Bill 08/09/08

Amendments to Student Activity Fee Funding Regulations Statutes

By: Piper Hoskins and Jessica Schultz

Whereas, the purpose of the Kansas State University Student Governing Association Statutes is to guide the Student Governing Association in making fair, impartial decisions;

Whereas, recently, the perceived discretionary scope of the Allocations and College Council Allocations committees has changed significantly, creating confusion amongst student groups and committee members alike;

Whereas, currently, the funding regulations statutes do not provide for an equitable division of the Allocations and College Council Allocations committee budgets leading to unequal access to SGA funds for all K-State students; and

Whereas, in order to decrease confusion about the discretion and authority of the Allocations and College Council Allocations Committees, and provide equal access to funding for the increasing number of student organizations while ensuring a fundamentally fair funding process, it is necessary to amend the student activity fee funding regulations statutes.

Be it enacted that:

Section 1. KSU SGA Statute 21-0102 General, Section B. is hereby amended to read:

B. Student Activity Fee Budget

1. The annual Department Budget will be allocated at the minimum amounts that must be allocated to fund these areas, should appropriate projects be available. However, at the discretion of the College Council Allocations or Allocations Committee and with approval from Student Senate, additional funds may be dispersed from the respective reserve accounts, if available.

2. The annual Department Budget will be dispersed into two separate amounts for the fall and spring semesters of any given fiscal year.

a. The Allocations Committee funds will be allotted 50% of the total budget available in the fall semester, and 50% in the spring semester.

b. The College Council Allocations Committee will set aside 25% of the committee’s total budget as a lump sum for K-State Open House at the beginning of each fiscal year. The remaining funds will be distributed as 50% in the fall semester and 50% in the spring semester. Any unspent funds set aside for K-State Open House will revert back to the committee’s remaining budget after all applicable funding legislation has been signed by the SGA Treasurer.

c. In the event of excess funds remaining at the end of fall semester, that surplus will be transferred into the balance of the spring semester.

d. Any funding requests for projects occurring during the period of July 1–December 31 will be considered from the fall semester’s budget. Any funding requests for projects occurring during the period from January 1–June 30 will be considered from the spring semester’s budget.

Section 2. KSU SGA Statute 21-0103 Campus Wide and College Council Organizations, Section A. is hereby amended to read:

A. Request Requirements. Requests for funding of projects from the Student Activity Fee may be made by Campus Wide and College Council Organizations
fulfilling all requirements through the completion and submission of a funding request form, available in the Office of Student Activities and Services. A separate funding request form must be submitted for each project the organization wishes to hold.

1. Budget Request Form. The budget request form shall be available from the Office of Student Activities and Services, must be completed in accordance with the form's instructions, and must be submitted no less than twenty-eight (28) days prior to the event requested for. Funds requested for a project must be divided into separate categories, outlined below. Each category must have a detailed description of the items requested and an estimate of the cost of each item.
   a. Promotions. Promotions shall include any expense related to the advertisement of an activity, such as Collegian advertisements, KSDB or any radio advertisements, leaflets or posters, and other such materials as determined by the Allocations Committee.
   b. Lecturer, Speaker, or Entertainer Fee (LSE Fees). LSE Fees shall include any funds requested by an organization in order to bring a speaker to campus, including his or her travel, lodging costs, food, and fee to perform a planned project or event.
   c. Rent of Space and Equipment. Rent of space and equipment shall include any expenses related to renting rooms or other areas for performances, and other such events, as well as any costs related to rental of tables and chairs, movie projectors, or other necessary materials for a project.
   d. Films. Films shall include any expense for the rental of movies, documentaries, recorded theatrical shows, or other such events.
   e. Travel. Travel shall be defined as a request for funds to pay expenses related to transportation, lodging and subsistence for KSU students. Each Campus Wide or College Council Organization may be allocated up to a total of $1,000 between their two travel projects per fiscal year. Each travel project allocation shall be limited to $100 per student traveling.
   f. Other. This category shall include any expenses for items that do not reasonably fit in the above categories, as determined necessary by the Allocations or College Council Allocations Committee, however, this category shall be subject to the limitations on funding, listed below.

2. Deadlines. Funding requests for the current year will be considered on a rolling basis, but must be submitted no later than twenty-eight (28) days prior to the date of the project, excepting the following:
   a. Any requests for events held April 1st through September 30th must be submitted by the first Friday in March.
   b. Any requests for events held December 1st through February 15th must be submitted by the first Friday in November.
   c. The Allocations or College Council Allocations Committee shall have the power to consider and grant exceptions to these guidelines if an organization has special circumstances or when otherwise appropriate.

SECTION 3. KSU SGA Statute 21-0103 Campus Wide and College Council Organizations, Section C. is hereby amended to read:

C. Committee Discretion and Consideration.
   1. The Allocations and College Council Allocations Committees’ discretion shall include, but not be limited to, the ability to discern the presence and/or lack of educational value in an event, and the sufficiency of
educational value of an event in regards to the level of funding requested, and the merit of an event.

2. A requesting organization is not ensured funding from the Allocations or College Council Allocations Committees. Each request is evaluated and considered individually, irrespective of prior funding for a similar event.

SECTION 4. This bill shall take effect immediately upon passage.

   THIS BILL PASSED STUDENT SENATE ON FEBRUARY 5, 2009
   BY A ROLL CALL VOTE OF 40-15-1
   VETOED BY THE STUDENT BODY PRESIDENT ON FEBRUARY 10, 2009
VETO MESSAGE OF THE

STUDENT BODY PRESIDENT

Pursuant to Article IV, Section 406.C. of the KSU SGA Constitution, I hereby veto Bill 08/09/42 for the following reasons:

In this time of financial instability and budgetary uncertainty, the student body must be protected from inappropriate spending increases. A 3% increase per year to the Student Publications Inc. budget is not crucial to the success of the general student body and is an unjustified expenditure in a time when we need to be more fiscally responsible with student monies.

Cost-saving measures that have not been pursued should be explored. As implementation of technology has been more highly utilized by media providers across the nation, Student Publications Inc. has the opportunity to also be more creative and search for more efficient means of running their business. As noted in the financial reports provided, online advertising revenue has increased over the last three years, while print advertising revenue has declined. It is a disservice to the students involved with Student Publications to continue business as usual when in the workforce they will be asked to use and create new methods of sharing information while on a limited budget. In addition, the Privilege Fee proposal included a student fee increase, but not an increase to advertisement rates for the general public.

While the increase per student may be small, that does not alter the fundamental fact that it is an unjustified increase at the expense of students.

For these reasons, I veto Bill 08/09/42.

THIS RESOLUTION PASSED STUDENT SENATE ON FEBRUARY 26, 2009 BY A ROLL CALL VOTE OF 26-22-3

VETOED BY THE STUDENT BODY PRESIDENT ON MARCH 12, 2009

STUDENT SENATE OVERRIDE OF THE VETO FAILED BY A VOTE OF 11-36-04 ON MARCH 12, 2009
VETO MESSAGE OF THE

STUDENT BODY PRESIDENT

Pursuant to Article IV, Section 406.C. of the KSU SGA Constitution, I hereby veto Bill 08/09/52 for the following reasons:

The large amount allocated is not justified by the low number of expected student attendance at this off-campus event. Activities funded by $1500 of student activity fee money should be contributing to events that reach a large number of students to provide individuals with the opportunity to benefit directly from guest lecturers, entertainers, or speakers.

As the Student Governing Association, we are charged by the student body to responsibly spend the money of students, especially in these trying economic times. A conscious effort must be made to consider the benefits of guest lecturers, entertainers, or speakers as it relates to not only the students within the group, but also to ensure it benefits students outside of the group. The allocation of $1500 to the Aikido Club for bringing in two instructors from Minneapolis for an off-campus training session does not meet the values and standards of providing a greater benefit to the student body not involved with the Club. I do not doubt the benefits of this particular programming for the Aikido Club, but I do believe the allocated amount is in excess of what can be reasonably justified to the greater student body for this particular activity.

