RESOLUTION 80/81/19 SGA’S POSITION ON IAN SMITH
LECTURE AT KANSAS STATE UNIVERSITY

BY: Randy Tosh, Mark Zimmerman

WHEREAS there is a need for the Student Senate to take a formal stand on the issue of Ian Smith presenting a lecture at Kansas State University, and

WHEREAS there is a need to communicate this position to the student body and the campus community in the form of a press release, and

WHEREAS a press statement has been written in regard to Ian Smith’s presence as a lecturer on the Kansas State University campus on Friday, October 31, 1980, at 10:30 a.m.

BE IT RESOLVED THAT:

SECTION 1. Student Senate approve and support on behalf of the student body, the press statement that has been written on behalf of the Kansas State University Student Governing Association:

In the light of the conflict of public interests currently surrounding the Landon Lecture to be given by former Rhodesian Prime Minister Ian Smith on Friday, October 31, 1980, the majority of the Kansas State University Student Governing Association believes it is important to present a stand on the issue at hand. The majority of SGA support Mr. Smith’s right to speak on the Kansas State University campus. The majority of SGA also believes that Mr. Smith should speak under the title of Landon Lecture series. The majority of SGA believes this position to be in the best interest of not only several campus interest groups, but also of the University and the campus community.

In supporting Mr. Smith’s right to speak on campus, the majority of SGA believes they are supporting the main purpose of this University: education. If the text of the former Prime Minister’s speech itself is viewed as un-educational, education will have taken place through classroom discussions and personal exchanges concerning the issue of his presence. The experience of having Mr. Smith speak is in itself enlightening.

Concerning the title of Landon Lecture: The majority of SGA believes the title does carry an honor, but an honor which they believe is not given to the speaker, but to the educational significance of circumstances surrounding the speaker. The title of Landon Lecture, as seen by the majority of SGA serves to highlight that the speaker has a unique significance, whether positive or negative, and that there is value in having that person speak. This is not to say that they support what Mr. Smith stands for, what he has done, or what he may have to say. They understand the feelings and support the right of those who wish to peacefully oppose Mr. Smith’s presence on this campus. Yet in view of the educational significance of his appearance, they believe that it is right for him to appear behind the Landon podium.
SGA in addition, will make all efforts needed to provide factual information concerning Mr. Smith’s past as Prime Minister of Rhodesia. The majority of student government is also ready to make a financial contribution in any way possible to facilitate the distribution of this information through existing channels. By these efforts it is hoped all will have the opportunity to become aware of Mr. Smith’s background, political philosophy, and degree of professional success.

In its position, the majority of the Kansas State University Student Governing Association hopes to uphold the rights of those wishing to hear Mr. Smith speak, as well as the rights of those protesting his upcoming presence on campus.

SECTION 2. Student Senate continue to respond in appropriate ways to represent its entire constituency and meet the educational needs of the entire University community through this lecture.

SECTION 3. Any financial contribution made to the compiling and distribution of factual information in regard to Ian Smith will be funded through the advertising budget of the President of the Student Body.

ESTABLISHMENT OF FALL 1980
ASSOCIATED STUDENTS OF KANSAS
LEGISLATIVE ASSEMBLY CONFERENCE STATEMENT

BY: Steve Linenberger, Gary Mignano, Mark Skinner, Randy Tosh, Dave Lehman, LewJene Schneider

WHEREAS it is the opinion of the ASK that the state provides no more an important function than the education of its citizens, and

WHEREAS society will be the ultimate benefactors of an informed and educated public, and

WHEREAS the ASK should concern itself primarily with issues which directly affect our education, and

WHEREAS all due deliberation has been undertaken on these issues by the Fall 1980 ASK Legislative Assembly, and

WHEREAS the ASK Legislative Assembly delegates are not fully elected representatives of the students of Kansas State University, and

WHEREAS endorsement of these issues by the KSU Student Senate would affirm the positions taken by the ASK Legislative Assembly delegation from K-State, and

WHEREAS this endorsement would also add credibility to the position of ASK when lobbying the State Legislature

BE IT RESOLVED THAT:

SECTION 1. Student Senate give their endorsement to the adoption of the following as priority issues:

A. Educational Finance Issues.
1. 8.1% increase in student salaries.
2. 100% fee waivers for graduate teaching assistantships.
3. state funding for faculty & administrative use of student unions.
4. legislation prohibiting student fees to pay for academic facilities and state funding to assume the debt on those buildings currently being paid for by student fees.
5. state funding for financial aid offices.
6. increased state funding for the state scholarship program.
7. state funding for faculty salary increases.
8. University for Man staff position for their outreach program.
10. state funding for staff salary increases.
11. opposition to the voucher-system of budgeting.
B. ASK supports efforts by Washburn administrators to obtain more financial aid from the state legislature in the form of increased state aid to Washburn and/or the Topeka mill levy amount allowable under state law in order to ease the burden of increased tuition costs to students attending Washburn University and/or legislation to expand the tax base into Shawnee County.

