Interim Committee plan. Still in informal discussion, John Divine proposed another alternative that Senate should consider going back to President McCain’s original proposed board composed of a faculty member, the student’s Dean and a student appointed by the Student Body President. He suggested that we change the one student to two who would sit on the board.

After much informal discussion, a straw vote was taken to see whether Senate favored returning the board to President McCain’s office or whether they favored one of the two proposals put forth by Student Senate. The vote was 24-3 against returning to Pres. McCain’s original plan.

John Divine moved that we move into formal business for the consideration of the committee’s proposal. Ken Hamilton moved that we table the proposition for further consideration by the committee. The motion was seconded and passed. It was suggested that the committee consider and combine parts of both proposals for further discussion and final passage at the next regular Senate meeting.

Lonnie Ackerman moved to suspend the rules to consider Senate Bill 71/72/17 entitled NSA Midwestern Conference Allocation. The 2/3 vote needed to suspend the rules was not obtained.

Questions were asked about the academic counseling and advising of the athletes. It was questioned whether students are represented on Athletic Council in accordance with the amount of revenue that they contribute to the program. Dr. Jones responded that the NCAA specifies that the Athletic Council must be controlled by the faculty.

Because of the financial difficulty that Athletic Council is having, it was asked if the Council would finance the Marching Bands. Joe Knopp proposed that an agreement be made to raise the price of K-Block tickets with the extra money to be set aside for the bands.

The rise in price of tickets for next years football season was discussed. It was stated that the limit in price for general admittance tickets was a set one of $6. It was further explained that faculty ticket prices were also raised.

Questions about hiring students were asked of the men. It was stated that there are several students now on the payroll now and the reasons why there are not more are because of scheduling conflicts, etc.

There was also quite a lot of discussion on a statement entitled “The Role of the College Union.” This is a statement released by the National Assoc. of College Unions.

Other discussion centered around a division in costs for recreation, food, and other services to be made between students, faculty and staff, and non-university affiliated persons. CONSUMER RELATIONS BOARD - Bob Flashman - Many cases have come in on Wage Price Freeze. Handled 35 cases today. Had complaints on super-market prices and magazine salesmen, and dorm raises. R. D. has a report on Wage Price Freeze in his office.

FAIR PRACTICES IN HOUSING - Linda Trueblood - Met and decided to go to the City Commission to put a lid on rent prices.

INTERNATIONAL AFFAIRS - Keith Stutterheim - 87 new foreign students enrolled. John Solbach was in charge of Foreign Student Orientation held Aug. 18. John Solbach was elected National Coordinator of Foreign Student Conference. He is the only American Coordinator Out of about 6 coordinators. Housing is still a big problem.

**OLD BUSINESS**
NONE

**NEW BUSINESS**
George Moxicy moved to introduce Senate Bill 71/72/29.
George tried to give a breakdown of the bill. Since we sat up a Petition Comm. last year, we felt it needed guidelines.
The Committee is to handle referendums that may come up.
It was friendly amended to change “en toto” to “in total”. George spelled out “in total”.
Craig moved the question.
These procedures were developed by the above mentioned Comm. According to Senate Bill 71/72/4, they must be approved by a majority vote.
PASSED: 28/0/8.
John Ronnau turned the gavel over to George Moxley.

John Ronnau moved to introduce Senate Bill 71/72/28.
John explained the Bill.
Section 1 - (for instance) is for intramurals and money and positions. The Committee is only serving as a clearing house.
Under Section 1., Senate will not vote on positions.
Section 2 - (for instance) is for like Draft Info. Center for salaried positions by S.G.A.
The main responsibility of the Comm. lies in Section 2.
Rowan is chairman of the Committee.
Will be responsible for picking a resource person in each case, Under Section 2.
The Committee will break it down to one and that one person will come to Student Senate for approval, under Section 2.
John friendly amended to change Section 5 by adding “under Section 2.) after openings.
Lon Ackerman called the question.
PASSED: 29/0/11.

**INFORMAL DISCUSSION**
The R. P. people have not given up and are still working hard on a yearbook. They will be back with an appeal.
Many people are looking for free legal advice.
Emporia pays $2800/year for a legal set-up.