For these reasons, I veto Bill 08/09/52.

BY A ROLL CALL VOTE OF 50-1-1
The Privilege Fee Committee

WHEREAS, Periodic review of the Kansas State University Student Governing Association Statutes is in order;

WHEREAS, The Privilege Fee Committee will require agencies under review to address three (3) percent funding increases or decreases instead of five (5) percent;

WHEREAS, The Department of Speech, Communications, Theater and Dance is now the Department of Communication Studies, Theatre and Dance; and

WHEREAS, Grammatical revisions are necessary to keep Chapter 30 up-to-date and consistent with the KSU SGA By-Laws and KSU SGA Constitution.

BE IT ENACTED THAT:

SECTION 1. Chapter 30 of the Kansas State University Student Governing Association Statutes is amended to read as follows:

30-01 Privilege Fee Funding System

30-101 Revenue Projections for Campus Privilege Fees

The revenue projection for Campus Privilege Fee Budgets will be based upon the total number of credit hours generated during the summer session, fall semester and spring semester of the year most immediately prior to the year for which the campus privilege fee budget is being established or reviewed (i.e. the base for campus privilege fee projections for the 1996-1997 academic year – FY97 – will be the total credit hours generated from main campus and Vet Med in the summer session 1995, fall semester 1995 and spring semester 1996.)

30-102 Campus Privilege Fee Budgets

Budgets will be established for each Campus Privilege Fee agency as follows:

A. Budgets for the Board of Regent mandated fees and fees which support debt financing will be equal to the actual collection of revenues. Privilege Fees currently included in this category are: Educational Opportunity Fund, Recreational Complex Debt Retirement, Recreational Complex Operations, Recreational Complex Expansion Debt Retirement, Library Expansion, K-State Student Union Enhancement

B. The remaining Campus Fee Privilege Fee agencies currently include: Student Health, K-State Student Union Repair & Replacement Reserve, Recreational Complex Repair & Replacement Reserve, Student Activity, Office of Student Activities and Services, Student Publications, Recreational Services, KSDB FM Operations, Athletics, Fine Arts, Student Publications Equipment, Bramlage Repair & Replacement, and K-State Union Special Program. These budgets will be set as follows: Student Health Emergency Reserve Account, University Counseling Services, Fine Arts, University Bands, Student Publications, Inc., Athletics, Bramlage Repair & Replacement, K-State Student Union Operations, K-State Student Union Repair & Replacement, K-State Student Union Repair & Replacement Reserve, Union Program Council, Office of Student Activities & Services, Student Activity Fee, Recreational Services, Recreational Services Repair & Replacement, Sports Club Activity Fee, KSDB Operations, KSDB Repair & Replacement

30-0103 Campus Privilege Fee Groups agencies that are up for review in that year will be requested to submit their budget request in accordance with KSU SGA Statutes 30-05.
30-0104 The Privilege Fee Committee will consider each budget request and make a recommendation to Student Senate.

30-0105 After all budgets are approved by Student Senate, the Privilege Fee Chair will work with University Administration to discuss the statistical modeling of various ways of arriving at the projected needed income (i.e. adjustments in linear rate or flat rate).

30-0106 In the fall, all additional revenues which accrue because of additional credit hour production beyond the base used for projection will be deposited in either the Campus Fee Adjustment Account or the Campus Fee Reserves Account subject to the provisions of KSU SGA Statutes 30-0110.

30-0107 Two weeks after the spring twentieth-day enrollment figures are released, Campus Fee Areas not up for review, may request a usage budget adjustment from the Privilege Fee Committee. The Privilege Fee Committee will make recommendations to Student Senate which could approve the budget adjustment with a 2/3 vote.

30-0108 Requests for unforeseen budget adjustments (equipment failure, unexpected increases in costs, etc.) can be made to the Privilege Fee Committee as needed throughout the academic year.

30-0109 In the spring, those Campus Privilege Fee agencies Budgets up for review can either remain constant, decrease, increase, and/or be adjusted with a supplemental budget enhancement in lieu of a base budget increase.

30-02 Campus Privilege Fee Accounts

30-0201 Additional revenues which accrue because of additional credit hour production beyond the base used for projections will be deposited in the Campus Privilege Fee Debt Reduction and Emergency Allocation Account.

30-0202 The Privilege Fee Debt Reduction and Emergency Allocation Account shall maintain a 5.0% base level of the total Campus Privilege Fee base budget. The only reason the 5.0% can be allocated is in the case of a financial shortfall due to an enrollment decrease.

30-0203 Withdrawals from the Campus Privilege Fee Debt Reduction and Emergency Allocation Account shall only be made for payments towards outstanding debt on student bonds, for one-time emergency funding allocations, and for allocations to privilege fee agencies due to a financial shortfall due to an enrollment decrease.

30-0204 Definition: An emergency allocation shall be a one time allocation given when all the following criteria are met:
   A. The privilege fee agency has exhausted all other means of outside funding; and
   B. The privilege fee agency has reduced expenditures and cannot further reduce expenditures; and

SECTION 1. Unless otherwise specifically otherwise provided, all references to "Student Senate Chair" (or similar words) in the KSU SGA By-Laws, Statutes, Student Senate Standing Rules and other University documents shall be amended to read "Speaker of the Student Senate".

SECTION 2. Unless otherwise specifically otherwise provided, all references to "Student Senate Vice Chair" (or similar words) in the KSU SGA By-Laws, Statutes, Student Senate Standing Rules and other University documents shall be amended to read "Speaker pro tempore of the Student Senate".

SECTION 3. All references to "Student Senate Chair" in the Faculty Senate Constitution and By-Laws should be amended to read "Speaker of the Student Senate".

SECTION 4. The Recommendations of the Joint Committee on Officers' Compensation of September 27, 2007, are hereby amended to read as follows:

RECOMMENDATIONS

The Joint Committee on Officers' Compensation (JCOC), by unanimous vote of the members thereof, makes the following Recommendations:

1. In 2004 (as in 1998 and 2001), JCOC recommendations corrected some disproportionalities in dollar amounts for duties and responsibilities of certain officers of the Kansas State University Student Governing Association. This year's recommendations contain adjustments for Speaker pro tempore of the Student Senate Vice Chair and Student Body Vice President and inclusion of all the Standing Committee Chairs (addition of Senate Operations, University Relations and Governmental Relations Chairs).

2. While the method of awarding amounts is recommended to be continued as a predominantly-scholarship award for all delineated officers of the Kansas State University Student Governing Association, there are several increases/inclusions in compensation. Because of the unreimbursed expenses for the Student Body President, the Student Body Vice President, the Speaker of the Student Senate Chair, Speaker pro tempore of the Student Senate Vice Chair and Attorney General in pursuance of the duties, JCOC recommends that the bi-weekly compensation be adjusted to more substantial dollar amounts.
3. JCOC's duties include making recommendations for a three-year period. During the last triennium, the amounts were adjusted annually for a "cost-of-living" increase of 5.0% for each of the 3 school years, with amounts rounded to the nearest dollar. These "COLAs" allowed for annual adjustments of levels of scholarships and compensation, yet they were woefully-inadequate compared to the actual increases in tuition and fees during the last three years. The following table shows the increases in tuition and fees during the triennium:

5. Our recommendations for the next three years contain "cost-of-student living" (COSL) adjustments for all officers. Tuition has increased an average of 12.31% per year during the last three years (which is down from 25.40% per year in the previous triennium). Fees have increased an average of 3.12% per year during the last three years (versus 3.52% in the previous three-year period). Therefore, tuition and fees, established by the Board of Regents, has increased a total average of 11.22% per year during the last three years (compared to 21.53% per year in the previous three-year period).

These recommendations would continue and enhance this COSL as the "index" for the increases in these officer amounts for the next three years. A COSL of 7% is recommended for each of the next three years.

6. JCOC recommends the following scholarships and compensation for eleven student government officers for each of the next three school years (School Years 2008-2009, 2009-2010 and 2010-2011):

7. The substantially-scholarship award system, which would allow for the proper recognition of officers of the KSU SGA while allowing them to receive most of amount through scholarships is strongly recommended to be continued. Allowances for unreimbursed expenses has been recognized through compensation increases for selected officers.