C. **Self-Help Concept.**
ASK continues to aggressively support self-help legislation to the Landlord Tenant Act in the 1980 Kansas Legislative Session. Further, ASK continues its tradition of supporting legislation which would speak to benefits for students.

D. **Legal Drinking Age for 3.2 Beer.**

ASK opposes legislation introduced in the 1981 Kansas Legislative Session which would raise the legal age for consumption of 3.2 beer from 18 to any higher age. Further, ASK shall promote responsible use of 3.2 beer by all age segments of society.

**SECTION 2.** Student Senate give their endorsement to the adoption of the following as ASKs support issues:

1. To support the spirit and intent behind **Title IX** and to advocate reform in intercollegiate activities particularly in regards to scholarships.
2. To work for and support efforts to provide comprehensive and readily available **child care services** on campuses.
3. To investigate alternative sources for **Regent’s libraries**, to support increased state appropriations for Regents’ libraries, to oppose recommendations of the Governor’s Committee on Library Resources which would form the Kansas Library Network, and to support legislation to increase inter-library cooperation, but leave Regents with total control of Regents’ libraries.

**SECTION 3.** ASK at KSU can use the endorsement of the Student Senate at K-State in their lobbying efforts.

RESOLUTION 80/81/40  

BY: Basketball Ticket Sales Committee

WHEREAS problems arose this year with the basketball ticket sales policy, and

WHEREAS policy revisions need to be proposed to the Intercollegiate Athletic Council (I.A.C)

BE IT RESOLVED THAT:

SECTION 1. Student Senate approve the following proposed recommendations to the Intercollegiate Athletic Council (I.A.C):

1. Ticket sales should be placed on a weekend before November 1 each year. This step would eliminate discrimination against those who can’t cut classes to wait in ticket lines.

2. The SGA Ticket Sales Committee members shall check the line procedure for individual reserved and general admission tickets at least twice between formation of the lines and ticket sales. These members should ensure that the lines are being conducted according to the printed procedure. They should also explain the procedure to students, if necessary.

3. Any reallocation of tickets from student to public use should not cause the number of student tickets made available to drop below 5,556 in any year.

4. Any student tickets that are not sold in one year shall be made available to students first in the following year before they are made available to the public.

5. The general admission section of student tickets should be enlarged to include Section B.

6. Ticket sales procedures should remain as is, except for the following revisions:
   
a. The line procedure should be written clearly and concisely, and it should be posted at conspicuous places where the ticket lines are forming.

b. Lottery applications should be made for 1-20 tickets in the group reserved section.

c. The breakdown for sale of reserve tickets should be 85% group reserved and 15% individual reserved.

7. Ticket sales dates, procedures, lottery procedures, etc. should be publicized in the Collegian in ample time for students to be fully aware of, and prepared for, ticket sales (at least one week ahead of time). It should also be made widely
known that line and sales procedures are on file at the SGS Office, and that SGA officials may be contacted if any questions are encountered.

8. An SGA committee shall be formed to deal with the problems encountered each year from ticket sales. This committee shall:

   A) have six (6) members, three (3) students-at-large and three (3) Student Senate members, and

   B) be in effect 2 weeks prior to ticket sales and after sales as long as deemed necessary by the members.

SECTION 2. Student Senate approve the following Ticket Sales Line Procedures

1. The numbered slip you will receive represents one (1) place in line and will admit only the person holding it and a fee card. It can be traded to someone else, but one person can hold only one of these numbers at a time.

2. Your number will be checked by someone at the door as you go in. Please line up in proper order at door opening time (to be announced).

3. Roll calls will be used. (You should be in the field house 95% of the time while holding a number.)

4. People not present at roll calls will have 15 minutes to return or their numbers will no longer be valid.

5. To speed up ticket sales, please have a check for $_____ made out to: KSU Athletic Ticket Department, along with your social security number, current address and phone number on it.