Steve Doering moved to adjourn. Passed.
Jenny Johnston, S.G.A. Secretary, Kansas State University
Two goals were set 1. Begin to reach a compromise 2. Follow-up on our work 
There are 14,400 students are enrolled at K.S.U. 
Activities Fees = $408,564. 
Carry-over from 1970-1971 = $16,164 
The amount Student Senate has to work with for final allocations = $414,728. 
The above figures are from Admissions and Records. 
The figures on the S.G.A. Budget Standing was taken from the Statement of Transactions 
and Balances. 
The large packet is a breakdown of expenses and what they are requesting. 
The requesting figures are exactly as they came into Finance Committee. 
The Line Items were up-dated: 
Intramurals and Recreation = $25,143 
K-State Union $125,715 
Student Publications = $58,583 
College Council Bill = $39,725 
Places where money could be cut was discussed. 
Rowan - Dr. Farley, at the library, said there would not be a Research Studies Center in 
the near future. There would be a $12,000 save. 
George - suggested we take all the reserve money from Chaparajos and all or ½ of 
reserve from B.S.U. 
Reasoning: Chaparajos should get insurance or some other set-up in case of rain. 
B.S.U. has taken good care of their money in the past, but we are tieing it up for 
entertainment which is wrong. 
Kurt - What is the purpose of Teacher-Course Evaluation? Seems the College Councils 
are going to take some of their money for Teacher-Course Evaluation. 
Roxane - The Teacher-Course Evaluation Comm. will submit questions to the College 
Councils to see what they are planning to do and work close with them. 
Lon - We should work with the College Councils and our report should not be the only 
one. 
Joe - We should not duplicate our reports or what is done with the money. 
Rowan - Explained the Teacher-Course Evaluation Poll. There are things we should 
focus on before settling on the $5,000. 
Lon - As far as the Research Studies Center goes, we should not take all the money away. 
We need to go a little farther. Maybe cut it by $6,000. 
Dr. Farley said $8 to $10,000 could be used for material. 
George - The professionals who came to look over our library, said we have a good 
selection of material. 
Lon - Alot of classes deal with minority groups and would put the Center to good use. 
Ike - Maybe instead of putting money into material for the Center, we could give money 
to the departments for academic books. 
John R. - We are not researched on many of these allocations. Need to find out what the 
money is going to buy.
Lon - We do need more research to find out when the Center will be sectioned off and what has been bought or will be bought.

John D. - If we don’t do something concrete enough, it may get lost. Could hire a part-time person to sort out the material we have now.

Thing to be researched:
- Chaparajos reserve
- B.S.U. reserve
- College Council Bill
- Research Center

Dr. Kasper - Dr. Farley does not want to pull the copies out of where they are not.

Rowan - We could use block dummies and they will tell you where to go to find the material you want.

John R. - Fine Arts Council has very much increased their appeal and reasoning very much. They say their situation is very urgent. They would like $10,000 (¼ of their allocation) to start programs. Need money for paying royalties for play during Homecoming Week. Need the $10,000 immediately.

Would not be giving them $40,000; would give them $10,000 to spend.

Should be ceiling be set on College Council money?

Rowan - Not set a ceiling, but cut the line item.

Ike - Idea of the Bill to given money back to individual students. Sees no reason why we should put a ceiling on them if we get the budget balanced.

R. D. Some may turn money they are not going to need back to S.G.A.

John R. President McCain will be here at 9:00 to speak on Finance, housing, academic assessment, intramural facility.

Lon - As far as the R. P. goes, still in favor of a cut and in favor of a referendum.

Martha H. - Most people do not even know what their activity fees are going for.

Dr. Kasper - Hoyt’s Poll shows that it is very divided as to what to do with the money for the R.P.

Kurt - sales for the R. P. seemed good during enrollment

Lon - Cannot see why advertising cannot be used to finance the R.P. They say the quality of the book will be lowered. Cannot see this if the advertising came from large corporations. Also, should have an All-University Forum shortly before the referendum so it would be fresh in the students minds. We should get it clear in our minds when the referendum will be, what will be on it, etc., this should be done in the near future.

John R. Feels maybe we should not have any new legislation in the next 3 weeks but work and complete things we have started.

Lon - It is not how much we do; it is what we do and the quality.

John D. We need positive action.

Kurt - We don’t do ½ of our work at Senate.

Lon - The reason we never follow through is because we are waiting for the other guy to do the work. Need to bring problems to Senate instead of the Committee.

Rowan - Should have a meeting where we do little things. Write letters to different possible lawyers, for instance. Do it now!

George We lack faith in our committees and we should do something to cut down on Senate meetings.