8. The amount of scholarship is recommended to be continued as divided equally for awarding at the beginning of the fall and spring semesters following the officers’ election or appointment to office. No scholarship award shall be made unless the officer is properly enrolled and qualified.

9. The amounts of compensation are recommended to be continued to be paid in equal installments during months the officers are in office, except May, June...
and July. Such payments shall be made beginning with the month of August or after selection and qualification to office, whichever is later.

10. The Joint Committee continues to recognize that certain travel and other expenses items for official business are currently and will continue to be budgeted for officers of the KSU SGA in the Office of Student Activities and Services budget and as allocated by the Student Senate. These items are not affected by this process or by these Recommendations.

11. The Joint Committee recommends that University administration continue to provide gratis parking accommodations for the Student Body President, Student Body Vice President, Speaker of the Student Senate Chair and Speaker pro tempore of the Student Senate Vice Chair.

12. "Zero hour credit" for the following elected and appointed officers of the Kansas State University Student Governing Association is strongly recommended to be continued: All elected officers of the Executive and Legislative Branches, all appointed judicial officers whose appointment is subject to the approval of Student Senate, all Student Senate Interns, all Standing Committee Chairs, all At-Large Standing Committee appointees and all members of the Student Body President’s Cabinet. Zero hour credit would be credited for each fall and spring semester that is served by these persons in these offices. While not giving any hours of credit toward graduation, this system would allow recognition for service to Kansas State University that would be itemized on the University transcript of each student.

RESOLUTION 08/09/83

RESOLUTION IN SUPPORT OF
CHANGES TO THE UNIVERSITY
HANDBOOK REGARDING GENERAL
ISSUES OF FACULTY EVALUATIONS

BY: Amy Schultz, Robert Swift, Kyle Reynolds, Joe Falk, and Na’im Al-Amin

WHEREAS, The 2008-2012 Strategic Plan states that “Kansas State University is committed to providing an outstanding educational experience for all of its students both inside and outside the classroom” and “the university is dedicated to delivering excellent teaching” at K-State;

WHEREAS, The University upholds assessment of student learning and the use of the results of assessment as key strategies to ensure continuous improvement of student learning;

WHEREAS, The results from assessment guide collective actions for curricular change, better learning opportunities for students, improvement of teaching, and more effective academic support services;

WHEREAS, In order to achieve the goals set by the Kansas Board of Regents and K-State’s Student Learning Outcomes, every instructor should receive consistent feedback from students on how to improve their teaching; and

WHEREAS, By allowing students to evaluate their instructors for every course they take, there is a greater opportunity for faculty to receive feedback on their performance both inside and outside of the classroom.

BE IT RESOLVED THAT:

SECTION 1. The Kansas State University Student Governing Association supports the following changes to Section C of the Kansas State University Handbook:

C30.1 Purposes of evaluations. The primary purpose of teaching evaluations is to aid faculty development and foster a commitment to teaching excellence at Kansas State University. Evaluations also play a role in departmental assessment strategies and are used to make personnel decisions concerning annual merit salary, reappointment, tenure, and promotion. Also important to the institution and the faculty member is the use of evaluation procedures to aid faculty development. Therefore, considerable emphasis is placed on evaluations.

C34.1 Student ratings of classroom instruction. In most cases, documentation submitted by faculty members with teaching responsibilities would be considered incomplete and presumed inadequate, unless evidence of teaching effectiveness is included. Student ratings of classroom instruction are an important source of information in the evaluation of teaching effectiveness, provided that the format includes controls for student motivation and other possible bias. The form should contain directions which indicate how the information is used, and the forms should be administered and collected under controlled conditions that assure students' anonymity. Each academic unit should determine the student rating form to be used by its faculty that conforms to the guidelines specified above. Probationary faculty with classroom responsibilities shall be rated by students at least once a year in each course that they teach. Tenured faculty with classroom responsibilities shall have at least one course per year evaluated by the students on the course (unless their department or unit has a policy of evaluating more than one course); however, the faculty member may choose which course will be evaluated. Faculty members with classroom teaching responsibilities ought to include the results of student ratings in the documentation they submit for personnel decisions concerning
Because the number of students engaged in individualized instruction with any faculty member is typically small, units may decide to evaluate individualized instruction on a two-year cycle, or only when evaluations are available from a minimum number of students. Faculty members should be evaluated by students for each course and section they teach each year, without exception, in order to provide themselves and their departments with information pertaining to teaching efficacy as well as provide material for the assessment of the relationships between SLO achievement and teaching. Faculty members engaged in individualized instruction should be guided by the unit's criteria for evaluating such instruction, (See C32.2)

C34.3 A department's policies and procedures may specify that submission of student ratings will be mandatory and further specify the student rating system(s) to be employed for the purposes of making personnel recommendations concerning annual merit salary, reappointment, tenure, and promotion. The university encourages departments to specify in their policies and procedures that submission of all student ratings collected will be mandatory and to further specify the student rating system(s) to be employed for the purposes of making personnel recommendations concerning annual merit salary, reappointment, tenure, and promotion. In such instances, departmental procedures for administering student ratings forms or questionnaires should be standardized in order to minimize extraneous influences when results are compared within a department. Assistance with establishing such procedures is available from the Center for the Advancement of Teaching and Learning.

SECTION 2. Upon passage by the Student Senate and signature of the Student Body President, a copy of this resolution shall be sent to Faculty Senate President Fred Fairchild, Faculty Senate Past President Frank Spikes, Faculty Senate President-Elect Melody LeHew, Faculty Affairs Committee Chair Jim Nichols, members of the Faculty Senate Executive Committee and Provost Duane Nellis.

PLEDGE OF ALLEGIANCE
Chair Schultz led the pledge.

ROLL CALL
47 Senators and 20 Interns were present for roll.

OPEN PERIOD
- Chair Schultz read a statement to the Student Senate Body. Below is the statement which was read to Student Senate during Open Period.

First of all, it is with great respect I address the people sitting in this room tonight and those listening from other areas.

I first want to recognize the Kansas State University Marching Band. The passion displayed by the members of the marching band this week was nothing short of extraordinary. I applaud your efforts and appreciate the attention you drew to a situation student government has been working on for numerous years. Beyond this week, I want to thank you for the number of hours spent rehearsing, performing, and working to enhance not only the K-State Band, but the Athletic Department and the University as a whole.

Next, I would like to recognize and thank Vice President of Student Life Pat Bosco, Athletic Director Bob Krause, Alumni Association President Amy Renz, Vice President of Development at Foundation Mike Smith, Head of the Music Department Gary Mortenson, Director of Bands Frank Tracz, and Assistant Director of Bands Anthony Pursell. The meeting this morning was truly monumental in that this was the first time in history all these stakeholders have come to the table to finally address the funding problems with the K-State Band together. Student government, as well as the band, thanks you for your time dedication not only today, but as we move forward towards a better solution.

It is no secret that the K-State Marching Band plays an integral role in the spirit of our University. As one of the most prized traditions and most valued assets, I now want to reassure the band, the administration, the students, alumni, and friends of K-State, that the Student Governing Association in no way intended for K-State to not have a marching band in three years. I have been at the football games this season in the fourth quarter with the twenty other students still in the stands cheering on the wildcats as the walk off the field alongside our great and proud band. It was not the intent of SGA to drop the funding of the band, but it is important to recognize that the Band has outgrown its current funding methods. The band needs new uniforms, the band needs scholarships for their nationally ranked musicians, and they need more and more instruments and repair for their instruments as their band continues to grow. While SGA wishes they could continue to fund the band in the capacity they need to continue this growth, it is no longer feasible in our budget. We think the band deserves more — it just cannot come from SGA funds.