6. The first group present at the ticket sales site will be responsible for overseeing line formation.

DIRECTORS REPORTS

STUDENT BODY PRESIDENT - Randy - Randy went over his Mid-Year Report which will be printed in the Collegian. Here are a few of the high lights. Have attempted to fulfill the #1 priority of consistent and effective communication. Senate has expanded their living group visitation procedure and the director of public relations has developed a weekly ad in the Collegian containing news from Randy and Mark Zimmerman. KSU is a member of the American Student Association, a national lobbying organization. Randy attended the conference in August in Washington, D.C. Approx. 600 delegates were there. K-State does have one of the top SGAs in the country. Tom Duffy is the ASA National President. In May, Randy was appointed to serve as chairman of the seven-member Student Advisory Comm. to the Kansas Board of Regents. Fiscal Year 1982 priorities for KSU were adopted: increased funding for student financial assistance, added financial support of career planning & placement, an 8.1% increase in student wages, a 100% fee waiver for graduate teaching assistants, and money to reimburse student unions for non-student usage. They have given support to the UFM program on the K-State campus also. Support has also been given to make the renovation of Nichols Gym the #1 capital improvement item at KSU. Support for increased funding for libraries at Regent institutions has been postponed until a report can be obtained from two separate task force groups. One has been appointed by the Governor and the other by the Board of Regents to study and make recommendations in regard to library funding. Reports are due to the Legislature next January. On campus, the final week policy has been revised. Last semester Student Senate reapportioned the $2.25 Union Annex I fee into the student activity fee & a new account, Union Repair & Replacement Fund. $1.00 more to the activity fee ($31,000) and $1.25 to Union ($38,000). This will help during allocations. Steps have been taken to expand All-University Open House, to include both academic programs and social events. The social events will be funded entirely from the New Student Recruitment Task Force which receives its funds from the Manhattan Chamber of Commerce. Student Senate will soon be faced with ratifying or nullifying a decision to commit 2.5 million student dollars to the building of a new coliseum. We are happy to welcome Kathy Lungren, the new Students’ Attorney. Kathy graduated from K-State and Washburn Univ. School of Law. She has been active in the State ASK lobby group and has previous legal experience. Two areas not yet satisfactorily resolved are student funding of UFM and funding of minority groups.

OPEN PERIOD

APPROVAL OF AUGUST 28, 1980 MINUTES
Approved as read.

ANNOUNCEMENTS
Mark Zimmerman - Need class schedules turned in for several people. Roger Maggart is resigning his position as a Graduate Senator and his position on Housing Council. Will nominate next week for Senate Vice Chairperson and will vote the next week. He introduced the two new Senators: Gary DuFva - Graduate School, Laurie Mills - Vet. Med.

DIRECTORS REPORTS
ACTING SOCIAL SERVICE DIRECTOR - Liz Gowdy - The Social Service Council was started back in 1974 due to a lack of communication all around. The Social Service Handbook can be referred to for basic information about each group. The purpose of the Council is to provide a service to the students and to provide a service to the individual services themselves. The Council met over the summer. Most services were open during the summer although not funded for the summer months. Constitution for the Council is in-the process of being approved. Will participate as a unified group at the Activities Carnival on Sept. 14. This is a good way to make students aware of the services. Working on a Social Service Survey. A paper has been written stating the problems the Social Services face. A paper has also been written on salary increases for Social Service staff persons. The Council needs to find some sort of funding from the outside. Need to come up with a general Social Service Handbook for directors. When a new director comes in they can be lost as to who to go to for what. The knowledge is just not provided.

WOMEN’S RESOURCE CENTER Mary Sue Holm, Asst. Dir. - Cathy Stackpole, the director, had a class tonight and could not be here. Reach 800 people last year. Have a lot of programs going for this year. CETA person was in the office this summer doing filing, etc. Things are well organized now. Cathy was appointed to the Commission on the Status of Women over the summer. The Manhattan Women’s Center funded half the first newsletter which was put in your boxes. Taking subscriptions. Volunteer workshop will be held the weekend after the Activities Carnival. Will try to expand the office hours to include evening hours.