Kurt - Need to get committees stimulated and then back them up.

President McCain, accompanied by Vice President Young, came at 9:00 p.m. - He first spoke on housing Rather than building dorms, we have thought it to be better to
build apartment houses. A map was shown and the possible areas these apartments could be built. 1. By Royal Towers - hold 250 students. 2. 5 duplexes (10 apartments) along McCain Lane. 3. East of bull barns. 4. Land owned by Bible College - hold 250 people. Some of these would be high-rise apartments. The advantage of high-rise apartments are to save land. Students will have 1st priority in the apartments. If built on University land, these will be ours no matter if built by private builders or endowment. Feels summer school will grow more each year. If built by endowment, the prices will have to raise in the fall to take care of the summer loss. Buildings on State property are tax exempt. Plant should be final in 2 weeks.

He secondly spoke on Academic Buildings. The following is the building program and is a must:

The following is how the above are to be funded:

Levying of Student Fees - yearly basis:

- K.U. $9.00 fee - Humanities Building - open 1973
- K.U. - $16.00 fee - Health Center
- Fort Hays - $90.00 fee - Field House & Gym - fee starts 1973
- Wichita State - $30.00 fee - Science Building & Utilities
- Pittsburgh - none - enrollment dropping
- Emporia - could not get information from President
- KSU - Education Building - $6.5 million
  - no interest subsidy = $40.00 fee
  - interest subsidy = as low as $30.00 fee

Would like to be in building by Fall of 1974.

State Legislators will be on Campus September 24, to meet with a group of students.

DIRECTORS REPORTS
STUDENT BODY PRESIDENT - R. D. Harmon - The Retreat last weekend was very interesting and if you were not there, talk to someone who was. Have to get 3 people to fill directorships: Linda Trueblood, Housing Rick Rucker, Human Relations Duane Heir, Campus Affairs. The State Coordinating Council meeting will be held on Thursday, Sept. 16, at Pittsburg, Kansas at 4:00 p.m. Kathy Hermes and R. D. will attend. Talked to the Student Body President at Utah State today. Forty-seven percent of their funds go to Athletics. October 1, 2 and 3 is the President to Presidents Conference in Washington, D. C. Dr. Kasper and R. D. will attend. It is an annual conference. The Recreational Complex Commission will hold a meeting Tuesday, the 14th, in the Big 8 Room of the Union. Steve Doering moved to consider Senate Bill 71/72/30 - Fine Arts Council Tentative Allocation. Passed.
Steve explained the letter from Dr. Chalmers.
The bill was further discussed.
They do their budget different therefore, they cannot give a detailed breakdown until they know how much they actually have.
Fine Arts people will be here during appeals to answer all questions.
Lon Ackerman called the question.
John Ronnau introduced the new Senator from Home Ec., Sherry Havel

INFORMAL DISCUSSION
LEGAL ADVISOR - Ike Parsons - Going to try to exhaust all possible choices next Thursday. Student Senate will have to decide how much money to spend for how much service. Have quite a few people to check with and hope to interview by telephone. Next week we will decide on the service we want. Will be a lapse before we choose the man. He will go before the Personnel Selection Committee.

MINORITY RESEARCH CENTER - Rowan Conrad - Talked to Dr. Parley about a graduate assistant getting the Center going. If this were done, the Center would start to appear almost immediately. $3,000 for 11 months = graduate assistant $9,000 = forget about and at the end of the year, make further acquisitions. Give him a year or two to get it set-up and Dr. Parley would probably pick it up after two years. It is not lack of facility; it is lack of personnel that is the reason for the lack. Would like to get volunteers to help people learn the library and how it is set-up. Dr. Farley will suggest who he wants as an assistant and come to Senate for approval. Rowan will draw up new legislation or amend the apportionment.

BLACK STUDENT UNION - John Divine - They will be glad to have the reserve dropped but want to know what their guarantee will be for the first group. Make a drop of $4,000 to $8000. Glad to go for a guarantee for only one group and not two. Should try to get UPC to go ½ of the guarantee. Will be able to have a figure by Next meeting as to the guarantee needed.

COLLEGE COUNCIL BILL - Steve Doering - Cannot do anything til after Friday. Will have a figure by Tuesday, as to how much will be tied up.