Beginning over three years ago, there have been discussions about finding outside funding sources for the band. These discussions did not go anywhere since the last time the Privilege Fee was reviewed. The goal of the legislation that was passed out of the Privilege Fee committee on Monday evening was a direct response and statement that SGA wanted to see people come to the table to look at funding for the band. It was not the intention of the committee to leave the band out to dry after three years of phase out funding — we simply wanted our request to be heard. This statement and the overwhelming response for the band allowed the meeting to occur this morning.

It was always the intention of SGA to invite the key people that we did to a meeting to discuss the band. They were
all selected based not only on their commitment and vested interest in the band, but their commitment and vested interest in student government and K-State students. At this historic meeting numerous ideas came forward to discuss long term solutions for funding the K-State Band – funding that would go above and beyond your current budget – funding that would allow for your budget not to be based on the number of students who attend the university, as privilege fees are – funding that would provide more scholarships and new uniforms on a more consistent basis. This type of collaboration is why Student Government has agreed to consider funding the band for the next three years. SGA will consider providing a base budget of $140,000 to the band with the guarantee from these stakeholders that they will work to reduce the Band Privilege Fee at the end of this year. This was agreed upon as the best solution for SGA, for the Band, and Student Government as a whole and I am very excited for the amount of work, yet the success, I am sure will come from these efforts.

Lastly, I want to show my deepest respect and appreciation for 16 members of our student governing association. The privilege fee committee under Chair Stoskopf worked long and hard for three weeks on this agency and they deserve to be commended for taking a stand for students. They knew that there was a better way out there to fund the $146,000 that goes towards the band and they were an integral part in making this a success. I want to thank each of them personally from the bottom of my heart as I know this week has been a rough one for them, as it also has been for many of you.

I will leave you with one final comment as we begin the meeting tonight. In my four years working in K-State SGA, I have been apart of numerous projects, numerous initiatives, and numerous collaborative efforts. The people who are in this organization care deeply about the students of K-State and many of them fight daily on your behalf with administration and faculty, as well as with local and state governments. Although I am one hundred percent in favor of student holding their representatives accountable, you should know that we have been working on behalf of the students this entire time and I will continue to do so through the remainder of my time here at K-State. Without the leadership that is apart of this organization, as well as the impact the band members have made this past few days, the meeting this morning may have never occurred and the band would not be set up for the opportunity to move forward with a more stable and permanent budget.

I wish to thank all who have participated in the process. It has been a great experience and once again proved that this is a student-centered university. The band did not win today, administration did not win today, and student government did not win today. But K-State, our community, our friends, our university – that is truly who won today.

  o Addressed Student Senate about the recent attacks in Mumbai

Good evening. Honorable Senate Chair and members of the Student Governing Association; I hope all of you had a great thanksgiving. The hundreds of people who lost their lives to the terrorist attacks in Bombay and the many more, who were critically injured however, were not all that fortunate. All of you might have heard by now, about the terrorist attacks that ravaged the city of Bombay less than a week ago.

In a carefully coordinated attack that was executed in ten different locations in the City of Bombay by fundamentalist terrorists resulted in the deaths of more than 200 people and injured hundreds more. A gun battle that ensued between the terrorist’s and the security forces of India – an ordeal that lasted for more than 62 hours - ended in the neutralization of 9 and the capture of 1 terrorist. The death toll is speculated to rise over 300 as more and more of those attacked succumb to their injuries. Amongst those killed include citizens of India, the United States, Israel, Canada, Japan, Germany, Australia and France amongst others.

The attack that was perpetrated on Bombay - the financial capital of the world’s largest democracy – symbolizes an attack on the values of democracy and secularism; values that I know all of us here stand for.

Fundamentalist Terror today is a global phenomenon. It affects all of us in one way or another. It is the worst form of hate crime which culminates in violence, destruction and loss of innocent lives – all in the name of religion. In a way the attack on Bombay is an attack on all of us; our ideals, our morals our beliefs and everything else that we represent.

Terrorism does not exist in a vacuum. It thrives amidst weak administrative policies and a callous and apathetic political system. While it is easy to blame bad politics for our problems, it
is imperative that we realize that in a democracy we only get the politicians we deserve. We hold responsibility for the actions of our elected representatives; but we also hold a higher responsibility; a responsibility towards democracy.

I appeal to all of you here – not only as leaders of tomorrow, but also as citizens of a common world; a world that is rapidly changing – to never lose sight of your principles and morals, to stand up for what you believe is right and never hesitate to express your opinion and criticize what you know to be wrong; for loyal dissent is the highest expression of patriotism.

At the same time, it is equally important, that we support our governments in endeavors that we approve of. The world today is ravaged by the terrorist barbarism that threatens to divide us and destroy our way of life. It is time that we stand up and fight for what is rightfully ours. It is time that we execute our fundamental democratic responsibility of expressing ourselves against such mindless violence. For if we fall short of doing so now, tomorrow, we might not have the privilege of doing so. As Sir Winston Churchill rightly said “Courage is the most esteemed of all qualities, it is the one quality that guarantees all others”

Secretary of State Condoleezza Rice who is in India at the moment has condemned the heinous attacks in the city, expressed solidarity with the resilient citizens of Bombay and has reinforced the commitment of the US government to work with India in its ongoing war against terror.

I stand here in front of you today to seek your support in condemning the heinous terrorist attacks in Bombay; I seek your support in expressing solidarity with those innocent people who had to bear the trauma of terrorist carnage and witness the deaths of their loved ones; I seek your support in commending the brave officers of the Bombay Police force and the Indian Military who risked their lives to save those of others; I seek you support in order to pledge our goodwill to the collaborative efforts of the governments of the United States of America and the Republic of India to weed out the ever existential threat of fundamentalist terrorism that threatens to destabilize our world; but most of all, I seek your support for democracy - something that we all just seem to take for granted.

Committed individuals and organizations across Kansas State University are in the process of organizing a Candle light vigil and a Signature Campaign at the Bosco Student Plaza at 6pm tomorrow (i.e. Friday, the 5th of December) to show solidarity with those affected by these attacks and express - publicly – their commitment against terrorism. I humbly seek your cooperation and participation in the same. I would greatly appreciate it, if you would be present for this event and also if you would mobilize your individual resources in generating an even greater support for this cause. Thank you.

STUDENT GOVERNING ASSOCIATION
CONSTITUTION

The students of Kansas State University, united in the belief that the goals of a democratic community can be furthered only by the citizenship habits, attitudes, skills and knowledge acquired through experience and that the degree of student development is likely to parallel closely the extent of responsibility which students carry for their own society, do adopt this Constitution for the Kansas State University Student Governing Association (KSU SGA).

The Chair shall vote only in the event of a tie.
   d. If the allegations are supported by a preponderance of evidence, or if the respondent admits to the alleged violations, the judicial board shall:

1. The hearing board failed to provide a fundamentally fair process, including
   a. Defective notice.
   b. Failure to follow written procedures and rules as outlined in this code.

In the case of a full hearing with appellant, respondent, and any witnesses present, the evidentiary phase of the hearing may be closed unless the respondent requests that the hearing be open, or in cases where there is an overriding interest to the University community. O. The following order of procedure shall be used when the appeal resumes:

2. The appellate board shall uphold the decision of the lower body. The board shall state in writing, the decision, the reasons supporting the decision and the action to be taken.

Q. The decision shall be delivered in person, or through a process by which receipt is certified, to the appellant, respondent, and the judicial board Chair whose decision is being appealed in writing within forty-eight hours of the appeal, review or hearing’s close. The notice shall include the decision, the reasons for the decision, the action to be
taken, and the right to appeal to the University President.

R. In appeals by students found in violation of the Conduct Code, or Residence Hall or Jardine Policy review of the sanction by an appellate board may not result in more severe sanction(s) for the accused student.