SECURITY & TRAFFIC DEPT - Chief Art Stone - The department falls under University Facilities. He answers to Gene Cross. Sections in the department are: patrol, security officers, dispatch area, records section, traffic section,
Chief Stone has been on campus 8 or 9 months. He has been to Senate once before. The department does not make the rules and regulations. They only enforce these. Other committees make the rules. They are approved by the Board of Regents and then become state laws. The hiring of students as parking lot patrol checkers is a pilot program. They only give parking citations. The students go through about an 8-hour training session. Crime statistics are printed monthly in the “In View”, the faculty-staff newsletter. The department works closely with the Riley County Police Dept. They have a very good relationship. The reason for the extension of the time the lots are open to anyone was that it was felt everyone who uses the facilities should pay to use them, even evening students and workers. Will be a back-off on evenings when events, such as basketball games, are held. In the core areas of the campus there are, normally 2 patrol cars on duty and there are a number of foot patrolmen. Charles Long is the chair of the Traffic & Parking Council. They make the final recommendations of regulations to the Board of Regents. Recommendations for changes in the regulations will be due to President Acker by October 1. They then go to the Board of Regents to become law, if approved, for next year. Traffic & Parking Council meetings are open and students are urged to attend and air their grievances in the regulations, etc. The bumper sticker-style permits are also a pilot program. The campus has one radar unit. Spaces available Total - 7,000 250 – students, 2,000 faculty/staff, remaining 4,750 are either students/faculty/staff, or open The reason the misuse fee was raised from $3 to $7.50 was the $3 fine seemed to be of no effect. The thought was that if the fine was raised there would be fewer tickets issued. They were also looking for uniformity throughout the state institutions. Misuse fees and parking permits - The money raised goes for the maintenance, etc, building of new lots & hiring of staff. Due to state law, money cannot be used for street repairs. Chief Stone has no vote on the Traffic & Parking Council. Have more bike racks coming. Making a plea for bike riders to obey traffic regulations. According to state law, it is illegal to ride a bike on the sidewalks.

STUDENT BODY PRESIDENT - Randy Tosh - John Dunbar, Director of the Cooperative Extension Service at K-State, was named Dean of Agriculture & Director of the Ag. Experiment Station Thursday by President Acker. Will have some open meetings (hearings) on the traffic & parking regulations in the near future. Watch the Collegian for these dates and times. The Rec Complex is tentatively scheduled to open Sept. 15. Student Legislative Network will be recruiting for members soon. Mark Skinner on the Cabinet is in charge of this. Long Range Planning Committee will meet next Tuesday. One item to be discussed is making K-State on all-pedestrian campus.

FONE - Clint Imboden, Director - The FONE gets a wide variety of calls. The FONE is a bunch of concerned people. The people who call the FONE don’t have a lot of social involvement and just need someone to talk to. 80% of the calls almost anyone could answer. The other 20% are very generally serious problems. The Social Services are only a luxury to those who don’t need them. All calls are logged. Still looking into obtaining funds from the community. He can see the directorship eventually being a full-time position. Went over the programs in the initial training sessions. Also, the training is ongoing. The FONE has been operating since early 1970. Tony Jurich is the advisor of the FONE, replacing Bob Sinnett. He plays a very active role.

CONSUMER RELATIONS BOARD - Mary Baucus, Director - The major functions of CRB are mediating consumer-business complaints and educating the student consumers about the perils in the market place. Last year 30% of the cases dealt with landlord-tenant problems. The majority this year have been landlord-tenant also. Most common cases involve auto repair, lost luggage, warranties, stereos and many others along this line. The Board is comprised of the director and student volunteers. Volunteers are from 2 classes, Consumer Action and Consumer Relations Practicum. There are also volunteers outside of these classes. Since the Board began in 1971, it has saved $350,000 for K-State students. Since Sept. 1 of last year the Board has handled approx. 550 inquiries and complaints. The office was open over the summer. The major project involved organizing a brochure. The brochure will explain what the Board does & what it can do for the
consumer, how to contact the Boards a chart of the Manhattan banks & each of their service charge plans, a cost comparison of service charges, and a location of the banks. Oct. 5-12 is Consumer Education Week, Will have a table set up in the Union. The Board will be involved in research projects again this year. Field trips are also being planned. One will be in Nov. to the Attorney General’s Office in Topeka. Major goals of the Board for this year include: 1) to educate the student-consumer, 2) to provide resources & information to students, 3) to save the student-consumer dollars, and 4) to provide assistance for difficult cases with regard to student-business concerns. The only way these can be accomplished is for the students to know the Board exists. The primary goal is to make the Board more visible to the students at KSU.