ROYAL PURPLE ALLOCATION - Lon Ackerman and Kurt Lindahl - 6,500 student bought yearbooks as of Wednesday. Total dollars, approximately $63,000. There will be 460 pages in this yearbook with organizations and ½ of administration dropped. They are $8,000 in debt. Will need $8,000 tentatively to make it work. A few Big 8 Schools used local advertising; not much money. They feel this should be researched more. A referendum should definitely be done. Board of Publications set the price, not the R. P. Staff, of the yearbook. Saving $9,000 putting out the book they are now. All American Rating is based on the quality, not the bulk of the book. They will come to appeal for another $8,000. Sold 25% less books this year than last year. Costs approximately $300 to print one page of the R.P. The decrease in sales is due to lack of knowledge among students. R. P. would like to be self-supporting at sometime and are moving in that direction. They can plan better if they have a guaranteed income.

TEACHER-COURSE EVALUATION - Mike Crosby - All questions have been developed. They are divided into 4 groups: lab, lecture, studio, recitation. Will attempt to man 3,000 classes. There are 13,000 instructors and each teach an average of 2 different classes. Cost of publication approximately $2,000 to $3,000. Questionnaires - approximately $6.75/500 copies. Plan to make 1,000. Finished form will be a 300 page Teacher-Course Evaluation. Talking evaluation - approximately 3,000 classes, putting 10 classes on a page. Printing 2000 copies for A & S is $800.00. Printing 2000 copies for Engg, Ag, and Arch is $800.00. Printing 1000 copies for Home Ec, Business Administration, Education is $400.00. Computer Costs - will talk to a guy in data processing. Cost approximately will be $5,000. Can have evaluation ready for 2nd Semester, but need to have to evaluation back in 6 weeks. Can you evaluate well in a 6 week period? Might be better to wait until the end of the year. Dr. Owens will check over the evaluation so will have a professional opinion on the questions. All questions will be multiple-choice. No questions on Vet Med and Grad School.
Will be sold in the Union Bookstore for maybe 25¢ a copy. Perhaps some day it will be self-supporting. Hopes to get Vice President Chalmers to endorse it. Could eliminate some courses as freshmen have no choice about what section or what teacher they get. The point is to improve the quality of the classes or courses. College Councils may be doing work that is counter-productive. Will be working closely with College Councils in order not to spend money twice. Some Colleges have evaluation now.

John Divine moved to adjourn. Passed. Senators were asked to stick around and listen to representatives from Chaparajos, who spoke on their allocation. They have looked into insurance deal and a place to hold the rodeo.
Jenny Johnston, S.G.A. Secretary, Kansas State University
The September 14, meeting was called to order by Chairman John Ronnau. There were 23 Senators present. E. Allen, S. Anwer, G. Bowers, B. Buchele, K. Hamilton, S. Jarrett, R. Johnson, J. Knopp, D. Massey, S. Havel were late. S. Doering, G. Moxley, D. Wilcoxon were excused late. D. Coltrain, R. Conrad, J. Divine, Dr. Kasper were excused absent. I. Parsons, M. Crosby, D. Sebelius were absent.

*Original Request:* - $4.33 LI  
*Senate Allocation:* $2.33 LI (58,583)  
*Appeal Amount:* $2.00 LI (in addition to Senate Allocation)  

Work is underway on the 1972 R. P.  
Organizations pictures were cut.  
In the past, we have been tops in sales and quality.  
Will continue to cut costs as much as possible.  
If they get the money back, they would expand the R. P. and set deadlines back more.  
Pictures of houses have been made smaller and more on one page.  
Things about each person are less.  
Administration is cut down.  
Cover will be the same as before.  
Organization pages would run $96.00 and color pages are more.  
No copies are given free.  
A write-up will be done on foreign students.  
It was suggested to give them the other $8,000 they are requesting from their $20,000 tentatively in reserves and use the remainder ($12,000) elsewhere.  
7900 books were ordered last year.  
Advertising is totally unfeasible. Barely pays for the pages they are put on.

8:10 **FINE ARTS COUNCIL** - Dr. Chalmers and other representatives.  
*Original Request:* $2.00 LI  
*Senate Allocation:* 40,000  
*Appeal Amount:* $12,000 (in addition to Senate Allocation)  

Dr. Chalmers explained Fine Arts dealings with Finance Committee in the past.
They believe the $52,000 is the minimum for the support of these activities on the Campus.
Programs would not be cut, except for maybe the art program, with less money. Would have to cut on costs of staging and scenes. Shows would have poorer quality and maybe lose support and money.
Auditorium Program cannot be cut, as contracts have been signed.
K-State Players lost $12,000 last year. Loss related to moving from the Purple Masque to the Auditorium.
Money to make-up deficit came from anyplace they could get it. Are not allowed to carry a deficit forward.
Plays are scheduled in areas where they hope to keep loss down.
They are committed to hire work-study people to make the money go.
There is a subsidy from outside the Campus.
An Auditorium Student Board has been set-up to inform students.
The one act plays are 95% student supported.