S. Written appeal requests of decisions reached by an appellate board must be submitted to the University President by 5:00 p.m. within three class days following notification in writing of the decision. The appeal shall be based solely on the review of the written record. No additional information or documentation shall be presented.    2. A copy shall be retained by Parking Services.
   3. Adjudication of appeals
      a. A copy shall then be assigned to two different Parking Citation Appeals Board members, one of which must be a member of the same University designated category (student or faculty/staff) as the appellant. Appeals from anyone falling outside the categories of student, faculty, or staff shall be distributed randomly.
      b. Assigned appeal copies shall be placed in the respective board member’s packet, located at the Department of Parking Services.
      c. Board members shall pick up their packets when notified by parking services, review appeals, make a judgment whether to reverse or affirm the citation, and indicate their reasoning.
      d. Judgments by Parking Citation Appeals Board members shall be based on the following:
         i. Violation of a KSU Parking Policy
         ii. Extenuating circumstances demonstrated by the appellant.
      e. Following the review and adjudication of all appeals, the packet shall be returned to the Department of Parking Services.
      f. Parking Services shall match the two copies of each appeal and take the following action:
         i. If judgments match, notice of the decision shall be sent in writing to the appellant.
         ii. If judgments do not match, the two copies of the appeal shall be held for final review by the two co-chairs of the Parking Citation Appeals Board.

D. The two co-chairs shall consider the appeal at its next scheduled meeting. At that time they shall review the recorded reasoning of the two board members whose judgments differed. Using the that information, they shall discuss the appeal and make a decision.
   In the event of a tie, the final judgment shall be determined by the Attorney General.
   1. If the citation is reversed, the matter is settled and no further action shall be taken.
   2. If the citation is affirmed, the following shall occur:
      a. Unless new information is present, the appellant shall be required pay the indicated fine within five business days.
      b. If new information or evidence arises, the appellant has five business
days to contact the Department of Parking Services to schedule a
hearing time with the Parking Citation Appeals Board co-chairs. In
notifying Parking Services, the appellant must provide their full name
and citation number to the staff member designated to schedule a
hearing.

c. A stamped copy of the appeal shall be held by the Department of
Parking Services for review by the Parking Citations Appeals Board
co-chairs and the Attorney General at the scheduled hearing.

E. Procedures for the hearing shall be as follows:

1. Failure for the appellant to appear at the scheduled hearing shall result in
   automatic denial of further review

2. The appellant shall be granted ten minutes to state their reasons for pursuing
   further review.

3. The co-chairs may then cross-examine the appellant.

4. Upon conclusion of the cross-examination, the co-chairs and Attorney General
   shall deliberate in private and come to a decision with the Attorney General
   voting only in the event of a tie.

5. The appellant shall be recalled and notified of the decision.

6. The decision shall be final and no reasoning is required.
   a. If the review is in the favor of the appellant, the case is settled and the
      Department of Parking Services shall be notified
   b. If the review is not in the favor of the appellant, he/she shall be
      required pay the indicated fine within five business days.

Chapter 01:
Kansas State University Honor System

01-01  Kansas State University Undergraduate Honor System

01-0101 The Kansas State University Governing Association sanctions the implementation of the Honor System at this University.

01-0102 Any changes made to the Honor System must be approved by Student Senate, in bill form, subject to the approval of the Student Body President.

01-0103 Purpose and Background of the Honor System

In March 1996, several members of the Provost's Task Force on Academic Honesty expressed concern with KSU's existing judicial process for handling breaches of academic honesty. They were worried that the current judicial process would not adequately support a new honor system. Their recommendation was to review the judicial processes of other universities that have honor codes, and draw up a series of recommendations for a new judicial system that could be introduced to the academic community at the same time that a new honor system is introduced. Judicial procedures from institutions such as the University of Virginia, the University of Maryland, Stanford University, University of California-Davis, Texas A&M, and Notre Dame University were examined and used to build a proposed new policy. A new judicial policy, if adopted, would replace the one currently described in the Student Life Handbook entitled "C. Adjudication of Charges of Student Dishonesty" and "D. Punishments and Records of Findings of Dishonesty" (found in the campus phone book on page 8).

A new honor system was developed to create a positive environment on campus that will promote the concepts of academic honesty and integrity. It was the fervent hope of the Provost's Task Force on Academic Honesty that a new honor system would serve as the foundation for a new community of trust that will develop among members of the academic community. It is important to note, however, that a community of trust must be preserved and protected by forthright responses to acts of dishonesty. For this reason, all members of the academic community, both students and faculty, are absolutely encouraged to respond to acts of dishonesty by reporting the event to the newly developed Honor Council. While KSU requires faculty to respond diligently to academic dishonesty, we prefer not to compel students to report acts of dishonesty, instead we trust that students will do the right thing and take the action necessary to preserve their honor system by reporting an act of dishonesty.

All official responses to reports of academic dishonesty will be managed by a new Honor Council, which will be comprised of both students and faculty appointed by their peers from the general academic community. The new Honor Council will only handle breaches of academic honesty, and will conduct hearings and appeals for adjudication. Grading disputes, and other non-academic, behavior related issues will be handled elsewhere by existing KSU systems. The Honor Council will use the long-standing Faculty Senate approved definitions of plagiarism and cheating. The Honor Council will annually review these working definitions and any suggested changes will go through the normal Student Senate and Faculty Senate procedures.

The new judicial approach is a significant departure from the current system in which faculty, department heads, and deans are now burdened with the responsibility of taking punitive action for violations of academic honesty. Sanctions, if required, will be either given to the student directly by the professor or recommended by the Honor Council after appropriate due process. Consistent with the existing policy, faculty are required to file record of all violations of academic honesty. Under the new policy, the report will be filed with the Director of the Honor Council. Therefore, if a faculty member wishes to initially handle the violation themselves, the faculty member must file a notice stating what the violation was, how the matter was resolved, and that the student was made aware of the right to appeal the faculty member's decision to the Honor Council. As is now the case, students retain the right to appeal any faculty member's decision. Those appeals will
now be handled by the Honor Council.

The new Honor Council will be a joint commission of both students and faculty since both are integral elements of the academic community. Students appointed to participate on the Honor Council will be made available from the undergraduate population. Appointed members of the Honor Council will have a variety of responsibilities, depending upon circumstances. One very important responsibility of Honor Council membership will be to advocate the honor system by educating students and faculty regarding potential honor issues or violations. Honor Council members may advise students or faculty reporting potential honor issues or violations. Honor Council members may also be called upon to serve as neutral investigators of the facts involving an alleged violation. Finally, Honor Council members will serve the important role of being panel members during hearings regarding honor violations. To avoid conflict of interest, no Honor Council member will serve as both an investigator and an adjudicator for the same case. There should be an ongoing education/training program to prepare members of the Honor Council to deal with issues such as investigatory techniques, honor system advocacy, and the conduct of due process hearings.

Upon passage of this document from the respective bodies, a Director of the Honor Council will be appointed by the Provost to oversee this honor system. One duty of this Director shall be to work with the new Honor Council members to formalize the policy into an Honor System Constitution. Upon implementation of the Constitution, the Honor Council shall create By-Laws that it will be subject to. All procedures not specified either in the Honor System Constitution or By-Laws shall follow Robert’s Rules of Order, Newly Revised. Impeachment procedures shall be defined in the Honor System By-Laws. The Honor Council shall also subject itself to an annual review process. The results of this review shall be presented to Student Senate, Faculty Senate, and the Provost no later than one month after its completion.

An honor system, with its associated educational support and judicial response systems, requires constant "care and feeding." It is recommended that eventually an administrator, functioning with the Provost's authority, be charged to manage the new honor system. According to the literature, most large institutions with honor systems have a "Director of Honor Systems and Related Judicial Affairs" on staff. "The key value of the administrator is to bring continuity, equity and improved management to the process" (Dannells, 1996). This director would serve as an ex officio member of the Honor Council.

Undergraduate Honor System for Kansas State University

Introduction

Kansas State University is a community of students, faculty, and administrators who come together to learn, work, and grow intellectually. The concept of community is central to our belief in the importance of honorable behavior for oneself and for the community as a whole. This strongly held value of honor and the expectations derived thereof are defined by K-State's Honor System. The Honor System is an assumption of trust which accompanies the student in all dealings with fellow students, faculty, and administrators. The atmosphere of trust grounded in this assumption of honor enables every student to know his or her word will be taken as true and to compete fairly in the classroom.