The following is the U.F.M. Task Force Report dated September 1980: The goals of the
U.F.M. Task Force are: 1. to comprise acceptable data comparing student versus
community utilization, 2. to research future United Way funding, 3. to research
the feasibility of a fee system, 4. to research the possibilities of fund-raising a.
Donor Club, b. Alumni (UFM), 5. to research grants - base of support, 6. to
research the potential of local funding, 7. to develop a flow chart of all monies
and people working in all projects. This will be in the form of a graph. a. to
become aware of any overlaps in their program, b. demonstrates funding
relationships from student sources and non-student sources.

The Task Force recommends: 1. The enrollment card system started in the Spring of 1980
be continued and improved. For the sake of accurate record keeping, these cards
should be kept for at least one year. Each enrollment card should tell the number
of hours enrolled in at KSU, as well as provide general information about the
student. 2. The teacher should take roll at each class so that UFM will have a
more accurate knowledge of student versus community participation. 3. We
recommend that UFM strongly consider implementing a fee system as a fund-
raising alternate. 4. UFM should look into the feasibility of implementing an ad
section in their brochures. These ads would be sponsored by area businesses and
would help pay for the brochures. 5. A graph of their total fiscal picture should be
done at least annually by UFM. In conclusion, the Task Force came to a greater
understanding of the diversity of U.F.M.’s funding. SGA provides a relatively
small, but very important, base of support. In fact SGA provides the only stable
financial support that UFM receives. The rest of U.F.M.’s support comes largely
from grants, which end at different times during the year and are very unstable.
UFM really has very little idea whether these grants will provide funding in the
future. This is why the Task Force sees the necessity for UFM to stray somewhat
from the traditional philosophy of the “free university”. The size and scope of
UFM now demands greater accountability. The sophistication of their program
has far outgrown the sophistication of their record keeping. We recognize the
dilemma they are faced with, but also see the need for a fee system and for much
more accurate record keeping.

DIRECTORS REPORTS
UNIVERSITY FOR MAN - Julie Coates and Rosemary Dukelow - They spoke to the recommendations made to UFM by the Senate Task Force Committee. 1. Enrollment cards should be filled out and should include the number of hours a student is taking. This has been done. 2. Informal roll should be taken the first three class meetings and class leaders should record the number of students and non-students. Class leaders have been asked to do this. 3. UFM shall look into various fee systems, especially a registration fee system. A limited fee system has been implemented in a few classes. Hopefully, experience with this limited fee system will help UFM as they examine the implications of charging fees. Class participants are being asked for an evaluation of their UFM experience & their reaction to fee implementation. 4. UFM shall investigate the possibilities of implementing an advertising section in the brochures. Since advertising does not meet with United Way guidelines, they are negotiating with United Way. 5. UFM shall present a graph of its fiscal picture each Spring to Finance Committee. This shall include the UFM budget. UFM has begun the process of writing a proposal to CFCBFSEI in Washington to receive funds for a professional audit by a CPA firm.

ELECTIONS - Cheri Rolph - The 6 committee members did a real good job. Senators recently elected need to get expense reports in this week or early next week. Should be a deadline for taking your name off of the ballot and getting change of curriculum forms in. Thanked everyone for following the regulations. Thanked Communications Committee for calling and getting people to run. Got all positions filled. Congratulated everyone that was elected.
COMMITTEE REPORTS

SENATE OPERATIONS - Rob Altland - An agenda for the Retreat was drawn up at the meeting.

FINANCE - LewAnn Schneider - Met Wednesday and discussed Senate Bill 80/81/43. These are our feelings: The committee feels that a Senate Retreat at Rock Springs Ranch would be beneficial, not only for Student Senators, but also for other SGA funded organizations. However, the committee does not feel that the student activity fee should be used in this manner. Although the committee was not asked for an opinion, we do not support this bill because we feel that it sets a poor precedent and is not consistent with our past behavior. We feel that future retreats would be more beneficial if a special committee was set up in November with their sole responsibility being the planning of the retreat for the new Student Senators. Furthermore, we feel that all candidates should be informed of the retreat prior to the elections, and then this retreat could be mandated attendance and finances would be the responsibility of the individual Student Senators. A request was approved for additional funds for Arts & Sciences Council. Finance Comm. does not approve paying for noon hour usage of Ahearn. Four budget shifts were approved.

STATE & COMMUNITY AFFAIRS - Chuck Banks - Went over those legislators who have not responded. Individuals were urged to contact these people.