Section 2. Draft, FONE and UFM positions be appointed retroactive to September 1. Student Legal Advisor and Drug Center positions retroactive to October 1. The Library Assistant to begin work October 15.

PASSED.
Lon moved to introduce Senate Resolution 71/72/35 - Acceptance of Report of Committee on Judicial Reform.

Mr. Seaton, Ike, Martha Hodge and P.J. White answered questions.

Ike - Student Code of Conduct and Responsibilities still needs to be done. Without this, the report is very inadequate.

The report was gone over by Ike.

If passed, it will only be accepting the contents of the report, not voting on a Constitutional amendment. This will be done later.

Lon felt Section 5, under II, should be further investigated. Feels the student should not be suspended until after he is proven guilty.

Ike - He is only suspended to protect life and property of the University.

Dr. Kasper - The Board of Regents orders the President to suspend the student immediately.

Ike - Want to rewrite the Judicial Section of the Constitution with these things in it.

Mr. Seaton - The Board will replace the Tribunal as far as suspension goes. The fact that the student is suspended has nothing to do with the decision of the Board. The Board is made up of 5 men: 2 students selected at random from a list of Judicial Board members who were willing to work on the Board; 2 faculty members selected at random from a panel of 30 members by the Faculty Senate; 1 administration members selected by the President.

Ike - Neither party will have an attorney. The Board will have the University Attorney to advice them on procedures, etc.

Kathy - She felt that Section 2, under hearings could be interpreted differently. That the student could have an advisor who is not an attorney at law but at the same time he could be an attorney at law.

Mr. Seaton - No action other than suspension can be taken unless the student waives the 15 days.

Ike - The Board will judge on a fair hearing or influencing witnesses. The witness who is brought before the Board will have his full Constitutional rights. The judgment of the Board will have to be taken on faith.

Dr. Kasper - Perhaps a hearing officer (i.e. retired judge) should be present.

Ike - The University cannot request that the hearing be closed. Only the student can request this. The Board can also request a closed hearing.

Dr. Kasper - Does the University have the right to put information in the public eye without the student’s permission?

Mr. Seaton - Right to a prompt hearing can be waived so as to have his downtown hearing first.

Lon - Notices should be sent under certified mail so the student cannot come back on the Board and say he never received notice of the hearing.

It was moved to table - Passed

SENATE RESOLUTION 71/72/35
ACCEPTANCE OF REPORT OF COMMITTEE ON JUDICIAL REFORM
BY: Ike Parsons
BE IT RESOLVED THAT:
SECTION 1. Student Senate accept the Report of the Committee on Judicial Reform

REPORT OF THE COMMITTEE ON JUDICIAL REFORM
The Committee recommends that the following rules governing notice and hearing in serious disciplinary cases be adopted by the University.

Although these recommendations are limited to procedure, the committee believes very strongly that there is also an urgent need for adoption of a statement of rights and responsibilities and a code of conduct for students. Kansas State University lags behind most of the colleges and universities in this regard; and it is our belief that their adoption would have the dual advantages of (1) assuring all students that they will be governed by written rules, and (2) guaranteeing to the University that its action in enforcing those rules will be upheld if challenged.

The Committee recognizes that the question of who serves on a disciplinary board is open to serious debate. However, the enclosed selection method is submitted for consideration. The Committee believes that representation by students, faculty and the administration is desirable, but that student and faculty representation should out-weight that of the administration. We recognize the advantages of random selection in guaranteeing objectivity. We have recommended selection by lot from a selected panel of student and faculty members who, by their training or prior consent, will be likely to do a conscientious job. The panel members themselves are selected by their peers. The committee believes that a five member panel is the largest group that can act efficiently in holding hearings.