The acceptance of individual responsibility is essential to our community of trust. The foundation of the Honor System depends entirely upon the willingness of every individual to live up to the standards set by fellow students, faculty, and administration. If we are to enjoy the benefits of a community of trust and integrity which the Honor System fosters, we must hold ourselves to the basic principles of honesty: we must never lie or cheat. In order to safeguard the privileges offered by the Honor System, we must respond forthrightly and proactively with those students who have disregarded the principles of honesty.

II. The Kansas State University Honor Code

The Kansas State University Honor System is defined by the following Honor Code:
A. That as K-State students they will not give or receive aid in examinations; that they will not give or receive unpermitted aid in class work, in the preparation of reports or in any other work that is to be used by the instructor as the basis of grading.

B. That as K-State students they will do their share and take an active part in seeing to it that others as well as themselves uphold the spirit and letter of the Honor System. This includes reporting an observed dishonesty.

III. The Honor Pledge Statement

On all course work, assignments, or examinations done by students at Kansas State University, the following pledge is either required or implied:

“On my honor as a student I have neither given nor received unauthorized aid on this assignment.”

This statement means that the student understands and has complied with the requirements of the assignment as set forth by the instructor.

I. Report of a Breach of Academic Honesty

When a violation of academic honesty is observed by either a faculty member or a student, it will be normal procedure to report the event to the Office of the Director of the Honor System. If the Reporter is a faculty member, they may directly address the violation and then file the appropriate report with the Director. For all cases not initially addressed by the faculty member, the Director will then assign two members of the Honor Council to serve as case investigators. The investigators will be charged with the responsibility of making contact with the Reporter within two class days. If the Reporter, after initial discussion with the investigators, wishes to proceed with the charge, the investigators will inform the Director, in writing, that an honor code violation has been officially alleged. This should be done within two class days (four if class is not in session) after contact with the Reporter. Within another two class days (again, four if class is not in session), the Alleged Violator will be informed of the allegation in writing by the Director, and also be requested to prepare for a visit from the case investigators. Within a reasonable time frame the investigators will visit the Alleged Violator. The purpose of the visit will be to gather facts regarding the case from the perspective of the Alleged Violator. After the investigators complete the fact gathering process, the investigators will make a final report to the Director describing the particulars of the case. From the report, the Director will determine whether to dismiss the case or proceed with an Honor Council Hearing Panel. The hearing, if required, should take place within ten class days of the report of an honor pledge violation.

II. Honor Council Hearing Process

The Honor Council Hearing Panel will hold a hearing to determine whether or not a breach of academic honesty has occurred. The Honor Council Hearing Panel, which will be selected by the Director of the Honor Council, will be composed of six members from the Honor Council, with five voting and one serving as a neutral chair. The voting members will consist of three student and two faculty members. The chair may be either a faculty member or a senior-level student. The investigators of a case may not serve on the Honor Hearing Panel of that same case. The Alleged Violator and the Reporter should attend the hearing. The charge and associated facts of the case will be considered by the Honor Council Hearing Panel. The hearing is not a trial. Formal rules of evidence commonly associated with a civil or criminal trial may be counterproductive in an academic investigatory proceeding and shall not be applied. The Hearing Panel Chair will accept for consideration all matters which reasonable persons would accept as having probative value in the conduct of the Hearing Panel’s affairs. The review of facts will be non-adversarial. Participants and/or witnesses will be questioned only by members of the Honor Council Hearing Panel. Students accused of a breach of academic honesty are required to defend themselves, although they will be afforded the right of having counsel present to serve in an advising capacity only. Character references will not be allowed as part of the proceedings. A majority vote among the Honor Council Hearing Panel will be required to reach a decision. If a situation arises where
an Honor Council Hearing would need to be performed during the summer, that case will be
tabled until classes resume in the fall.

01-0110 III. Criteria for Determining Whether or not a Breach of Academic Honesty Occurred

The evidence considered and a final vote regarding conviction by the Honor Council Hearing
Panel should focus on the following three issues:

A. Did a breach of academic honesty occur?
B. What was the level of intent during the act?
C. What was the level of seriousness of the act? Would acceptance of the act seriously
erode the integrity of KSU’s honor system?

01-0111 V. Appeals Process

If the Honor Council Hearing Panel decides with majority vote that a breach of academic honesty
has occurred or if a student wishes to appeal the decision of a faculty member, an appeals process
is available for the affected student. The student may appeal the decision of the panel on the basis
of substantial new evidence or sufficient ground for good cause. Substantial new evidence is
defined as evidence which was not available at the original trial and which has a direct bearing on
the verdict. This appeal may be submitted within one year from the date of the decision.
Sufficient grounds for good cause is defined as an infringement on the rights of the accused
student because of any irregularities in the way the Honor Council Hearing Panel or faculty
member conducted their business. An appeal of this type must be submitted to the Director of the
Honor Council within fifteen days. A separate six member appeals board impaneled from the
Honor Council by the Director would consider the issue. Faculty members who believe that the
proceedings were not properly conducted may also appeal the decision within fifteen days. The
period of appeals is one year from the date of the decision.

01-0112 VI. Records

All hearings should be taped, and kept as permanent record if a finding of violation is handed
down. All proceedings will be kept confidential and subject to the provisions of the Family Rights
and Privacy Act. Violations of confidentiality are grounds for dismissal as an Honor Council
member. For those decisions handed down by individual faculty members, records of the case
shall be retained in a central file by the Honor Council. As with the current system, those files
will be available for consultation only by authorized parties if subsequent need arises.

01-0113 VII. Punishment for Findings of Dishonesty

If the Honor Hearing Panel finds that an attempt or breach of academic honesty did occur, it shall
recommend an appropriate sanction, which will ordinarily be acted upon by the respective Dean.
The normal sanction for the Honor Council Hearing Panel and for faculty members shall be a
grade of XF in the course. An XF would be failure of the course with the X on the transcript
indicating failure as a result of a breach of academic honesty. The Honor Hearing Panel and
faculty members may also recommend a lesser or more severe sanction. Generally, acts involving
advance planning, falsification of papers, collaboration with others, or some actual potential harm
to other students will merit a severe sanction, i.e., suspension or expulsion, even for a first offense.
An attempt to commit an act shall be punished to the same extent as the consummated act. The
Honor Council will specify in their Constitution and/or By-laws whether or not an XF may
ultimately be replaced with an F and what the criteria for the expungement shall be.

01-0114 VII. Appointment of Honor Council Members

A. Student Members

Undergraduate students wishing to represent their college will apply to the Student Body President
no later than the third week of February. The Student Body President will appoint two students
from each college to serve on the Honor Council. Since the College of Arts and Sciences is larger
relative to other colleges, the Student Body President will appoint three students to serve on the Honor Council. All appointments will be made before the current term of the Student Body President ends and confirmed by the current Student Senate. Student terms will be for approximately two years beginning at the end spring semester in which they are appointed and concluding at the beginning of the respective summer semester. Students must have completed two full semesters of study at Kansas State University and be in good academic standing to be eligible to serve on the Honor Council. For the first year of implementation, half of the students appointed will be designated for one-year terms upon the discretion of the Student Body President, creating a staggered appointment process. Student members either appointed to one-year terms in the first year of implementation or finishing partial terms may be appointed for a full two-year term consecutively. All members appointed will participate in a training process to be planned by the Director of the Honor Council. No member of the Honor Council may serve two consecutive full terms.

B. Faculty Members

Faculty wishing to represent their college will apply to the Provost no later than the third week of February. The Provost, in consultation with the respective deans, will appoint two faculty members from each college to serve on the Honor Council. All appointments will be made no later than the third week of March. Since the College of Arts and Sciences is larger relative to the other colleges, the Provost will appoint three faculty members to serve on the Honor Council. Faculty members will serve two year terms. For the first year of implementation, half of the faculty members appointed will be designated for one-year terms upon the discretion of the Provost, in consultation with the respective deans, creating a staggered appointment process. Faculty members either appointed to one-year terms in the first year of implementation or finishing partial terms may be appointed for a full two-year term consecutively. All members appointed will participate in a training process to be planned by the Director of the Honor Council. No member of the Honor Council may serve two consecutive full terms.

C. Vacancies

If an Honor Council member resigns, the position will remain vacant until an appointment is made to fill that term. The appointment will be for the remaining portion of the term, which will expire normally as to preserve the natural continuity of a staggered appointment process.

[Passed by Student Senate on January 23, 1997 as SB 96/97/76. Subsequently amended on March 13, 1997 with SB 96/97/139; and December 4, 1997 with SB 97/98/78.]

[Passed by Student Senate on April 1, 1999 as SR 98/99/59.]

01-03 Honor & Integrity System Investigation and Adjudication Procedures (Formerly Honor System Bylaws)

01-0301 Kansas State University has an Honor & Integrity System based on personal integrity, which is presumed to be sufficient assurance in academic matters that one's work is performed honestly and without unauthorized assistance. All full and part-time students enrolled in undergraduate and graduate courses on-campus, off-campus, and via distance learning, by registration in those
courses, acknowledge the jurisdiction of the Honor & Integrity System.

A. Purpose
The Investigation and Adjudication Procedures have been developed for the purpose of administering the Kansas State University Honor & Integrity System. As set out in Article X of the Honor & Integrity System Constitution, the Investigation and Adjudication Procedures were approved by the Honor Council, Student Senate, and Faculty Senate in 2006 and are subsequently subject to periodic review by those three governance bodies at 5 year intervals beginning in 2010. Interim revisions to the Investigation and Adjudication Procedures may be made upon approval by a 2/3 vote of the Honor Council and upon approval by the Provost. The Investigation and Adjudication Procedures must be posted at the Honor & Integrity System website (http://www.k-state.edu/honor) and updated regularly.

B. Reporting Honor Pledge Violations
Faculty and students report violations of the Honor Pledge to the Honor & Integrity System Director by filling out the Honor & Integrity System Violation Report form available at http://www.k-state.edu/honor. When the report is made by a student, the Director will consult with the faculty member who is the instructor of the course about filing an Honor Pledge Violation Report.

Faculty members are urged to report the alleged violation to the Office of the Honor & Integrity System when:

a. the faculty member alleges a violation and imposes an academic sanction, (An academic sanction is any action that would lower a student’s grade on an assignment.)
or b. the faculty member alleges a violation and requests an investigation. The case investigation concludes once a decision has been made as to whether there is sufficient information to proceed to the adjudication stage.

Faculty members who allege an Honor Pledge violation need not report an alleged violation to the Office of the Honor & Integrity System when:

a. a faculty member alleges a violation and issues a warning but imposes no academic sanction;
or b. a faculty member alleges a violation, issues a warning, provides the student an opportunity to correct the transgression, but imposes no academic sanction;
or c. a faculty member alleges a violation, issues a warning, provides an opportunity for the student to redo the assignment or take the exam again, but imposes no academic sanction.

Honor Pledge Violation reports shall be submitted to the Honor & Integrity System Director within twenty (20) class days of the violation or of the discovery of the violation. In certain situations, it is acceptable for a verbal notification to be given within the notification period. This situation might occur when a faculty member is conducting an internal investigation. A written report must follow the verbal report within a reasonable amount of time.

Faculty members have two options for filing an Honor Pledge Violation Report. Option One allows the faculty member to conduct her/his own investigation and identify the specific sanction for the violation. In this situation, Alleged Violators may contest only the allegation. If they do so, the case is turned over to the Honor & Integrity System for investigation and adjudication. Option Two allows the faculty member to turn the case directly over to the Honor & Integrity System for investigation and adjudication. The faculty member may recommend a sanction. Alleged Violators may contest the allegation and propose an alternate sanction during the adjudication phase, but the Honor & Integrity System Hearing Panel makes the final determination of the sanction.

Once a report has been filed by the faculty member, hereafter referred to as the Faculty Reporter, the Director notifies the Alleged Violator(s) of the allegation, of the right to contest the allegation, of the right to review the Violation report, and of the right to contest the allegation. The Faculty Reporter and the Alleged Violator are encouraged to resolve the issue prior to proceeding to the investigation process. If the issue is resolved, a report of the agreed upon resolution
is filed with the Office of the Honor & Integrity System. If the matter is not resolved, the Director initiates a case investigation.

C. Investigating Honor Pledge Violations

When the Director initiates a case investigation, the Associate Director appoints a member of the Honor Council or the Honesty & Integrity Peer Educators (HIPE) to serve as an Advisor to the Alleged Violator during the investigation and adjudication process, if the violation proceeds to adjudication. The Alleged Violator may at any time appoint someone else to serve as his/her Advisor, by notifying the Director.

The Faculty Reporter may, in consultation with the Director, withdraw the allegation at any time during the investigation process. Such withdrawal will cause the investigation to be terminated. In the event that a report is withdrawn, the Director shall ensure that all documentation is sealed and retained in the Office of the Honor & Integrity System.

The Director appoints two members of the Honor Council (one faculty and one student) to serve as Case Investigators. If the Alleged Violator is a graduate student, the student Case Investigator is a graduate student and the faculty Case Investigator is a member of the Graduate Faculty.

The Director arranges for the Case Investigators to meet separately with the Faculty Reporter and the Alleged Violator to review the Violation Report and other relevant information to determine if it appears an Honor Pledge violation has occurred. If needed, the Director arranges a meeting between the Case Investigators and any witness(es) as part of the investigative process.

During the course of the investigation the Alleged Violator is advised not to contact the Faculty Reporter to discuss aspects of the case. In the same manner, the Faculty Reporter is advised not to discuss the case with the Alleged Violator. Normal academic contact is permitted, however. In the event that the Director feels the need to protect the Faculty Reporter, Alleged Violator, or any witnesses involved in the investigation, the Director may take appropriate steps to protect the integrity of the process.

The Case Investigators submit a report to the Director that concludes whether there IS or IS NOT sufficient information to proceed to an adjudication hearing. If the Case Investigators conclude that there IS NOT sufficient information to proceed to a hearing, the Director notifies the Alleged Violator and the Faculty Reporter that no further action will be taken. The records are sealed and retained in the Office of the Honor & Integrity System. If the Case Investigators conclude that there IS sufficient information to proceed to a hearing, the Director informs the Alleged Violator and the Faculty Reporter and appoints an Honor Council Hearing Panel.

D. Adjudicating Honor Pledge Violations

When an Honor Pledge violation has proceeded to the adjudication stage, the Director appoints a panel of six members drawn from the membership of the Honor Council. Each panel consists of five voting members and one non-voting chairperson. If the Alleged Violator is a graduate student, student members of the hearing panel are graduate students and faculty members are members of the Graduate Faculty. The Director appoints the chair, alternating in successive cases between a faculty member and a student member of the Honor Council. Voting membership of hearing panels consists of three students and two faculty members.

Hearing panels are normally convened within ten class days of the conclusion of the investigation. During the summer as well as January, May and August Intersessions, the Director may postpone Honor Council hearings until the beginning of the subsequent fall or spring semester. At the request of the Alleged Violator, the Director can convene a Special Hearing Panel whose make-up may deviate from that prescribed in this document
in order to facilitate resolution of an alleged violation delayed by either Intersessions or
the summer. Those notified of the date, time, and place of the hearing are the Alleged
Violator and the HIPE Advisor, the Faculty Reporter, the Case Investigators, and any
witnesses.

In preparation for the hearing, the Director prepares copies of all necessary
documentation required by the Hearing Panelists, Faculty Reporter, and/or Alleged
Violator. A copy of the Case Investigation Report and supporting documentation will be
made available to the Alleged Violator and Faculty Reporter at least three (3) class days
prior to the hearing date. The Alleged Violator will sign a record of notification
acknowledging that he/she received the information and will honor expectations of
confidentiality.