RULES GOVERNING DISCIPLINARY PROCEDURE

In all cases where a student is liable to be suspended or expelled from the University for any cause other than his academic record, he shall be entitled to notice and hearing pursuant to the following rules

I. NOTICE

(1) Notice shall be given to the student, in writing, of the time and place of a hearing on the charges against him, not less than fifteen days prior to the hearing.
(2) The notice shall include a description of the misconduct with which the student is charged and a list of those rules of the University or the Board of Regents which such misconduct is alleged to violate.

(3) The notice shall be accompanied by a copy of the rules relating to procedure at disciplinary hearings. It shall state that the student shall be permitted to inspect, at the Office of the Dean of Students or some other designated place, any affidavits, exhibits, or written evidence which the University intends to submit at the hearing.

(4) If the student has been temporarily suspended from the University, the notice shall so state.

(5) If it is relevant, the notice shall state that the student is subject to possible withdrawal of financial aide pursuant to federal law.

II. HEARINGS

(1) All hearings shall be open to members of the University, except that the Board may restrict the number of observers to that which the hearing room will comfortably accommodate, and except that the Board may restrict the hearing to parties, their advisors, and witnesses upon request of a student appearing before the Board or to protect the student’s right to a fair trial on criminal charges pending which arise out of the same occurrence alleged in the notice of hearing. The Chairman may exclude from the hearing any person, other than student charged or his advisor, whose conduct disrupts, disturbs, or delays the proceedings. If the student charged should engage in conduct which makes a fair hearing impossible, the Board may complete the hearing without his presence.

(2) A student may be represented at the hearing by an advisor, who is not an attorney at law. The Board may request the University Attorney to advise it at the hearing.

(3) The evidence against the student shall be presented at the hearing. The person presenting the case for the University shall have the opportunity to question the witnesses and to present witnesses and evidence in support of the charges specified in the notice of hearing.

(4) The student charged or his advisor shall have the opportunity to question all witnesses, to present witnesses in his own behalf, and to present any other evidence. Formal rules of evidence shall not apply, and any evidence relevant to a fair determination of the charges may be admitted by the Board, except that a previous statement shall be admissible only if the person who made the statement is present.
(5) The student charged shall be presumed innocent, and the University shall have the burden of proving the charges alleged in the notice of hearing by a preponderance of the evidence. The student charges shall not be required to testify before the Board, and his failure or refusal to testify shall not be considered as evidence against him.

(6) All members of the University shall be obligated to cooperate with the Board and failure to appear pursuant to a reasonable request of the Board, or intimidation or improper influencing of witnesses, shall be grounds for disciplinary action by the Board.

(7) At the request of either party, the Board shall exclude witnesses except when they are testifying.

(8) A full and complete record of the proceedings before the Board shall be made, by use of an adequate recorder or other suitable device. A copy of this record shall be supplied to the student. All rulings by the Board on matters of evidence, procedure, and conduct of the hearing shall be binding upon all parties.

(9) If the student charged willfully fails to appear for a hearing or willfully leaves a hearing before its conclusion without permission of the Board, the hearing may be completed without his presence.

(10) The Board shall make its finding of fact which shall be reported in writing to the President within five days after the close of the hearing.

A. If no charges against the student are sustained by the finding of fact, all charges shall be dismissed by the Board.

B. Further, in such cases, if the student has temporarily been suspended from the University, he shall be reinstated.

C. If any of the charges against the student are sustained, the Board shall report, to the President, in writing, with its findings, it recommendations considering discipline and financial aid.

D. In considering what recommendations it shall make regarding discipline, the Board may consider any prior disciplinary action taken against the, student charged, but such prior disciplinary action shall not be considered by the Board until after it has made it findings based upon the evidence presented at the hearing.

(11) A copy of the Board’s report shall be furnished to the student at the time the report is made to the President.
(12) Either party may appeal to the President at any time after the hearing if he believes it was unfairly conducted. Upon request of the President, the Board shall reconsider any matter.

III. THE HEARING BOARD

(1) All hearings pursuant to these rules shall be conducted by a Board of five members, which shall consist of four representatives of the student body, two representatives of the faculty, and one representative of the general administration.

(2) The members of the board shall be selected at the beginning of each academic year to serve until the beginning of the next academic year and until a successor Board is chosen.

(3) The student members of the Board shall be chosen by lot from a panel consisting of all members of existing Judicial Boards who have consented to serve on the panel.

(5) The representative of the general administration shall be named to the panel by the President of the University.

(6) The Center for Student Development shall be responsible for maintaining the lists of panel members and for conducting the selections by lot.