Alleged violations filed under this policy are confidential and should not be disclosed to
anyone who does not have a need to know. The University cannot guarantee absolute
confidentiality because the University is obligated to investigate complaints. Supervisors
and administrators are obligated to keep complaints confidential and protect the privacy
of all parties to the extent possible consistent with preventing future acts of academic
dishonesty, providing a remedy to persons injured and allowing Alleged Violators to
reply to a complaint if any disciplinary action is anticipated. Alleged Violators as well as
student witnesses are similarly bound by this expectation of confidentiality. Complaint
information may be disclosed to state or federal anti-discrimination agencies for
investigations and during litigation.

At the hearing, the Alleged Violator represents himself/herself. During the hearing, the
Alleged Violator may consult as necessary with his/her Advisor. Voluntary failure by the
Alleged Violator to appear before the Hearing Panel neither halts nor interrupts the
proceedings.

The Director prepares the hearing panel script to be followed during the hearing. The
script includes a specific sequence for introducing information by each of the involved
parties. The Faculty Reporter, Alleged Violator, and Case Investigators are to inform the
Director of any witnesses to be introduced during the hearing at least 3 class days prior to
the scheduled hearing. The script is read by the Hearing Panel Chair.

The Hearing Panel Chair accepts for consideration all information that reasonable
persons would accept as having evidentiary value during hearing panel proceedings.
Character witnesses and personal references are not permitted. Formal rules of evidence
are not applied.

Whether an Honor Pledge Violation occurred is determined by a simple majority of the
five voting members on the Hearing Panel.

The decision of the Honor Council Hearing Panel is reported to the Director, who then
notifies in writing the Alleged Violator, Faculty Reporter, the Faculty Reporter’s
Department Chair or Head, and (in the event there is a sanction of XF) the Dean of the
Faculty Reporter’s and Violator’s College of the Hearing Panel’s decision. In a case
involving a graduate student the Director will notify the above individuals as well as the
Dean of the Graduate School and the student’s Graduate Program Coordinator. If the
hearing Panel determines that a violation of the Honor Pledge occurred, it imposes or
upholds the appropriate sanction.

All hearings are recorded and kept as part of the permanent record of the adjudication
procedures. Records are confidential and subject to applicable privacy laws. Records are
made available to authorized parties upon the determination of the Director.

E. Sanctions

The standard sanction for an Honor Pledge violation shall be the assignment of an XF on
the student’s transcript. The XF denotes failure in the course due to academic dishonesty – an Honor Pledge violation. If a sanction includes an XF, the Director shall contact the Registrar’s office and authorize the grade of XF when:

a. the Violator does not contest the allegation, or
b. the case has been adjudicated, the hearing panel has issued a sanction, and the Violator chooses not to appeal the Hearing Panel’s decision, or
c. the time period for contesting the violation has expired and the Violator has failed to contact the Director.

When the appeals process is initiated immediately following the hearing, the Director shall postpone the grade change until such time as the appeals process is resolved.

If a sanction includes the requirement that the Violator complete the Development and Integrity course, described at the Honor & Integrity System web site <ksu.edu/honor>, the Faculty Reporter records an Incomplete for the course grade. If the Violator fails to successfully complete the Development and Integrity course in two semesters, then the Associate Director authorizes the Registrar to change the Incomplete to an XF. If the Violator successfully completes the Development and Integrity course, then the Associate Director contacts the Faculty Reporter who then replaces the Incomplete with the final grade earned in the course.

The Hearing Panel may deviate from the XF grade sanction and consider any of the following sanctions for violations of the Honor Pledge:

a. A failing grade for the assignment in connection with which the violation of the Honor Pledge occurred
b. A requirement to complete the Development and Integrity course prior to receiving a final grade in the class in which the Honor Pledge violation occurred
c. Recommendation to the Provost that the student be suspended from the University
d. Recommendation to the Provost that the student be expelled from the University
e. Other appropriate educational sanction such as community service

In the event that an Honor Pledge Violation report cannot be resolved prior to the end of a semester, the Faculty Reporter records an Incomplete until such time as the alleged violation is resolved. The Honor & Integrity System Director will make every effort to resolve these conflicts prior to the end of the semester but does have the right to postpone the Investigation and Adjudication process during Intersessions and summer semesters.

F. Appeal of a Hearing Panel Decision

Appeals are to be based on procedural irregularities or substantial new information. Appeals based on procedural irregularities must be presented in writing to the Director within 15 days of an Honor Council Hearing Panel decision. Appeals based on substantial new information must be presented in writing to the Director within one year from the date of the Hearing Panel decision. The Director determines whether an appeal based on substantial new information or procedural irregularities might have impacted the investigation or adjudication procedure. Following this determination, the Director may:

1. reconvene the Hearing Panel to hear new information, or
2. appoint a new Hearing Panel and conduct a new hearing, or
3. appoint new Case Investigators and a new Hearing Panel, or
4. take such other action as the Director feels appropriate.

The Director then notifies the Faculty Reporter and Alleged Violator in writing of the decision and the process to be followed.
G. Conflict of Interest

Members of the Honor Council involved in the investigation or adjudication procedures of a case will immediately notify the Director of any conflicts of interest. The Director may remove an Honor Council member from the investigation and adjudication process if sufficient information exists to support a conflict of interest.

02-0104 Add under "Academic Dishonesty", IV, C and downnote current C to D:If after three years from the finding of guilt, and upon petition of the Undergraduate Grievance Committee by the affected student, the committee will consider whether the subsequent conduct of the affected student warrants removal of the previous record of misconduct. The committee may order the record of misconduct expunged if they feel it is warranted.

[Passed by Student Senate on March 23, 1989 as SB 89/16.]

02-02 General Academic Policy Statement

02-0201 The time for student involvement in the educational process is now at hand. In this critical time the educational process at Kansas State University will continue to advance only when all members of our academic community determine together objectives and programs based on responsible cooperation. Interaction in the educational process must come from all sectors involved, in order to maintain the concept of higher education and preserve the quality of freedom of thought and educational involvement.

02-0202 Higher education must submit to valid criticism and introspection, in order to maintain a quality of honesty and a responsiveness to the needs and desires of those involved in the academic process.

02-0203 An institution remains dynamic only when all are interested and involved in its growth and development. The university that does not submit its educational system to detailed inspection will only perpetuate and solidify archaic techniques of education, which can only result in a distortion of the academic process.

02-0204 In view of the passage of the Joint Statement on Rights and Freedoms of Students and the University and Controversy by faculty and student senate, we do foresee a definite challenge and obligation to become a complete and primary part of all educational interests. We as student have sometimes ignored this challenge but even more often have been denied it. A good campus climate is one that fosters frequent self-criticism, therefore faculty members and administrators should not attempt to restrict the constructive ideas, innovations and opinions of students.

02-0205 It is not only in the students interests that the educational system should inspected and improved, but it is also his responsibility to provide critical judgment and to also act as the force of change to reorient the direction of higher education.

02-0206 At Kansas State University the initial action has started and has been implemented by the students, faculty and administration, as it well should be in a true university community. Students must contribute in all areas of common concern through direct and equal participation with faculty and administration because we do not foresee a dynamic Kansas State University if we are to perpetuate the present status quo. A start at Kansas State University is not sufficient since it only points out, how far we have yet to go and the tremendous amount and work we have yet to do to
reorient the educational process to the future stimulation and involvement of the students, faculty, and administration.

**02-03 Protection Against Improper Academic Evaluation**

02-0301 Students should have protection through orderly procedures against prejudiced or capricious academic evaluation. At the same time, they are responsible for maintaining standards of academic performance established for each course in which they are enrolled.

The remaining funds will be distributed as 50% in the fall semester and 50% in the spring semester. Any unspent funds set aside for K-State Open House will revert back to the committee’s remaining budget after all applicable funding legislation has been signed by the SGA Treasurer.
   c. In the event of excess funds remaining at the end of fall semester, that surplus will be transferred into the balance of the spring semester.
   d. Any funding requests for projects occurring during the period of July 1–December 31 will be considered from the fall semester’s budget. Any funding requests for projects occurring during the period from January 1–June 30 will be considered from the spring semester’s budget.
